13c

Wall Paper

More clearing lots added to our former selections. We give you quite a choice on Tuesday and Wednesday at

4c

BOY KILLED BY ELEPHANT

Young Italian Crushed
During Circus Parade in
Buffalo

Died A Few Minutes After
He Was Admitted
To Hospital

Buffalo, June 11.—Gasquale Tignaturo, an Italian, 13 years of age, was fatally injured by an elephant, part of a circus parade which passed up Main street yesterday. The boy died a few minutes after his admission to the General Hospital.

Archie Dunlap, in charge of the elephants, was arrested, and is held on an open charge.

Reports are conflicting as to just how the boy met his death. One report has it that the forward elephant reached out with his trunk and dragged the boy into the street, where he was stepped on by one of the elephants.

Another report says the boy attempted to pass between the first and second elephants, fell, and was stepped upon by the second one.

Dunlap was afterwards released.

Police Stop Procession.

Touring, France, June 11.—The first organized attempt of the clergy to hold a street procession since they were debarred from so doing by the church and state separation law took place here Sunday, and was promptly suppressed by the police.

CARP ARE VEGETARIANS

Mr. A. C. McKay Tells Of
Strange Fish Antics
At St. Luke's

Joe Dumas Had To Put Up
Wire Fence To Protect
Garden

Messrs. A. C. McKay, Wm. Gordon, N. H. Stevens, Dr. J. W. Rutledge and Ed. Messer recently spent a short time out at St. Luke's Club, making preparations for the coming summer outings at this popular resort.

Mr. McKay brought back with him what is undoubtedly the prize fish story of this season—one which has all the alleged experiences of George Hayward, Vital Goodreau and Doc Russell sorely faded. Never since Dr. Russell met the big fish on one of the sidewalks in Merline some years ago, has there been again that can come near the fish antics which Mr. Mac tells of.

"You didn't know that carp are great vegetarians," remarked Mr. McKay this morning. "Well, while I was out at St. Luke's I saw absolute proof of it, and that they are particularly fond of nice green onions."

"While the party were making a trip of inspection around the club grounds the other day, I noticed that Joe Dumas who lives on some of the club property, had a high wire fence around a little garden he has planted near the lake. Of course we were anxious to know why he had fenced in any of the club property, and we asked him the reason. He told us that he put up the big wire fence to keep the lake carp from his vegetables, and we afterwards discovered that what Joe told us was absolutely true."

"Say, as soon as everything got quiet out there in the evening those carp would start out on their quest for plunder, and Joe's garden being handy it was always the first place visited. In the morning he would wake up to find a large quantity of onions and other small vegetables were missing. One night he stayed up and caught the thief fish at work. They appeared to have a regular bee on, and they were carting away Joe's vegetables by the bushel."

"Joe thought he would get ahead of the carp, so he put up a low fence in front of the garden. But it was no use; the small, slender fish would climb over the fence, and the big, fat fellows would go around to the back. So that was how Joe came to put the high wire fence around the garden. On moonlight nights the fish still have a habit of coming up, and as they peep through the wires cast hungry glances at all Joe's good vegetables which they can't get at."

"Some people have an idea that all fish die when they are out of the water for a short time, but they are in error. The carp live for hours out of water. Of course, if he is out a long time he naturally becomes faint, but he soon revives after he gets back to the wet again."

To-day only is yours.

MONEY MARKET IS TIGHT RATES OF INTEREST GO UP

The Planet has it from a private, but quite reliable source, that the rate of interest on corporation debentures have jumped in many of the Canadian banks from 4-4 per cent. to 5-1-4 per cent.—quite a substantial increase, which will be felt by Chatham and other cities which have large debentures to meet.

There has been some inquiry as to how it is that the banks are boosting their rates to corporations, etc., while they are only paying 3-4 per cent. to depositors. The money market the world over, and especially in Canada, is tight just now, on account of the immense development going on, and banks and their financial institutions are in an independent position, where they can charge almost any rate they please for the carrying of liabilities, no matter how gilt-edged they may be.

ADDED ANOTHER TRAIN

(From Our Own Correspondent.)
Blenheim, June 11.—The Pere Marquette Railway has added another train to the Erieau service, which ran for the first time yesterday morning, and which will make it more convenient for those going to and from the Eau. It would be better still if they could see their way to arrange for an evening train, as there are a large number of those who go down to their cottages who cannot get away from their offices until nearly 6 o'clock.

SEVEN CRIMINAL CASES

The June Sessions open in County Court this afternoon. Judge Bell will address the Grand Jury, and the criminal cases will be tried before Judge Dowlin. The docket is as follows:

One County Court criminal case before the County Judge; King vs. Lynn.

Three cases against Vincent Connell, an hotel-keeper, of Dresden, charged with receiving stolen goods.

One case against Herbert Bowers, of Wallaceburg, charged with theft.

One case against Thomas Smale, of Dresden, charged with theft.

One case against John McIntosh, of Dresden, charged with theft.

One case against Oliver Turcott, of Wallaceburg, charged with indecent assault.

DEATH OF MRS. SUITOR

The death of Susan Sutor, wife of Jas. Sutor, 101 St. Con. St., after a short illness.

Deceased was 60 years, 2 months and 7 days old, and has been a resident of Raleigh for many years.

The funeral will take place on Thursday at one o'clock. Interment will be made in Maple Leaf Cemetery.

The family have the sympathy of the entire community in their sad bereavement.

"A" COMPANY WON

An interesting game of indoor baseball was played in the Armory last night between "A" and "C" Companies.

"C" Company has a crack team, which never had been beaten before, but they ran up against it rather hard last night. The final score was 19-15 in favor of "A" Company.

The following were the players and the score:

W. Company—Smith, McAgly, Fitzgerald, Ogilvie, Thurston, Marshall, Clark, Lawson, Dupuy—19.

"C" Company—Gilles, Morley, Gutteridge, Wightman, Jenks, Briscoe, Arnold, Bell, Rutledge—15.

Shot While Fishing.

Kingston, N. Y., June 11.—While shooting fish in Sawkill Creek, in company with Horace Boyce, Fred Meyer was accidentally killed.

The men were using a double-barreled shotgun and a small rifle. Boyce was passing the guns to Meyer when the shotgun was accidentally discharged.

Seamen's Strike a Failure.

London, June 11.—The seamen's dispute at Glasgow has narrowed into a conflict between the union and the owners of the North American Lines. So far the men have had little success, the Allan and Dominion liners obtaining crews without difficulty.

Terrorist Attempts Suicide.

St. Petersburg, June 11.—A terrorist named Cherman, alleged to be implicated in the recent plot against the life of Emperor Nicholas, attempted to commit suicide yesterday in a nearby suburb.

Customs Collectors Named.

Ottawa, June 11.—M. L. E. Hudson, Ottawa, is appointed deputy collector of inland revenue, class A, in the Montreal office. W. B. Robertson of St. John, N. B., is gazetted a preventive officer.

Was Lover of Birds.

London, June 11.—Prof. Alfred Newton, M.A., F.R.S., the authority on birds, is dead. He was the pioneer in Great Britain in legislation for the protection of birds.

THIS GIRL TURNED A DARK BLUE

Allegheny, Pa., June 10.—The skin of Mary Coffey, 19 years old, employed in the Allegheny General Hospital, is dyed a deep lavender color from head to foot, and the physicians are making a strenuous effort to save her life. The case is baffling them, and it is feared she will die.

The young woman about two weeks ago attended an outing, wearing a new pair of shoes. She scuffed the footwear, and in an effort to restore them, used a quantity of indelible ink, which she thought was shoe polish. After wearing the shoes for several days thereafter, she noticed that her feet had been dyed a deep purple, but did not say anything to those employed with her. After making this discovery, she found the coloring was gradually spreading over her entire body.

Tuesday other girls in the laundry noticed a peculiar color in Mary's face, but she only laughed when an inquiry was made. At night she was taken seriously ill, and the physicians noticed her plight. Upon being pressed, the girl told the story. The physicians have found that the coloring used upon the shoes has been absorbed through the skin on the feet, and, by the blood, has been carried through the entire body.

A COMPLICATED CASE

Mr. Twigg, the husband of Elizabeth Twigg, who had Peter Johnson up in Police Court yesterday afternoon, charged with calling her a number of low, insulting names, was a caller at The Planet office to-day. Mr. Twigg objects to the remark credited to Reginald Lamped, where the latter in his evidence "admitted having mentioned that the girls in the King street house were sporty."

Mr. Twigg says that Lamped could not have meant his house, as no such person frequent his place on King street.

As was stated in yesterday's issue, the evidence in this case was so complicated and unsatisfactory, that even the Court had difficulty in making anything definite out of it, and Lamped was particularly excited when he was giving his evidence.

The case was a disgusting one, and many of the more unsavory features were omitted from yesterday's report out of regard for our readers.

SMOKING PROHIBITED

Henceforth there will be no more smoking in the County Council chamber, while that body is in session—at least not while Warden Somers occupies the chair.

At the last meeting of the June sessions, held Saturday afternoon, the Warden put himself on record as regards smoking during the Council proceedings, and said that it must not be continued at future sessions.

While the Warden was speaking he looked in the direction of the seat occupied by Councillor W. H. Crawford, the handsome member from Tilbury village, whose fondness for black Havannas kept the air heavy with fragrant clouds during dull hours in the meetings.

Some of the other members who had indulged in the weed now and then also shifted guiltily in their seats while the Warden was speaking.

In order to get back at the Warden, some of the members at the next session prohibiting the chewing of tobacco during proceedings.

Reduced rates to Detroit and return, going every Saturday and Sunday, returning up to Monday night, was \$1.60, is now \$1.50; C. P. R. are also making rate of \$1.00 going every Thursday, good to return until following evening. For further information ask C. P. R. ticket agent, corner of King and Fifth streets.

Geo. E. Clark, who has been in charge of the City Drug and News Company's drug department for the past two years, severs his connection with that company on Saturday, to go on the road with a pharmaceutical line for Nelson, Baker & Company, of Detroit. He will travel in Arkansas.—Mt. Clemens Daily Leader.

IMPORTANT CONVENTION

Catholic Order of Foresters
Are Meeting Here This
Week

Street Parade Held This
Morning—Boat Trip
This Afternoon

It is seldom that the Maple City has had the honor of entertaining such a handsome and intelligent body of men as the Catholic Order of Foresters, who are this week holding the sessions of their Provincial Court in Chatham. The business sessions were opened this afternoon at two o'clock, with about 400 delegates in attendance.

All day yesterday the delegates were coming into the city, and it was with difficulty that sufficient accommodation could be provided. The local Order, however, had taken every possible precaution in looking after the comforts of their guests.

The city is very beautifully decorated in honor of the distinguished visitors, which is much to the credit of the merchants, many of them having gone to considerable trouble and expense.

This morning the delegates assembled on Fifth street and formed into a street parade. Headed by the 24th Regimental Band, they marched through some of the principal streets of the city, and arrived at St. Joseph's church, where Mozart's 12th Mass was sung. Several prominent singers from Detroit assisted in this service, which was one of the most impressive and pleasing features of the day.

This afternoon a business session is being held until four o'clock, when the delegates will enjoy a trip down the river to the lake on the steamer City of Chatham.

Mayor Stone will give an address of welcome this afternoon.

BIG PICNIC FOR THE PERE MARQUETTE

A general committee meeting to make arrangements for the Pere Marquette employees picnic was held in Chatham Saturday evening, at which the following were present: President C. F. Shoemaker, D. Bilsdon, G. W. Cook, C. H. Humphrey, C. F. Spittler, Ed. McCarthy, St. Thomas, and W. M. Hood, A. H. Skirving, F. Sharps and Wm. Turtle, Chatham. It was stated that Mr. J. S. Peatt, superintendent Buffalo Division, consents to the picnic being held at Chatham on Saturday, July 20th, and he will do everything possible to make the day an enjoyable one. A much larger crowd than was at the two previous picnics is assured, and the several committees are working energetically completing arrangements to make the outing a thorough success. There will be several novelties in the way of sports, and it is to be hoped the weather man will in no way mar the day's program. Everybody welcome.

It's too bad to see people who go from day to day suffering with physical weakness when Rocky Mountain Tea would strengthen them. Tea or Tablets 35 cents.
