## Mooney's Perfection Cream Sodas

Mooney's Biscuits are an evenly balanced, wholesome, nourishing food, equally good for young and old. Made from Canada's finest wheat flour, rich cream and pure butter. Baked by the Mooney baker in the Mooney way.

Say 'Mooney's' to your grocer.

**Th. Best They Could Do.** Rich Uncle—Well, Annabel, have you named the baby for me? Young Wife—No, Uncle James, but we have come as near to it as we can. We call her Jimma.

Childhood has no forebodings, but then, it is soothed by no memories of untold sorrow.

## THE THIN MAN'S DANGER.

He can't resist disease germs, that's why he's such a mark for consumption. In this land of plenty, thinness is wickedness, especially when it's so easily overcome with Ferrazone. This remarkable tissue-builder makes you fat quickly; it does so by forming blood that's rich, nourishing and health-giving. Ferrazone supplies the nutrient needed by worn-out nerves, rapidly constructs muscle and fatty tissue. The form fills out, the cheeks redden, proving that weight is being added. To be well and stay well, use Ferrazone. Fifty chocolate-coated tablets in a box for fifty cents or six boxes for \$2.50 at all dealers.

**Working the Old Man.** "Do you think her father will give his consent?" "Sure! I've been playing poker with him once a week for the last six months and letting him win. He'll feel like he has been offered a pension when I ask him."

## THE WORST OF A COLD

Is how suddenly it comes. No time to hurry to the drug store, croup develops, the lungs are affected with pneumonia or tuberculosis, and it's too late. Keep Catarrhazone on hand—it kills colds instantly. Something magical about the way it cures Catarrh and Bronchitis. Catarrhazone is the best remedy because it cures in nature's way; it heals, soothes and restores permanently. Carry a Catarrhazone Inhaler in your pocket, use it occasionally and you'll never catch cold—that's worth remembering.

**Changed Position.** Fielding—How time changes a man! There's Battser. A dozen years ago he was so engrossed with the teams on the diamond that he cared for nothing else. Now all his thoughts are centered in his family. You know he has a wife and eight children. Rhums—Well, that isn't so much of a change. He has simply transferred his interest to his home.

**HALF-SICK PEOPLE.** The world is full of them. Just sick enough to be lazy and listless; to have no appetite; to sleep poorly. Quite often you're half-sick yourself. Changes are the trouble—in the stomach and bowels. Best prescription is Dr. Hamilton's Pills; they tone up the entire system, strengthen the stomach, elevate your spirits, and make you well in one night. Dr. Hamilton's Pills work wonders with people in your condition. Mild in action effective and easy to take. Get Dr. Hamilton's Pills to-day, 25c. per box at all dealers in medicine.

**The Bengal Grosbeak.** The Bengal grosbeak builds a nest shaped like a bottle and always selects for its support a long, thin limb overhanging a stream of water. The entrance is beneath, and, from the situation and peculiar shape, it is absolutely impossible for a snake to gain admission to the nest. One naturalist records seeing fourteen attempts on the part of serpents to get at the nest, but the hungry snakes always fell off into the water.

**COULD NOT BE BETTER.** The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. I couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by all druggists.

## INSURANCE A CHARITY.

Mutual Company Not Founded to Make Money For Policyholders But a Great Philanthropic Enterprise.

New York, N.Y., Oct. 11.—The sessions of the insurance investigating committee were terminated for the week at the adjournment yesterday, because of the death of S. Fred Nixon, speaker of the Assembly, at his home in Westfield, just about the time the committee was adjourning for the day. Sir Richard John Leng, member of the British Parliament was a guest of the insurance investigation committee at its sessions yesterday.

The first witness was Robert O. Gillette, chairman of the expenditure committee of the Mutual Life Insurance Company. From him it was expected to learn what became of \$75,000 charged to legal expenses. The Mutual Life maintains a confidential fund for legal expenses. He had heard contributions were made to campaign committees, and they came out of this confidential fund.

Vice-President Robert A. Grannis was called. He knew of the contributions to the fund, but not the amounts. Contributions were made to state campaign funds. Mr. Grannis said he had instructed Mr. Thummett for some time relative to attention to legislation in various states, but he could not recall the particulars.

Gillette Justifies. Walter R. Gillette, vice-president of the Mutual Life, testified that the company contributed \$40,000 to the Republican National Committee's campaign fund in 1904, \$35,000 in 1900 and \$15,000 in 1896. He justified the contributions.

He said he had made the contract with the firm of H. C. Raymond and Company, agents, of his own volition and no one was to be paid for this contract prior to 1903 but the witness and the president. He did not know anyone who could tell what legal matters required payment of \$100,000 in one year to the general solicitor.

President McCurdy was on the stand all of the afternoon session. He detailed the manner of his entrance into the insurance business. He is a member of the bar, and was admitted in 1856. He practiced in all about nine years. He was counsel for the Widows and Orphan's Benefit Life Insurance Co., and then the company went out of business. Mr. McCurdy went with the Mutual Life as a vice-president. He never knew what Thebaud, his son-in-law, was getting out of the business of Raymond & Co. He said the company did the business to get the commissions, and that was all he knew. All contracts were made without his knowledge. Witness said on the matter of salaries that he never requested that his salary be raised, and all such raises he took as complimentary to his management of the business.

Towards the close of the session Mr. McCurdy made the startling statement that an insurance company was not an institution founded to make money for the policyholders, but was or should be a great philanthropic enterprise founded to increase and spread its benefits over the entire earth.

## MOSCOW STRIKE SPREADS

Although Disorders Are Less, Police Were Forced to Disperse Crowds. Moscow, Oct. 11.—The majority of the factories here joined in the strike of printers and bakers yesterday. The movement threatens to become general, though it is opposed by a strong minority of the workmen.

The streets are comparatively tranquil. Several times yesterday processions of striking workmen in which red flags were carried were held in the industrial quarters, and the police were forced to disperse the crowds.

More Honors For Witte. St. Petersburg, Oct. 11.—Further imperial thanks are given to Count Witte in a rescript published yesterday, and high tribute is paid to the service he rendered in the conclusion of peace with Japan.

Life Prisoner Escapes. Helsingfors, Finland, Oct. 11.—Honthal, the murderer of Soisalon Soisalon, the procurator-general of Finland, escaped during the night from the prison here, where he was undergoing a sentence of imprisonment for life.

Discovered the Guilty Party. Brockville, Oct. 11.—G. Somerville, who has charge of the Dominion Government cold storage stations here, states that while making an examination of cheese at the Beachburg Fair, from which he has just returned, he discovered exactly the same conditions as Prof. Ruddick is reported to have met with in England. Some goods opened by Mr. Somerville had a quantity of sour curd worked into them. The cheese were made in Quebec, and the guilty person has promised to make restitution.

Rideau Fishermen at Fault. Toronto, Oct. 11.—The Ontario Fisheries Department have imposed fines upon several Rideau Lake fishermen for violation of the regulations respecting a quantity of nets and size of mesh. The licenses were withdrawn.

Inquiry Is Ended. Quebec, Oct. 11.—The inquiry into the collision in Montreal harbor when one dredge was sunk ended yesterday. Judgment will be given by Commander Spain in a week or ten days.

**Does the Sun Set?** "It will become any of us to criticize lapses in grammar," says an authority, "when we all of us consent to and constantly make use of one such lapse ourselves. To speak of the 'setting sun' is wholly incorrect. You may set a book on a table or even set a son on a chair if he be big enough not to fall off, but what does the orb of day set, and where does it set? No, sir, queer as it may sound to ears grown accustomed to the universal form, the sun does it something. If it shouldn't be the rising and the setting sun it should be the rising and the setting sun. Think it over, and when you get it arranged to your satisfaction try to find out what you mean when you speak of a setting hen."

## Swallows' Nests.

Swallows and house martins build by sticking together pellets of prepared mud. Most of the material is obtained from the drying puddles on the highroads. If not mixed with anything else the tendency of these pellets would be to crumble when dry. But the swallow tribe is supplied with a mucous secretion which enables it to gum the particles together.

## A FAMILY NECESSITY.

It's a remedy capable of affording immediate relief to the hundred and one ailments that constantly arise. It may be a cold, perhaps toothache, neuralgia, pain in the back, use Polson's Nerviline, it is penetrating, pain subduing and powerful. Nerviline is at least five times stronger than ordinary remedies and its worth in any household can't be over-estimated. For man or beast! Nerviline is a necessity for all pain and costs only 25c. per bottle. E. V. Nerviline to-day from your druggist.

**A Good Book Keeper.** W. P. James writes: "Book borrowers are incorrigible, and book collectors must understand that for themselves churlishness is an essential virtue. I recall a good story told by Ashly Sterry of a book collector who solemnly warned him against ever lending a book and who to enforce his moral led him to a well stocked bookshelf in his own house, saying: 'Look at those shelves! Every book on them was lent to me.'"

Baltimore, Md., Nov. 11, 1903. MESSRS. C. C. RICHARDS & CO. Yarmouth, N. S.

Sirs—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races and to say that it helped me would be putting it very mildly and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. Thanking you in advance I remain,

Yours truly,

W. C. MCCUEAN. 14 St. Paul Street. Care Oliver Typewriter Co. P. S.—Kindly answer at once.

It is easier to make a fool of yourself than to convince others that you haven't.

## THE FOUR D'S.

Charles Spurgeon once said that there are three great enemies to man—"dirt, debt and the devil." He might have added one more D and included dyspepsia. The evil results of this disease could hardly be exaggerated. Its effects are felt in mind and body, and are as far reaching as the effects of the curse that was laid on the Jackdaw of Rheims which was cursed in eating and drinking and sleeping, in standing and sitting and lying. The good effects of Dr. Pierce's Golden Medical Discovery are most marked in aggravated and chronic cases of dyspepsia. It enables the stomach glands to secrete the necessary quantity of digestive fluids, and this at once relieves that craving or gnawing sensation so common to certain forms of indigestion. It tones and regulates the stomach, invigorates the torpid liver and gives the blood making glands keen assimilative power. "Golden Medical Discovery" cures ninety-eight per cent. of those who use it. Dr. Pierce's Pleasant Pellets are superior to all other laxative medicines, when the bowels are obstructed.

When a man brags about himself it is a sign that other people don't brag about him.
