

SO MANY PEOPLE ARE NERVOUS

"Fruit-a-lives" the Greatest
of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide, due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This, "FRUIT-A-LIVES" will do.

"FRUIT-A-LIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-lives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-lives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa Ont.

WHAT WILL PRICES BE NEXT MARCH

During the past 21 years the per capita production of potatoes in the United States has averaged 3.6 bushels and this with our present population means a production of 390 millions total for the country. A study of the same period shows that with the present population a per capita production of 3.2 bushels, or less, (\$49) millions for the United States) usually

may be defied if you use Peps. As a Peps tablet is dissolved in the mouth, powerful medicinal forces are released in the form of healing fumes. These are inhaled with the breath and come into direct contact with the bronchial tubes and lungs in a way that medicine swallowed into the stomach cannot possibly do.

By this direct action, Peps not only strengthens and protects any weak spot in chest or throat, but give immediate relief to those suffering from bronchitis, asthma, night cough, etc. All dealers or Peps Co., Toronto, 50c. box, 5 for \$1.25.

brings higher prices in the spring than in the fall, the price gradually working upward.

On the other hand, a per capita crop of 3.5 bushels (414) millions for the United States (or more, usually causes prices to work gradually downward so that by spring they are considerably lower than when the crop began moving. In between these points the direction of the price trend is less certain. This year's production is 4 bushels per capita; and since the crop began moving prices have declined and low prices throughout the season would seem probable from the experience of past years. However, the amount of unmarketable potatoes,

Railway News

Montreal—It was announced at the head office of the Canadian Pacific Railway at Windsor Street Station here, that free transportation would be granted by that Company to all relief supplies for the sufferers from forest fires in Northern Ontario when consigned to the Cobalt Relief Commission, at Cobalt, Ontario. These supplies will be accepted by the railway at any point on the Canadian Pacific system, and will be rushed forward without delay.

Winnipeg—From September 1 to October 5, the C.P.R. has marketed 68,272,864 bushels of grain, according to a statement issued at the local offices. During the same period 35,484 cars were loaded, which is the equivalent to 51,180,789 bushels. The previous highest figures recorded were in 1915, when the company marketed 32,023,000 bushels and loaded 22,472 cars, which is equal to 29,887,760 bushels.

Penticton—After more than a quarter of a century of service on Canadian Pacific boats on British Columbia inland waters, Capt. George Robertson made his last trip on Saturday, and when the Sicomus tied up at the Penticton dock that evening the captain passed down the gangplank for the last time in an official capacity.

Captain Robertson is from now on a fruit rancher, and he proposes to lead the simple life on the ten-acre property which he purchased on The Bench three or four years ago.

His career in marine circles in British Columbia is a lengthy and honorable one and dates back nearly forty years.

Halifax—The many friends in Halifax and Dartmouth will be pleased to learn of the success of Edward Everett Beck, formerly of Dartmouth, but now residing in Vancouver. He has just been appointed manager to the Hotel Vancouver. Mr. Beck is a son of Mrs. Beck-Lydiard, Dartmouth. He has three brothers, Charles A., Dartmouth; Harry, Middle Muscodobolt, and Archibald in Winnipeg.

Going to Vancouver from Halifax where he was a stockbroker, Mr. Beck has seen the Hotel Vancouver grow from a small brick building to the present fifteen storey fireproof structure.

Famous men and women from all parts of the world have been cared for by the smiling official during his service with the company.

Winnipeg—September records of the handling of the season's crop afford a remarkable demonstration of efficiency in grain handling by railroads, elevators and by the human element that plans and directs. Compared with other years the September movement far surpasses all previous records. All over the west long trains are carrying the current of wheat to the lake front and thence to the markets of the world.

Feeding the transportation routes are thousands of threshing outfits which during the recent fine weather have been operating in every district from early morning until dark. A summary of the Winnipeg inspections shows the magnitude of the movement as compared with 1921:

	Sept. 1922	Sept. 1921
Cars of wheat.....	39,344	26,756
Oats	919	1,590
Barley	2,081	1,633
Flax	52	89
Rye	2,027	469
Total	44,456	30,463

Calgary, Alta.—Many farmers in the irrigated districts in southern Alberta have every reason to be satisfied with the result of their season's work, according to G. H. Hutton, superintendent of the agricultural and animal industry branch of the Canadian Pacific Department of Natural Resources in Calgary, who has returned after a visit to that section of the province. The yield of wheat has turned out most satisfactory, in some cases averaging thirty-seven bushels to the acre. One man in the Cowdale district had realized a net profit of \$6,000 from 425 acres.

In the Vauxhall district one of the farmers had informed Mr. Hutton that he purposed finishing with 100 steers, 5,000 lambs and from twenty-five to thirty dairy cattle, and that he would have even then 200 tons of hay for sale from one section of land. Incidentally Mr. Hutton mentioned that the feeding of the lambs under contract in the irrigated districts was being considerably extended this year. The business promised to provide a most satisfactory market for alfalfa hay and coarse grain, and to involve a relatively small risk, inasmuch as it was possible to contract lambs now for spring delivery. The profits from that line of work, he said, were in marked contrast to those which were realized even under the best of conditions in the growing of grain alone on irrigated land.

MARSHALL R. HOYT

Marshall R. Hoyt passed away on Oct. 22 at his home at Arlington, Mass., after a few months illness of anemia. The late Mr. Hoyt was born at Victoria in 1883. He was the son of Norman Hoyt and is survived by Mrs. Forbes and brother, Havelock of Victoria, also by his widow, a daughter and two sons. He attended the Fredericton Business College, and after graduation went to Boston and entered the service of the Boston Elevated and proved an efficient and esteemed official. The funeral took place from the Trinity Baptist church, and were largely attended. The services were conducted by Rev. A. A. Rideout, Amicable Lodge A. F. & A. M. attended in a body and read the Masonic service. Interment was made at Forest Hills.

HARTLEY-FLETCHER

At the Reformed Baptist parsonage, Royalton, on October 25, Wellman Fletcher of Mars Hill was united in marriage to Miss Madeline Hartley of Bridgewater by Rev. I. F. Keirstead.

OXO promotes a healthy race

OXO AND MILK

An Oxo Cube mixed with a cupful of hot milk creates a splendid strength-building, and easily digested, food for children and invalids.

OXO SANDWICHES

Excellent for School lunches. Spread a spoonful or so of Oxo, moistened with a little butter, on thin slices of bread or toast.

OXO BROTH

Put some beef-bones, with a little rice, barley, carrot, and piece of celery, chopped small, into a saucepan with 1 pint water and boil till rice and barley are soft. Add 2 Oxo Cubes and serve with toast.

Give your children every day the strength building nutriment of prime beef, in the easily assimilable form of Oxo, and see how much sturdier they will grow.

A cup of steaming hot Oxo, with a biscuit or two, makes a perfect meal,—it keeps the warmth in and the cold out.
