A REFLECTION.—Leap year is drawing to its end, but with its closing we note the effects of the fall campaign. Our columns each day have been supplied with the record of hymeneal tatalities in all parts of the province until it is patent that the ranks of bachelordom have been scattered and rent asunder—destroyed and demol-ished as completely as were the pale egions of Sennacherib's fated host, the chief distinction being that those who have fallen in this late strife have thereby become entitled to the dis-posal of their victors—a fact which shows that history not only repeats

## A LONG TIME TO SUFFER.

Twenty-five years of endurance with Catarrh, is a long period of annoyance and misery. Mrs. B. J. Flanders, of Manchester, N. H., after going through with it all, writes: "The Constitutional Catarrh Remedy has rescued me from intense suffering, and almost the grave." This medicine is for sale by all druggists.

You Have no Excuse. Have you any excuse for suffering with Dyspepaia or Liver Complaint? Is there may reason why you should go on from day to day complaining with Sour Stomach, Sick Head-ache, Habitual Costiveness, palpitation of the Heart, Heart burn, Waterbrash, Gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated pit of the Stomach, Yellow Skin, Coaled Tongue, and disagreeable taste in the mouth. Coming up of food after eating, Low spirits, &c. No! It is postvely your own fault if you do. Go to your Druggist E. NOT THE SLIGHTEST APPINITY exists between the numberless cough mixtures with which the market is flooded and that successful preparation—Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. It stands alone distinct, is like itself, and nothing else. It embodies the best results of advanced pharmaceutical science. It accomplishes positive, decisive results, effectually relieving coughs (when the lungs are not tuberculous or hopelessly affected), coide, laryngitis, and diseases of a scrofulcus origin. While it does not cure Consumption, it is the most reliable means of defence against that dreaded scourge. The invigorating preparties of the hypophosphites reimburse the system debilitated by the constant tear sad wearfof a cough, while the paroxysms rapidly diminish in violence, in consequence of the soothing emblitate action of the cod liver oil upon the inflamed lung membrane. The phosphorus, lime and soda, in combination with it, are all natural compenents in the construction of the boddly edifice, which, in a state of decay, lacks a sufficiency of those elements. These the hypophosphites supply, increasing the nutritive preparties of the blood, and building up and rehabilitating the tottering human structure with a degree of promptitude as astonishing as it is gratifying to the invalid. A perceptible gain in flesh as well as in strength is one of the consequences of using this standard preparation, which both time and experience have demonstrated to be fully worthy of the confidence reposed in it. Prepared by Northeof & Lyman, Toronto and sold by all druggists.
