The CONTINENTAL, beyond all comparison, the most successful and most popular Company ever established in Europe or America. It has only been Seven YEARS in existence, but at its organiza tion men of enlarged views, and great experience in Life Insurance, were placed in its management, who, having discarded all useless and annoying restrictions, and adopted all the improvements known in Life Insurance—many of them origina with themselves, it at once received, and continues to receive, a support unpre cedented; and it now stands far ahead of many companies TEN YEARS older than itself. It has issued over FIFTY-NINE THOUSAND POLICIES, and has over \$6,750,000,000 assets, all securely invest | Far Superior to Anything Ever ed, as required by law, in Bonds of the United States, Bonds of the State of New York, or in Real Estate. The Reserve Dividend System Is one more step in the march of progress. Presented only after mature thought, it invites the test of the severest scrutiny. Its chief merit is its PERFECT ADAPTABILITY to the wants of insurable lives. The RESERVE DIVIDENT and RESERVE ENDOWMENT POLICIES originated and published by the Company's Actuary, under copyright in 1869. The principle involved renders every form of insurance a provision in life. I converts an ordinary life Policy, otherwise payable only in the event of death, finter a CASH ENDOWMENT, MATURING EVERY TEN YEARS.
