**THE ST. LAWRENCE CANAL**

(The Wesleyan)

Formal steps for a joint conference between the United States and Canada to consider a proposed treaty between the two nations relative to the canalization of the St. Lawrence River and the opening of a waterway to the sea will be taken by the Dominion Government before December, in the opinion of Charles P. Craig, Executive Secretary of the Great Lakes-St. Lawrence Tideway Association.

"The situation across the border is clearing up," said Mr. Craig, "and indications are that President Harding's invitation to Canada to appoint a commission for the purpose of consideration of a joint treaty between the two nations will be formally acted upon within the next two or three months." Mr. Craig said his work is not with President Coolidge at Washington this month to ascertain his attitude on the St. Lawrence project.

A large number went from Newcastle on Thursday to Fredericton to see the \$3,000 free for all contest with Single G. Sir Roche and Margaret Dillon as competitors.

Single G had it all over the other two horses and took two straight heats, coming from third place in the first heat after the three quarter pole was passed to first under the wire in a driving finish. The second and final heat was all his own.

**More Quakes**

Allahabad, British India, Sept. 20 A severe earthquake was experienced at Dujanurd, Persia, on Monday morning, says a despatch to the Pioneer from Neshed. No details are contained in the despatch.

Simultaneously, slight shocks were felt in Neshed. No damage resulted. Moscow, Sept. 20—Several sharp shocks were felt Monday in the government district of the Amur region and in Turkestan. The earth is reported to have cracked at several places. No deaths or material damage have been reported.

It is not often that a general earth disturbance has taken place, such as has been reported recently from various quarters of the globe. May they soon be over!

**IS THERE TO BE A PLEBISCITE?**

Activities by the New Brunswick Temperance Alliance have led to the reports in political circles that a prohibition plebiscite in New Brunswick is either expected by the Alliance or else is actually in prospect in New Brunswick. Rev. W.D. Wilson formerly secretary of the Alliance is in Fredericton from Middleton, N.S. where he is now pastor of a Baptist Church, and is to go on a speaking tour of the province with Donald Fraser, the president of the Alliance. This week the Alliance executive will meet. "Dry leaders claimed they had no inside information and intimated they were just anxious to be ready."

**BROTHERS MEET AFTER 35 YEARS AT EXHIBITION**

Fredericton, Sept. 21—If you want to find a brother you had not seen for thirty-five years would you go to the biggest crowd that ever assembled on a fair grounds in New Brunswick and try to find him there?

Most people wouldn't, but that is what George W. Ross of West Lubec, Me., did yesterday and it worked like a charm. Mr. Ross went to the judges' stand during the races and asked the officials to call for Robert W. Ross of Newcastle, N. B. to come to the stand.

Al. H. Standish of Boston, Mass., had scarcely finished calling for the long lost brother before a voice responded with "Here I am!" And there was Robert; he was looking for George, just thinking he might be there. In a few moments Thomas E. Ross, another brother from West Lubec, Me., joined the party, and then a younger man, with his hair turning somewhat grey, he was Robert E., son of Robert W. who had not seen his father since he was 2½ years old when his memory and recollection for faces was not very good.

The result was a happy family reunion. Robert W. Ross left West Lubec, Me., the home of the family, thirty five years ago, after his first wife died and never returned his sister acting as mother to his son.

**Deer, Duck And Partridge Are Plentiful**

The reports received by the Chief Game Warden, L.A. Gagnon, indicate that deer and duck are plentiful. The season for both opened on the 15th inst.

The chief Game Warden also reports partridge plentiful. The season will open October 1st at the time that the season for moose will open. Moose are reported plentiful in certain sections.

The number of non-resident sportsmen who have entered the province so far is not large but with the opening of the moose-hunting season in October a big influx is expected. The number of inquiries from intending sportsmen in the United States has been large.

**Big Harvest Festival and Auction, Newcastle Rink, on Thursday October 18th. Games and amusements of every description. Everybody welcome.**

**ROSSING MILL FINISHES SEASON**

The Miramichi Lumber Co's rossing mill ceased operations for the season Thursday. There still remains a large pile of pulp blocks but by the close of the navigation season practically all these will be carried away.

It is rumored that the company intends to remove their entire machinery to the Morrison mill, and next spring will operate only that and the Douglastown mill.

**Port Elgin To Get New Station In 1924**

Moncton, Sept. 18—At the meeting of the Westmorland Sub-district Board of Health in the City Hall this afternoon, communications received included one from L.S. Brown general manager of the Atlantic Division of the C.N.E., regarding the sanitary condition of the station at Port Elgin. Mr. Brown stated that next year a new station was to be erected there and that in the meantime everything possible would be done toward making conditions sanitary. The following were present: Chairman, Dr. Desmond; Secretary Northrup; Councillor Bourgeois; Ald. Hutchison; Ald. Geo. O. Springer; Dr. Sormany; Dr. W.P. Keirstead; W.F. Chapman; H.C. Charters and D.J. Bourgeois.

**Episcopal Synod And Church Union**

Ottawa, Sept. 20—The Episcopal Synod of Canada, at its closing meeting here, last Saturday, endorsed church union in Canada. The endorsement came in purely manner and was not discussed. The next session of the Synod will be held at Christ Church, Toronto, May 13 and 14, 1924, preceding a general assembly of delegates of the Episcopal Church of America at Philadelphia on May 15. Preparations for the observation of the jubilee of the church next year were left in the hands of a special committee.

**QUEENS WANT TO BEAR SHARE OF WAGE CUT**

The House, Sept. 18—Queen Wilhelmina and Dowager Queen Emma have decided that if the reduction in the salaries of state officials contemplated for 1924 is made effective, they will share in the cut. Both have written to the Minister of Finance stating that in the event of the reduction they will relinquish a part of their revenue from the state in proportion to the other decreases.

**The Little Comma Again**

The husband of a churchgoer had set out to sea on a voyage, and the wife wrote and requested the parson to conduct a prayer for his safety during the service.

What she intended to be read out was this:

Mr. Sparkes, having gone to sea, his wife desires the prayers of this congregation on his behalf. Imagine her confusion, however, when on Sunday, the parson read serenely:

Mr. Sparkes, having gone to sea, his wife desires the prayers of the congregation for his safety.

**Chocolates For Korea**

A few days ago a package of 5 lbs. of Mott's Chocolates, was mailed to Korea, half way around the globe. The postage was 50c but after all that was only a small price to pay for bringing some of the happiness of the old home to an exile.

Perhaps you too have friends afar?

Petitbeurre Biscuits are delicious little sandwiches that still speak with the accent they learned in the Paris from which so many good things come.

There are 30 different kinds of Mott's Chocolates in the West End Box alone. It's the delight on Saturday night. Five pounds of delicious chocolates.
