alization papers.

Four Classes of Copyright. Mr. Fisher further explained that existing legislation, copyrights are divided into four classes: dramatic, musical, literary and artistic. In future all classes will be grouped for the purpose of simplicity. Another clause will be introduced which will protection through criminal action in productions of a dramatic and musical as well as of a literary or artistic character.

In conclusion he said that it was only fair that reasonable protection should be given to producers of dramatic as well as literary; musical and artistic works. There was no doubt more appreciation of the necessity for this in the Mother Land than in Canada but the sentiment would grow. There was little disposition on the part of the opposition to criticize the bill and several said that it was

Ottawa, April 27—The Commons is ed up in what promises to be an tied up in what promises to be an all hight discussion of the Lanctot charges Within three minutes of the time the speaker took the chair W. M. Gorman rose to present the report of the Liberal majority of the privileges and elections committee, exonerating Lanctot. Gorman argued that whatever the rights of the officials of the Sorel shipyards to do work for outside parties might be nothing had been adduced to show that anything had been done by Mr.

Lanctot to violate the independent of parliament act. F. D. Monk in amendment moved the adoption of the minority report He declared that the charge had been fully proven. In the end fraud had been resorted to in order to cove up an illegal transaction. It was only when the transaction became a mat ter of public notice that action was

WHICH WAY ARE YOU PAYING FOR AN IHC GASOLINE ENGI

HERE are two ways-a quick, easy way and a long, costly way.

The first way is to go to the I H C local dealer, pick out the style and size suited to your needs-pay for it-take it home and set it to work. It will operate your cream separator, feed grinder, thresher, fanning mill, turn your grindstone, saw

The other way is to get along as best you can without it, and pay for it over and over again in the time and money you lose by not having it. 'Procrastination is the thief of time," and time is money. An

I H C Engine saves time—saves money. It's an investment that pays big dividends, day after day, year in and year out, through its capacity for doing work at less cost than any other power.

IHC Gasoline Engines

are made in all styles and sizes, 1 to 45-H. P., vertical and horizontal—stationary, portable, and tractor. Their efficiency, economy, and dependability have been proved by years of service. Thousands of owners consider an I H C Gasoline Engine one of the best paying investments they ever made. If you want to know more about what an I H C

line Engine will do for you, and why it is that H C construction insures more power on less gaso line consumption than any other engine, you should call at once on the I H C local dealer, or, write for a copy of the I H C Gasoline

While you're delaying you are paying so why not have what you're paying
