The Evening Telegram.

W. J. HERDER, Proprietor. . . . W. F. LLOYD, Editor.

St. John's, Newfoundland, January 14, 1910.

What Will To-Morrow Bring Forth.

The first returns to the new parliament will be made to-day of a few uncontested seats. These are remarkably few as compared with those of previous general elections.

To-morrow the first batch of contested elections will take place.

According to the Daily Mail of the 31st ult., polling had been provisionally fixed for to-morrow at the following places which are mostly London and Lancashire constituencies:—
Holborn. Manchester (7).
Central Finsbury Salford (3).
East Finsbury. Salisbury.
Islington (4). Lincoln.
Lambeth. Pollen.
Brixton. Bury.
Norwood. Burnley.
Kennington. Rochdale.
Fulham. Cambridge.
N.E. Bethnal Green. Oxford.
S.W. Bethnal Green. Stoke-on-Trent.
Islington (3).
Greenwich. Rochester.
Leisham.

This list involves forty seats. At the last General Election thirty-seven of these seats returned either Liberals or Labour representatives, but only a few were Labour Members.
Since 1906 the Conservatives gained a seat when Joynton-Hicks defeated Churchill in North West Manchester in 1908. Before the dissolution on Monday last Balfour held but four of

the forty seats, while Asquith could count on 36.

Although more seats will have been added to the list of pollings than had been fixed on the 31st of last month, the returns from the forty on the list will be a good indication how the tide is running. As the list includes four seats in Lancashire cities and boroughs, the centres of cotton manufactures and the home of Free Trade, the results of the elections will indicate whether Tariff Reform is a big winner or not. These constituencies will be among the most difficult to convert to the principle of tariffs. If Lancashire goes Tariff Reform, it is likely England will go the same way.

If Lancashire does not go in that direction, the success of this movement is not likely to be very great. To-morrow will tell the tale whether the usurpation of the House of Lords has been greater in the eyes of the electorate or whether Chamberlain's trumpet cry has awakened the English Electors from Free Trade.

The standing of the Ministerial parties and the Opposition after the last General Election was:—
England . . . M. 337. . . . O. 128.
Wales . . . M. 26. . . . O. 9.
Scotland . . . M. 61. . . . O. 11.
Ireland . . . M. 84. . . . O. 19.
This gave a grand total for Asquith of 512, and for Balfour 158. What tale will the next few days tell?

6 Canadians Running. Trade With West Indies

There are six Canadians running in the present elections in England, two for the Liberals and four for the Unionists. The Liberals are Joseph Martin and Hamar Greenwood, while the Unionist standard bearers are Sir Gilbert Parker, Donald McMaster, Bonar Law and J. H. Benn.

Triduums Being Held.

The second night of the Triduum being held at St. Patrick's Church witnessed a large congregation present. This was last night when Rev. Father McDermott preached a very impressive sermon and afterwards imparted Benediction. A very pleasing feature was the singing of a choir of boys. Their young voices blended very harmoniously. They were accompanied on the organ by Professor Flynn, and Mr. John Barron who has a fine voice also helped in the singing. Triduum is also being conducted at the R. C. Cathedral.

FIRE AT GRAND FALLS.—A message was received in town this morning from Grand Falls stating that M. S. Sullivan's house at that place had taken fire and that the house and furniture were greatly damaged before the fire was extinguished.

Why Cough

Ask your doctor if all coughs are necessary. If not, then why cough? Ask him about Ayer's Cherry Pectoral.

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a regular doctor's medicine for coughs and colds.

Schooner Nearly Lost.

The schr. Maggie Sullivan, Capt. G. Downer, arrived here and entered the Narrows at 2 p.m. yesterday. It blew hard and the vessel had to drop anchor, so that she did not arrive in the harbor until 8 a.m. to-day. In a recent storm off Fogo the vessel narrowly escaped being lost. She parted her moorings and swung in by the public wharf, and a big gang of men had to face the gale and sea and get her to the South Side of the harbor with lines until they worked her to a securer position.

Weather Report.

La Scie—Wind, N.W., strong breeze, weather fine with severe frost. No slob to be seen.

Birchy Cove—A north blizzard raging here this morning and last night. No communication with the fishermen of the Arms the last two or three days.

Sound Island—No boats fishing, the condition of the weather interfering. Lark Harbor—Nothing important; stormy.

Cape Spear—Wind north, strong, fine and clear; bar. 29.50, ther. 9 above. A topsail schooner four miles off, 40 days from Pernambuco to Monroe & Co.
Port aux Basques—N. W. wind, snowing and drifting a little; temperature 9 above.

Bay of Islands—Zero.
Quarry—Wind N.W., ground drift; 6 below at noon and 5 below at 7 a.m. Bishop's Falls—Snowing and drifting; 5 below at noon and 3 below at 7 a.m.

Clarenville—Zero this morning. Whitbourne—N.W., strong, fine; 10 above.

Coastal Boats.

REID BOATS.

No report of the s.s. Clyde since leaving Lewisporte.

The Gloucester left Burgeo at 3.40 p.m. yesterday going east.

The Home left Placentia at 3.20 a.m. to-day for the west.

The Invermore is at Port aux Basques waiting for the west bound train.

Personal Notes.

Mr. Kinsella, of the Parcel Post Department, is laid off very ill of bronchitis. Mr. K. had been ill a short time ago and had a relapse. Magistrate McDonald, of St. George's, returned home by yesterday's express.

Mr. B. J. St. John is in town. Capt. T. Bonia came in from Placentia by last night's train.

Judge Penney, of Carboneau, is in town.

Rev. Canon Noel arrived in town from Harbor Grace last night.

Rev. James Bell returned to town from Harbor Grace last night by train.

Train Notes.

The Bruce express which left here at 6 p.m. yesterday took out Hon. John and Mrs. Harvey, Capt. and Mrs. Williams, Mr. Scott, Albert Williams, Mr. Greene, Const. Benson, Mr. Thomas, Moses Young and about 40 others.

By the shore train at 9.45 last night there came Capt. T. Bonia, B. McGrath, Cornelius Keefe, Miss Dwyer, Judge Penny, Rev. Canon Noel, Mr. Jardine, Rev. J. Bell and about 30 others. The Bruce express arrived here at 7.30 p.m. yesterday bringing several passengers.

The express that left last evening was at Terra Nova at 8.30 a.m. to-day. The engine of the train that went out for Harbor Grace this morning broke down near Holyrood. The incoming train was also hung up in consequence.

The express that left here Tuesday evening is at St. George's. The local did not arrive till after 1 p.m. to-day owing to being delayed at Holyrood Crossing.

Not By Books Alone.

Man cannot live by books alone. Nor yet by learning can man live. Some lore that study cannot give. Some hint of things we have not known.

Disturbs the joy we thought our own; It wastes like water from a sieve. Man cannot live by books alone, Nor yet by learning can man live.

Some breeze from out the garden blown. In moments rare and fugitive, Cries, "Love and hate, quick forgive. Arise in haste, the morn has flown. Man cannot live by books alone."

—Mary Eleanor Roberts in "Book News Monthly."

Marine Notes.

The Golden Hind is sailing for Bahia with 3,200 drums of fish for Monroe & Co.

Herring News.

Herring are now scarce in Bay of Islands, at North East Arm. They are plentiful in Middle Arm under the ice. There are now 15 vessels there seeking cargoes of frozen herring. They will not be able to stay there much longer. Capt. F. Woolard is there in the Alice R. Lawson seeking frozen herring. Capt. Bonia has loaded four schooners for his firm including the load of the Harry Nicholson at House Bay. He got three cargoes of salt herring and one of frozen. The little is at Bay of Islands with three quarters of a load of frozen herring. Capt. Bonia will clear \$10,000. The herring got lately are the largest seen there for several years. A resident of Birchey Cove, W. Lynch, cleared \$600 for his own share, fishing with three fleets of nets.

S. S. Labrador Change Hands.

To-day at noon the good old sealing ship Labrador was sold at auction at the office of Mr. Thos. Cliff in the Commercial Chambers. She was heretofore owned by the Nfld. Sealing Co. and when the sale began to-day bidding for a while was brisk. Mr. Tasker Cook started it with \$10,000, and the bids following went at \$250 until the sum of \$11,750 was reached, when the auctioneer's hammer hit the table and the ship was knocked down to Mr. D. Baird for that figure. Old sealers say this is a great bargain for the firm of James Baird, Ltd., whom the purchaser represented. She is a fine old ship, was several years commanded by Capt. Geo. Hann, and last year by Capt. Baxter Barber. Ten years ago she got new boilers, and these are almost worth the purchase money of the ship. If she gets 15,000 seals she will more than clear the money expended on her purchase and will also declare a handsome dividend.

Under a Ban.

The candidature of Mr. Richard Jebb has led to much friction in East Marylebone. The Unionist organization refused to support him. Lord Robert Cecil represented it in the last Parliament. In his case trouble occurred from Lord Robert's refusal to support the Chamberlain programme. Recently the Morning Post published a cable to Mr. Balfour, signed by prominent Canadians, interceding for Mr. Jebb, as he was under the ban of the Unionist organization in East Marylebone.

Here and There.

NELLIE M. ARRIVED.—The Nellie M. Capt. Runsey, arrived off the Narrows this afternoon from Oporto. A tug went out to tow her in.

M. G. R. PARADE.—The M. G. R. parade to-night at 7.45. The senior company will parade at the same hour, and all must be present without fail.

KEEP WARM.—250 lbs. Wool Blankets, some slightly damaged. Clearing for cash only at 35c. lb. at FORTUNE'S, 481 Water St. West. Jan.14/11

Parade Rink open to-night and Saturday afternoon. Admission for Children, 10 cents; adults, 20 cents. Ice in splendid condition. Pro. Bennett's Band.—Jan.14/11

SMASHED HER WINDLASS.—Just as the schr. Empire was hauling out from Monroe & Co's. wharf for Oporto her anchor fouled in the kite's chain and was so badly smashed that the vessel will be delayed two days.

BRITISH HALL, St. Bonaventure's Ladies' Association. Jan. 14, 1911. Home, Thursday, Jan. 20th, at 3 p.m. Tickets may be obtained from Mrs. H. Higgins, "Sunnyside," Monkstown Road, and at the door.—Jan.14/11

SCHOONER ARRIVED.—The schr. J. J. Nolan, Ambrose Bourke, master, arrived last night from Witley Bay with a load of fish to A. Goodridge & Sons. She had a hard night and was all ice up.

SAD DEATH.—About a month ago the Telegram chronicled the death of Dr. Webber, of Birchey Cove, at the same time recording the dangerous illness of his little girl, Jean. The poor little thing since succumbed. Death being due as much to grief as to disease.

CHINA CUPS and Saucers, Plates, Dishes, etc., Glass Preserve Decanters, Tumblers, Wine Glasses, Decanters, Vases, etc. We are always fully stocked with the above lines. At LARACYS, 345 and 347 Water Street, opposite Post Office.—Jan.5/11.

BACK FROM HERRING FISHING.—Messrs. J. Bonia, Peter Bonia and J. Williams who had been fishing herring nets at Bay of Islands since Oct. 20th, returned to town by the express last night on their way to St. Mary's. They made good wages at the herring fishing under Capt. Bonia.

MINARD'S LINIMENT CURES COLDS, ETC.

Fine Logging Weather.

From passengers who arrived by the Bruce express last evening we learn that the weather is very propitious for logging up north and about Grand Falls. Consequently all the Companies doing business in that section of the country are making special efforts for record cuts. The Harmsworth people alone, at Grand Falls, had 850 men in the woods cutting pulp wood with 220 horses. They calculate putting in 150 cords, equal to 40,000,000 feet of wood. The mills are in full swing and turning out 150 tons of pulp per day. Next year the Company expects to employ 2,000 persons in the mills alone with a big increase in the woods.

Coasting Should Stop.

The steep streets of the city such as Barrer's Hill, Carter's Hill, Bate's Hill, Goodview Street and other thoroughfares are now simply impassable for citizens by reason of their covering of ice. Last year and other years when similar conditions reigned the Council promptly covered these thoroughfares with a coating of ashes or clay which helped pedestrians to get over them. Surely the same can again be done. If not ugly accidents will occur as boys go coasting with lightning speed over these thoroughfares and it is impossible, especially for the old and infirm, to get out of their way. The Council at to-night's meeting should see to it that clay or ashes are put over the steep inclines.

Wedding Bells.

DUNN-HOLDEN.

At the Presbytery, Waterford Bridge Road, on the 10th inst., by Rev. Dean Born, Mr. John Holden and Miss Ellen Dunn, both of Topsail Road, were united in the holy bonds of matrimony. Mr. Thomas Holden was best man, and Miss Teresa Byrne assisted the bride. After the ceremony the happy couple were driven to their future residence, Topsail Road, where the friends and relatives spent an enjoyable time dancing until midnight, when all sat down to supper. The bride was given away by her father.

Supreme Court.

Present: Full Bench.
John Burton vs. G. M. Barr.
This case was resumed this morning. Sir James Winter, K.C., is heard in closing. Hon. D. Morison, K.C., also is heard in closing. C. A. V. IN ADMIRALTY.
Capt. T. Fitzpatrick vs. Reld Ntd. Co.
Furlong, K.C., is heard in closing; W. R. Howley is heard in closing.

Lake Simcoe Damaged.

The report reached the city to-day that the Lake Simcoe, 50 days from Port Huron, was wrecked on the shore of Lake Simcoe. The vessel was only at great risk the crew held the decks. The ship being without cargo was flying light and made very bad weather, as with the wind and sea a thick snowstorm also raged. The vessel was considered to be overdue and the news of her arrival at the latter port will be a comfort to apprehensive friends of those on board.

Delinquents Sentenced.

The three men who about a year ago caused trouble at Catalina and broke into the jail there, being afterwards arrested, were tried yesterday before Magistrate Jno. Roper. Two were found guilty of malicious damage to the Court House and the other was convicted of disorderly conduct. A penalty of \$20 or 2 months was imposed on each.

Buried To-Day.

Mrs. Blackie, who died on the S. S. Sicilian, was interred this afternoon by undertaker M. W. Myrick. At first when the ship arrived Mr. Geo. Shea, Agent for the Allan Line, sought everywhere about the city for relatives. They were found after some difficulty and took the remains, and sorrowfully looked at the dead face of their friend. Mrs. Blackie's maiden name was Symonds, and Mr. Shea is to-day trying to get the address of the husband who is known to reside at Glace Bay, being a miner at that place.

THELMA.

The production of Thelma last night at The People's Theatre was a great success. Miss Gordon did excellent work as did Mr. Steadman. They were well backed up by the rest of the company. The play is an excellent one, and it is well staged and played and should attract a good audience. The specialties were also good.

CURLING RINK.—The Curling Rink will be formally opened by His Excellency the Governor at noon to-morrow. He will be met at the Rink by Mr. Jno. Syme, Mr. Duder and Mr. Jardine, President of the Curling Club. It is believed that His Excellency will take an active interest in the sport.

SUNLIGHT SOAP

It is PURE.

That is why Sunlight has the LARGEST SALE in the World.

THE S.S. HIRUNDO'S

Unexpected Arrival Here After Hard Time--Bound From Lewisporte to Halifax.

It will be remembered that some time ago the S. S. Hirundo arrived down at Botwood Harbor with a general cargo for the A. N. D. Co., but could not remain there as she would more than likely be frozen in.

The ship came to St. John's where she transferred the better part of her cargo to the S. S. Adventure which later conveyed the Hirundo to Lewisporte where both ships landed their freights. Since the Hirundo left Lewisporte for Halifax and had a terrible time of it for 13 days, and crippled in here last evening at 6 o'clock with a broken tail shaft. Capt. Sorenson, her commander, says it was one of his worst experiences at sea.

The ship left Lewisporte on New Year's Day for Halifax, and after a few hours a fierce gale sprang up, next lay increasing to a hurricane with a sea running which went time and again over the vessel. It was utterly impossible even to make steering way, and it was only at great risk the crew held the decks. The ship being without cargo was flying light and made very bad weather, as with the wind and sea a thick snowstorm also raged. The vessel was considered to be overdue and the news of her arrival at the latter port will be a comfort to apprehensive friends of those on board.
