**IMPROVE NUTRITION.**—The central idea in the treatment of all Chronic and Wasting Diseases, resulting in Nervous Prostration and General Debility, is to improve the Digestion and Assimilation of Food, and the Formation of Healthy Blood. Dr. Wheeler's Compound Elixir of Phosphates and Galesia contains the only agents known that act directly as excitants of nutrition, by imparting tone to the Stomach, Liver and Pancreas, the great triad that prepares nourishment for building up the organs and tissues of the body. The action of this remarkable preparation is extraordinary in strength and vitalizing the constitution, whether impaired by age, exhausted by excessive labor, and perfectly harmless under all circumstances, it is eminently adapted to prostrate anemic women and delicate children.
