Moose Jaw, June 16.—At Enfold, a station on the main line of the C.P.R. 70 miles west of here last night, much damage was done by a cyclone which struck that town shortly after 9 o'clock. The restaurant was overturned and practically everything in it was broken.

A number of houses were damaged but fortunately the center of the storm passed outside the town where half a dozen or so barns were shifted from their foundations. Several camps of men employed in double-tracking the C.P.R. were blown down.

A cyclone is also reported from the south country. Telephone wires were snapped, in fact the system suffered more or less all around Moose Jaw on account of the storm. As far as could be learned last night there was no one killed at Enfold but definite information was unobtainable.

## BRICKLAYERS' STRIKE IS EXPECTED TO COME IN JULY

Men Want Wage of 75 Cents  
An Hour, and Builders Are  
Willing to Compromise

The bricklayers of Calgary are likely to walk out on July 1 unless something unexpected happens before that time. They are asking for 75 cents an hour and the Builders' Exchange, while willing to make some concessions, is not prepared to go all the way and the bricklayers say they are not prepared to take any less than what they ask for.

The trouble arises over the wage schedule and the bricklayers feeling that they do not work constantly all the year round feel that they should have an increase in the face of the high cost of living and all the rest of the things which go to make life dearer than it was some years ago.

The Builders' Exchange have already had several meetings on the matter and feel that they would readily make a grant of some increase to some of the workers but would not give all the increase that is asked for. There will be another meeting to see if there cannot be a mutual agreement on June 26, and while matters are becoming so serious that many workmen are leaving the city in search of more steady conditions, there will be no strike before the beginning of the month.

And the matter which causes some friction is that July 1 is a very busy time for the stonecutters and the stone masons. There was some trouble between the two groups and it appears that the bricklayers have not yet been wended and some further break-out of the trouble will arise again this year.

## MAN LOSES LIFE FIRST-ACCIDENT AT C. P. R. SHOPS

Edward Knight Crushed Between Cars; Wife and Family  
Are In England

The first fatal accident to occur in the C. P. R. shops occurred last night when Edward Knight, a plumber, was crushed between two freight cars.

Knight, who has been working in the shops for the past four months, was crossing the railroad tracks within the shops when he was struck by another coming in the opposite direction. He was crushed between the buffers of the cars, and his chest and ribs broken. Dr. Selby, the company's physician, was quickly summoned by Superintendent Chas. Brown, and tried every means possible to save the man's life. Knight, however, died within five minutes after being crushed.

Knight was six years of age, married and father of six children. The widow and orphans are at present in England, and were to have started for Calgary next month.

TODAY OPENS THE  
ENCAMPMENT**

(Continued from Page One)

for the entire number of troops that will make up the encampment arrive. On the 23rd and 163rd regiment of Calgary and the 161st regiment of Edmonton will go into camp and will drill for five days.

The following units will arrive in Calgary this morning: No. 14 company, Canadian Army Service Corps; 15th Light Horse; 17th Calgary Field Ambulance; 19th Alberta Dragoons; 21st Alberta Hussars; 23rd Alberta Dragoons; 25th Battery Canadian Field Artillery; 26th Central Alberta Horse; 28th Department Post Office Corps.

The men will march by way of Ninth avenue and Eighth avenue west out over the hill to the reservoir, where they will be greeted by the advanced comrades already on the scene, and conducted to the various camps.

**Can Leave Camp Only on Passes**

Beginning this morning officers and enlisted men will be expected to confine themselves strictly to the camp limits unless they have a pass to leave the lines, signed by the commanding officer with the recommendation of the brigade commander.

About 400 men were working on the camp grounds yesterday, and apparently did the work of an entire regiment. These men, trained in the business of erecting a camp in a day, went about their work like old regulars. They put up tents in an amazing short space of time, and turned the streets like two white lines of a mining city. Just the instant the tents were up, the supplies and equipment were transferred to their proper places with all the cool haste of military precision.

**Regular Muster Today**

The real scene of activity, however, will take place this morning when the regular muster will be held. All the regiments will be expected to muster at 8 o'clock. The 15th Light Horse and the 17th Calgary Field Ambulance will arrive on special trains and be marched direct to the camp.

Just as soon as the men arrive at camp and their officers report to Col. Cruikshank, muster will be held, and the actual number of men under canvas announced. Then the work of the almost endless drills, rifle practice, marches, artillery and cavalry evolutions will start in, and the soldiers will begin their twelve days on the regular army ration.

**AERONAUTS IN TROUBLE**

London, June 16.—Emile Dubonnet and Weldy Jurdan, two aeronauts, who were participating in a long distance balloon race from Paris, were picked up today by a tug 22 miles north of Ventnor, on the south coast of the Isle of Wight. They were clinging to the wreckage of their balloon, which had collapsed.

**Man Killed in Montreal.**

Montreal, June 16.—Harold Lindsay, 31 years old, was crushed to death early tonight when a wooden shed 350 feet long and 20 feet high was blown from its foundation during a fierce wind and hail storm. The storm lasted for half an hour and was one of the most severe in recent years, but the damage done to poles and wires was comparatively small.

Along the lake and river shore the threatening signals drove all craft into shelter and no loss of life is reported. The ferry boat plying between the town of Cowansville and Lac Beauport was caught in the middle of the river and had to anchor until the storm abated.

## TOO MANY HOLIDAYS, SAY THE MEMBERS OF SCHOOL BOARD

Empire, Victoria, King George's and Dominion Day Follow So Close As To Lose Significance

There are so many holidays that the children of Calgary at times forget what they stand for. That was the opinion expressed at the meeting of the school board yesterday. In close proximity it was said, stand Empire Day, Victoria Day, the King's Birthday and now comes Dominion Day.

James Short was of the opinion that most children forget altogether that there was such a thing as Dominion Day and the great national holiday was practically crowded out of existence as far as the children were concerned. In Mr. Short's opinion there should be a grouping of holidays and the three, Empire Day, Victoria Day and the King's Birthday should be only on one day. Then the children would come to understand the significance of each. The other members of the board agreed with this expression of opinion.

On Friday, June 27, when the schools close for the summer vacation, the board will be presented with a card calling for their attention the great day which comes soon after July 1. The children of the board are the Dominion of Canada in 1867. The children ought to be addressed by their teachers for a few moments on the subject of the Dominion and the first two stanzas of "O Canada" will be sung.

## COLLARD - ARMSTRONG APPEAL DISMISSED WITHOUT COSTS

Famous Breach of Promise Case From Nanton Ends Its Career in the Courts of Alberta; Stated That It Will Be Appealed to Ottawa

REASONS TO BE GIVEN  
WEDNESDAY BY COURT

Question Arises Whether Full Damages Will Be Awarded or Only \$6,000, Which Respondent Said Would Be Sufficient Instead of \$20,000

Without calling on the respondents in the Collard-Armstrong appeal yesterday morning the judges of the supreme court in Edmonton dismissed the appeal without costs. Reasons will be given later, it is expected on Wednesday afternoon at 4 o'clock till which hour the court has been adjourned. No mention was made by the judges of the damages claimed.

At the opening of the appeal George H. Ross, K.C., who appeared for the respondent, said that he was prepared to waive the claim to all the damages over \$6,000 which meant that he would surrender \$14,000 of the damages allowed by the jury at the trial of the case. It is uncertain whether the respondents will take this offer for good or hold the damages as estimated by the jury and nothing will be known for certain till they have given their reasons on Wednesday. At any rate, Miss Collard, who is now in Nanton, is expected to be in Edmonton on Wednesday. She is expected to be in Edmonton on Wednesday. She is expected to be in Edmonton on
