MILITIA IS CALLED OUT TO QUEL NIAGARA RIOTS

Foreign Workmen Enraged at 25 Cent Reduction in Wages Assault Non-Strikers.

THE POWER COMPANIES ARE COMPLETELY TIED UP

Niagara Falls, Ont., Nov. 2.—A strike occurred this morning affecting the entire work of construction of the big Canadian power companies, employing about 1,500 men, being the result of an order issued by the contractors, taking effect yesterday, reducing the wages of the men from \$1.75 to \$1.50 per day. The order principally affected the muckers, Italian and Hungarian laborers. On the contracts of the Niagara Construction Company, and H. D. Symmes, who are constructing the Ontario Power Company's works, about 500 men are employed, of whom about 50 per cent quit work. On M. P. Davis' contract for the Toronto Electric Development Company about 150 men are employed, of whom about 25 per cent quit work. At Dawson & Riley's wheel pit contract of the Canadian Niagara Power Company, employing 200 men, there are only some dozen men out. These latter did not quit of their own accord, however, but the men from the other works, 200 strong, swooped down on them, pelted them with rocks, and chased them out of the works. The Ontario Power Company has closed down its entire work to avoid violence by the men. Chief Makers of the Ontario police force, and men, have charge of matters, and are getting unemployed men out of the park and out of the works, and it is not expected there will be any further violence. The different contractors claim they have been overpaying the laborers on account of the stringency of the labor market the past year, and now when they can get any number of men for \$1.50 per day, they cannot afford to pay \$1.75. After the fracas at Dawson and Riley's wheel pit, a calm followed among the strikers, but about 10:30 the leaders rounded the striking men up, and marched in a body to the works. They acted at once on the contractors' advice. The contract of Mr. Brass, building the Ontario Power transformer house, was next visited and all the men chased off the work as well as the clay men off the Davis contract on the Toronto Power Company. The only laborers who remained at work on the entire works this afternoon were those in Douglas' tunnel works, and they could not be got at by the strikers. Several small pitched fights took place between the foreman and the men against the foreign laborers on strike. Knives and revolvers were frequently drawn, but not used. Trouble is anticipated this evening if the striking men get moving around among the boarding shanties. The contractors are firm and will stand by their agreement, paying the men of that have gone on strike. Several men that were in fights, had their heads cut and bruised. At Niagara Falls, Ont., Nov. 2, 9 p. m.—The strikers are gathering in the vicinity of their boarding houses, back of Falls View, and it is said are drinking. Justices of the Peace, Mack and Robinson, of this town, and Reeve Depledge of Niagara, have filed a requisition with Col. Cruikshank, of the Forty-fourth Battalion, for assistance to protect order. The commanding officer has issued orders to call out No. 1 Company, of this town. Captain Coulson is calling his men together at the drill shed at once. The men will remain there in readiness all night and march to the works in the morning to preserve the peace, when the strikers will be paid off and the non-strikers put to work. It is expected the presence of the militia with the big force of special Ontario and local police will put a quietus on the strikers and prevent trouble. It is estimated that about 800 men altogether are out. Of this number the proportion who were obliged to quit through intimidation is very large. This feature of the trouble is more significant of the true state of affairs than the numerical show of strength among the disaffected men. Tonight, at the village of Niagara Falls South, during a street fight, a drunken Italian striker stabbed a young man named Jas. Hamilton, of the face, inflicting an ugly wound. A grave feature of the strike is the fact that every revolver and all small ammunition and knives in every store in town have been bought up by strangers supposed to belong to the striking party. No. 1 Company, Forty-fourth Regiment, 40 officers and men, under command of Capt. Coulson, White and Lieut. Harrington, went on duty at the works shortly after midnight. LATER. Niagara Falls, Ont., Nov. 2.—Every thing is quiet and orderly on the power works this morning. None of the power companies have resumed operations as yet. Only panpers are at work keeping the works open. The Ontario Power Company are paving the strikers off at their head offices. The men are remaining about orderly, and there is no doubt but the presence of the red coated militia armed with rifles and bayonets listening in the night morning gun had had the desired effect of striking awe to the foreign strikers.

LEOPARD MAULS BRITISH OFFICER

Major Leckie, a Canadian, May Not Recover From Wounds.

Ottawa, Nov. 3.—A well-known Canadian officer, Major Leckie, has been seriously, if not fatally, injured by a leopard in Somaliland. This news is embodied in the following cablegram received here from Lord Strathcona: "Lord Lansdowne sends me the following telegram from Col. Swaine: 'I regret to inform you that Major Leckie was dangerously mauled by a leopard' in conveying news to the relief party. I am deeply sympathetic, and that I will immediately cable any further dispatches received by war office." Major Leckie comes from Tarbrook, N. S. He served in Strathcona's Horse, and afterwards in the Second Canadian Mounted Rifles. It is not known at the militia department when he joined Col. Swaine's forces in Somaliland.

WINDSOR MAN SUICIDES

Jumps From a Second Story Window at Denver.

Windsor, Ont., Nov. 2.—Word has reached Windsor of the death by suicide in Denver, Colo., of John Cruise, formerly well-known here. The unfortunate man left Windsor two years ago. He was afflicted with an incurable disease, and went to Colorado for his health. He jumped from a second story in his boardinghouse. Cruise was 29 years old.

GERMANS DEFEATED

Garrison of Africa Reported Killed by Hottentots.

Beaufort, West Cape Colony, Nov. 2.—It is reported that the German Garrison at Warmbad, in German Southwest Africa, has been annihilated by the Hottentots. Cape Town, Nov. 2.—The German consul here confirms the rumor of a native rebellion in Damaraland, a county of Southwest Africa, forming a part of the German possessions there. A German non-commissioned officer commanding at Warmbad has been killed, and the chief of the rebels has been shot down. Other rumors to the effect that a commanding officer and another body of troops have been killed indicates a greater disaster.

PACIFIC OCEAN SKIPS ONE TIDE

Curious Action of the Sea Off Hawaii Probably Due to Volcano's Eruption.

Honolulu, Nov. 3.—The latest advices from the volcano of Mauna Loa on Hawaii indicate that the eruption, which began fifteen days ago, is increasing steadily. It is believed by seafaring men that the recent eruption of the volcano is responsible for the remarkable action of the Hawaiian waters. About 12 miles southwest of the island of Hawaii shipmasters report an astonishing ocean whirlpool. This current or whirlpool is about ten miles in length and at least five miles in width. An even more astonishing thing occurred on the southern coast of the island of Hawaii just at the foot of the volcano. Last Saturday night the tide went out as usual, the water remaining outside Sunday morning. The usual morning flood tide was skipped entirely. Not until late Sunday night did the water rush in again. It came in rapidly and went a number of feet higher than usual.

A SKITTISH MONTH

Many Changes in the Weather During October.

Much has been said of the eccentricities of the spring months, but has remained the year 1903 to learn that the staid and sober going autumn months are capable of being almost as skittish as April. October was an apparent anomaly. Its mean temperature, 50.8 degrees, was 4 degrees above the average. It was warmer than October a year ago by 2.5 degrees. There were more sunny hours than usual. The average is 147. The past month had 168, a difference of 21 hours. At the same time the rainfall was also above the ordinary, being 2.88, or 0.23 inches above the average. To cap the climax the snowfall was double the usual quantity, the amount being 2.2 inches. Of course the rapidity of the rain and snow falls accounts for these seeming inconsistencies. The observatory man was asked if there was really any foundation for the superstition that the weather of the first Monday and the last Friday of the month determined the weather for the ensuing month. He smiled faintly and answered no. There was probably more reason for the belief regarding St. Swithin's Day, which he had investigated, and found to be a case of six of one and half a dozen of the other.

KAISER HONORS MOMMSEN

With Empress Will Attend Funeral of the Historian.

Berlin, Nov. 3.—Emperor William and the Empress will attend the funeral of Prof. Mommson, Thursday, at noon, if the Wiesbaden programme admits of it. Otherwise their majesties will be represented by one of the princes. The expenses of the funeral will be borne by the municipality of Chottensbach, which years ago conferred on the deceased professor the freedom of the city.

U. S. SENATOR ARRESTED

Tammany Leader Gets Into Trouble at the Polls.

New York, Nov. 3.—Senator John C. Ferguson, Tammany leader, was arrested today at Albany. He was arrested in the polling place of the first election district of the Sixth Assembly District, a complaint of Charles Brewster, a Republican watcher, charging him with disorderly conduct. The senator was taken before Judge Pitkin, who arraigned him, and he was held in lieu of \$10,000. Fitzgerald followed a voter into the booth and tried to talk with him, refusing to step back when ordered by the officials. Fitzgerald denied the charge. He was paroled until tomorrow morning.

ARMY COMMISSION HAS WIDE POWERS

Can Make Clean Sweep of British Military Abuses.

THE WORLD'S PEACE IS MENACED

Disorganization Said to Tempt Enemies of England to Risk Alliances.

London, Nov. 2.—Lord Esher, Sir John Fisher and Sir John Arlath, King Edward's special commissioners for imperial defense, will enter this week on the task of revolutionizing the war office, and co-ordinating the military and naval services of the empire. The commission is empowered to do practically anything it may choose in the direction of reforming the establishment in Pall Mall. Authority has been given the commissioners not only to abolish abuses and substitute new methods without let or hindrance, but even to alter the personnel of the subordinate staff of the war office in any manner it may see fit. It is doubtful if powers so ample were ever before given a similar body in this country. This fact may be taken as an indication of the serious light in which the situation is regarded both by the King and the Government.

In the following words the correspondent is enabled to reflect the mind of one of the commissioners: "The blunders of the late war served to emphasize the extraordinary determination of the British people in the eyes of all nations. Nevertheless the prevalent military disorganization and the lack of sympathy and co-operation between the army and navy might at any moment become elements of fatal weakness to British arms. The conditions offer constant temptation to the enemies of the empire to risk alliances that could not be tolerated. Hence they are endeavoring to do all in their power to bring about a more efficient international peace and Anglo-Saxon institutions."

It is expected that the commission will devote six or eight months to the task. It is hoped that it will put the defenses of the empire on a soundest basis they have ever occupied.

CANDIDATE FOR PAISLEY

Cousin of Mr. John Mills, of This City, Nominated.

Ex-Bailie John M. McCallum, who was recently nominated as the Liberal candidate for Paisley, Scotland, is a cousin of Mr. John Mills, bookseller of this city. The choice of the Paisley electors was made at a large meeting, and it was unanimous. According to his speech, reported in the Paisley Express, Mr. McCallum is a staunch free trader, advocates a reform of the land laws, is in favor of the local veto, and is opposed to the educational bill. Speaking of him the Paisley Express says: "He has everything to commend him. On political questions he is sound on every point in the Liberal faith. He is the architect of his own fortune. He is a gentleman respected and looked up to by more than political sympathizers as a safe guide. In his private business he has been successful, and has won in the business world the admiration of all for his kindly and upright dealing. He was not born with a silver spoon in his mouth.
