SIXTY YEARS MARRIED. Mr. and Mrs. Neil Taylor, of the Hamilton road, this week celebrated the 60th anniversary of their marriage. The event was marked by the holding of a family reunion. Three score years ago Mr. and Mrs. Taylor were married in Argyleshire, Scotland. Immediately after their marriage they came to Canada, where they took up their residence for three years near Belleville. They then came to St. Thomas. where they resided about six years. They then bought a farm on the 11th concession of Yarmouth, in Elgin holding was known throughout the from their labors, and so left their to Animer and Springfield was made rural home to take up residence in for one year only. MUSIC AND DRAMA

"ARIZONA."

"Arizona," which comes to the New Grand next Friday evening, ran for 150 night at the Herald Square Theater, New York, with "Sag Harbor," "A Royal Family," "The Adventures of Marsac," "Lady Huntworth's Experiment," "San Toy," "Richard Carvel," "All on Account of Eliza," "Her Majesty," and "Rogers Brothers in Central Park" as its principal competitors for popular favor. Mr. Thomas' play outran them all, except "Florodora," in point of time, and drew crowded houses even with the opposition of Maud Adams and Sarah Bernhardt in the two rival productions of "L'Aiglon." This first year's triumph was repeated when 'Arizona" opened the Academy of Music last August and played another re-cord-breaking New York engagement of 15 weeks almost within the year. Chicago and Boston subsequently approved New York's verdict of Mr. Thomas' play, and Philadelphia indorsed it with an embarrassment of kind words and weeks of crowded houses.

"ON THE SUWANEE RIVER." That popular play of the sunny south -"On the Suwanee River"-will hold the stage of the New Grand next Saturday, matinee and evening. Messrs. Stair and Nicolai have given the play a thorough scenic outfit for this, its fifth season, and the company is practically the same as it has been in the past. Stella Mayhew will again be seen as Aunt Lindy. Miss Mayhew's portrayal of this role is a characterization of rare excellence. "On the Suwanee River" is a classic in comparison with the average attraction playing the popular theaters. Popular prices will

SOUSA WILL SOON BE HERE. Additional attractiveness will be lent to the spring season by the return of John Philip Sousa and his great band. Sousa did not need foreign approval to establish his superiority in the concert field, but his many friends find satisfaction in the knowledge that the Sousa band, the Sousa music and the Sousa concert, as well as Sousa himself, have all been accepted in Europe at exactly the same valuation that they placed upon them at home. As the Topical Times, of London, said: band is so supremely good that it can well afford to be judged upon its own merits." It will interest many to know much a component part of the Sousa programme as are the printed num-bers themselves, and the "March pect and demand them with a prod-igality only exceeded by the liberality and graciousness with which Sousa responds to such demands. He is constantly changing these breezy, jolly, extra bits, which he selects with rare judgment and discrimination. Sousa possesses the knack of taking a commonplace theme and dressing it up, washing its face and smartening its

THE LONDON PRESBYTERY

Regular Meeting Held in Knox Church, St. Thomas.

Some Interesting Statistics From Thirty-Six Pastoral Charges in the District.

The Presbytery of London held its regular meeting in Knox Church, St. Thomas, Tuesday morning, at 9 o'clock, Rev. Mr. Lawrence, moderator, pre-

After the minutes of the previous meeting had been approved, it was agreed, on the suggestion of Rev. Mr. Henderson, that a telegram of condolence be sent to the son of the late Principal Grant in the name of the presbytery.

On motion of Rev. W. J. Clark, seconded by Rev. H. W. Reede, a committee, consisting of Rev. J. G. Stuart, Dr. McCrae and the mover, was appointed to draw up a resolution in regard to the life and services of the

late Principal Grant. Revs. Mr. Armand, W. H. Madill, J. R. Mann, Robert McDermid David Cockburn, C. Rutherford, T. L. McKee and T. R. Forbes are the names of those for whom applications are to be made to the General Assembly for admission to the Presbyterian Church in

The clerk read returns from eight sessions in regard to the methods of meeting traveling expenses of members of presbytery. A number of ministers also reported action taken by their sessions. It was decided, in view of the fact that full returns had not been made, that the matter should be laid on the table until the meeting in Sep-

The following resolution in regard to

the death of Principal Grant was adopted, and ordered to be recorded on the minutes, and a copy forwarded to the son of the deceased gentleman: "The Presbytery of London desires to place on record its deep sense of the great loss sustained by the Presbyterian Church in Canada, as well as by the whole Canadian nation, in the death of the Rev. George Munro Grant, principal of Queen's University. Principal Grant had been one of the first citizens of Canada. In its national life, in educational affairs, in the work of the Church of Christ, his voice ever rang out strong and clear, and only the great Master of all can know how largely his talents and character have helped in these various spheres of human effort. While mourning the loss suffered, we rejoice in the remembrance of this noble and eminently useful life, and pray that the Giver of all gifts may raise up men of a like spirit to lead the present and coming genera-

tions." The session records of Fingal were approved. Rev. Mr. Wilson obtained permission to moderate in a call to Wards-

ville and Newbury. Rev. Mr. Burnett reported that his report on Sabbath schools had been consumed when his manse was burned, but he could state that there had been an advance in almost all the work of the Sabbath schools within the bounds of the presbytery.

The presbytery adjourned, to meet the second Tuesday in July in First Church, Westminster, at 11 a.m. The ladies of Knox Church entertained the presbytery to dinner, and a hearty vote of thanks was passed to

them for their hospitality. After dinner Rev. Mr. Wilson, of Neemuch, India. gave an interesting account of the mission work in Central India, for which he was tendered the hearty thanks of the presbytery.

INSIDE THE GROCERY

Some Facts Made Known.

It is often thought that grocers really have very little care regarding the food value of the articles they sell, but the real facts are that grocery keepers of the right sort are extremely particular as to what they recommend. One of the fraternity relates a tale. "The highest priced coffee on the market I introduced to my customers and used myself. I began to have bilious attacks and after a little observation attributed them directly to coffee. Every time I left off drinking it I got better, but I felt the need of a warm

drink for breakfast. Along in '96 a wholesale grocer urged me to put in some Postum Food Coffee in my store, which I did with considerable misgiving, for, at that time, the now famous Postum was not so

well known. "He urged me to try it myself, which tasteless beverage, so was my wife. I remembered the wholesale grocer said something about following directions carefully, so I took the package and studied it. I at once discovered that we had not boiled it long enough, only three or four minutes, but it must be boiled 15 minutes at least, so we tried it again, with the result that we got a perfect cup of coffee, a delightful and healthful beverage. I have continued the use of Postum in my home ever

since. We use it for breakfast, dinner and supper. "My bilious attacks quickly left and I am free from them altogether. I began to explain to my customers something of the value of Postum Coffee and now have a very large trade on it." Name given by Postum Company,

The story of the unfortunate young woman's experience was gone into in detail, and medical evidence was given to show that in the wearisome walk from the house at 198 Elizabeth street to the home of her brother, Robert Moon, in Highland Creek, 15 miles from the city, the girl's mind was affected by extreme physical exhaustion, and on this was based the plea of irresponsibility by T. He went directly to his office on Elm street and a few minutes later was discovered to have taken a heavy dose of creosote, intending to end his life. He was discovered by his wife, who ran to the nearest drug store for an antidote. Medical aid was summoned in time to save him. McDowell has wealthy parents, residing in Chelsea. He came to this city less than a year ago, and opened an office on Elm street. He enjoyed a good practice and there was nothing except the recent scandal to cause such an act.
