LONDON, MONDAY, MARCH 27. NORTH MIDDLESEX AND RECI-PROCITY.

llesex Liberals on Saturday was well attended, and was enthusiastically pnanimous in its indersation of the peciprocity agreement. No part of the for not "keeping the home manufafrom a free American market for the of the negotiations while they were products of the farm than the county made by the member for the north parties to the conference to keep th is a prominent breeder. No branch of from the removal of all obstructions Mr. Baltour's suggestion certainly involving a coercion of Canada in the between the two countries. The pres-Ded at more than \$14 per head is 2712 per cent. on horses valued at over duties will be swept away and a market thrown open in which prices range ments to the sale of pure-bred stock, of which North Middlesex makes a specialty, will be not the least of the dian affairs. benefits that will flow from the agree. what he has done in the recent transment, as Mr. Smith pointed out. Minister of Agriculture, in his speech in the House of Commons, touched on stock interests and sounded this warning:

continuously to the fact that the supplies from America are decreasing, and they are looking more to Argentine and to Australia and to Australia and to New Zealand for their supplies of meat. Still, America, and the United States especially, send them large supplies. The reason for the falling off in the cattle export from America is that the continent of America for us to see to it that the whole context than does the old country for these products. It is, therefore, very important for us to see to it that the whole content of North America is open to our farmers, and if we do not do that we shall be face to face with the fact that our farmers will be flooding the English market with these face to face with the fact that our farmers will be flooding the English market with these shall be face to face with the fact that our farmers will be flooding the English market with these for the north of the long established vogue of the fact that our farmers will be flooding the English market with these for the mean Englished and poor chance with the fact that our farmers will be flooding the English market with these for the mean 250 years, and a grafted upon his British stock the alterness and snap of his American in eighbor, and if he gets the worst of it in any trade with Uncle Sam, it will be counted that as produced under their James, with Scotch scholars' collaboration in it as produced under their James, with Scotch scholars' collaboration, But for the union of the crowns, and this collaboration, But for the union of the erowns, and this collaboration, But for the union of the erowns, and this collaboration, the union of the erowns, and this collaboration, But for the union of the erowns, and this collaboration, the union of the erowns, and this collaboration in it as produced under their James, with the scotch scholars' collaboration, But for the union of the erowns, and this collaboration in it as produced under their James, with its asproduced under their James, with the scotch scholars' collaboration in the Ing the English market with these supplies and knocking down the price of these products below what is perhaps a living price."

in answer before Tuesday.

It is generally considered there was no alternative course, in view of China's utter unpreparedness for war. Intense interest is being manifested in the attitude of Japan, which is obviously holding entirely aloof, al-though more powerful than ever at Pekin.

While the issues between China and Rassia have been almost obliterated by the recent series of ultimatums and, theoretically, insufficient cause for occupation exists, Russia apparently fears that she could obtain only paper promises, which the Chinese would not observe unless intimidated would not observe unless intuinidated.

Russlans here point out that they
have less now in the way of concessions from China than when the
treaty was signed.
