MARCH 16.

Pisces men, for this is the sign that governs this birthdate, probably on account of their training and education, are more careful and methodical in their daily habits than Pisces women, although just as restless. The women are wavering and uncertain in all their actions. They lose their belongings, and mislay those of other people. They drop things and forget to pick them up. They are constantly in them up. They are constantly in nervous quandary.
Women of this date are often troubled by fits of despondency and melancholy and weeping, and frequently suffer from nervous pros-

tration.

If they will only understand, this aiment may be entirely dominated and forever cast out by those who realize that their mind is the
