## HIGH HONORS FOR R. ROOSEVELT

### Ex-President Yesterday Guest of Intellectual Paris—Parti- cipates As Member in Ses- sion of French Academy

### DELIVERS LECTURE AT THE SORBONNE

### Dwells at Length Upon His At- titude in Regard to Human Rights and Property Rights —Presents From Faculty

PARIS, April 23.—To use Colonel Roosevelt's own words, today marked the crowning of his career as a man of letters. From noon until midnight he was the guest of intellectual Paris, participating as a member at a session of the French Academy, delivering a lecture at the Sorbonne, which, as he said, was the foremost seat of learning in Europe before America was discovered, and remaining as the guest of the faculty for dinner. The reception given by the university in his honor.

Col. Roosevelt's reception at the institute, and that at the Sorbonne, were equally impressive, but in a different way. In the former he was introduced merely as a member, and he took a seat among his distinguished colleagues, one of whom have grown old in the service of science. Several times in his address, Mr. Roosevelt interjected observations in French, and after he had defined his attitude on the subject of human rights and property rights, he repeated this in French, saying that it constituted the crux of what he had said and he desired every one to understand him. His words in this connection were: "My position as regards the moneyed interests can be put into a few words. In every civilized society property rights must be properly safeguarded. On the other hand, the great majority of human rights belong to man, and not man to property."

Following the lecture, Vice-Rector Liard, in behalf of the university, presented Mr. Roosevelt with a banner. Jefferson and two verses made from a certain number of lines had been made from the government factory at Sevres, but in some way one of Jefferson's lines had been omitted. The French ambassador, who arranged to have the original order executed.

### HORSE SHOW CLOSED

Vancouver's Third Event of the Kind  
Passes Off Satisfactorily—Many  
in Attendance.

VANCOUVER, April 22.—Vancouver's third horse show closed tonight with a record very satisfactory to all concerned. The number of entries was over 1100, which was more than 300 over those of last year, and horses were in attendance from Woodstock, California, on the south; Brandon on the east; and Canada and Lee's station, Montana, in the west.

The week has been a busy one in the city, many prominent visitors being here to attend the show. The awards were made without any disagreement, and the different events were carried through without a hitch, and the arrangements were such that made a most really good entertainment for the large number of people who attended at the different sessions.

That a horse show could be carried on for three sessions a day and for four days and a night indicates the great interest taken in horses on the coast. This annual event, coupled with the show held in Victoria, will make a long way toward bettering the grade of horses in British Columbia.

Takes Poison for Sails  
DENVER, April 22.—Through a mistake of a nurse who had administered a dose of Epsom salts, Mrs. Myron E. Tubbs, of Junction City, Kan., died a violent death at Marcy hospital today.

Vancouver Divorce Case  
VANCOUVER, April 22.—Ex-Ald. W. J. Cavannah's divorce proceedings entered today by his wife, Mrs. E. Cavannah, of Crystal City, Manitoba, who is seeking a divorce or divorce. The document filed in the supreme court alleges the usual statutory grounds. Miss Campbell being named as corespondent.

Sweeping Labor Reforms  
JOHANNESBURG, April 22.—As soon as the Union Government will inaugurate sweeping reforms in the management of the mines, it will be necessary to make a clean sweep of the mines, but also of an improvement in the methods of recruiting.

The result of these reforms will be an increased supply of colored labor for the mines. As soon as the reforms come into operation, it is estimated that 60,000 natives will be available for work. The Union Government will also keep in mind the necessity of increasing the immigration of white labor by offering increased facilities for working on the mines.

But white men are not wanted on the Rand alone. The Union Government have to hand a scheme for attracting white settlers to other parts of the Union, especially in Zululand.

## APPEAL TO GAEKWAR

### Hindus Plan to Obtain Prince's Services As Mediator With Dominion Government.

VANCOUVER, April 22.—Sir Sayajji Rao III, Gaekwar of Independent state of Baroda, and second in point of power to only one other native prince of India, the Mism of Hyderabad, will be appealed to by the Hindus of Vancouver and the remainder of the British Pacific coast to act as their mediator at Ottawa in an endeavor to secure a reduction in the restrictions on immigration of their countrymen now enforced by the government of Canada.

## THREE BURNED

### Cincinnati Hotel Destroyed—Three Men Dead and Several Others Missing.

CINCINNATI, April 22.—Three persons are known to have lost their lives and at least a half dozen are missing and are believed to have perished in a fire which practically destroyed the hotel "Thomas, Walnut and Sweet streets, tonight. Two of the dead have been identified as Walter G. Cameron, a lawyer, and Harry Lawrence, a newspaper employe. The third body has not been identified.

## NO LEAK AT HEIGHT OF NINE FEET

### Smith's Hill Reservoir Puzzle Enters On a New Phase— City Engineer to Carry Out Further Tests

The Smith's Hill reservoir puzzle has entered upon a new and interesting phase. It is at present filled to a height of nine feet and during February and March showed a leakage of 100,000 gallons daily when the reservoir was filled to a height of twelve feet the daily leakage was 300,000 gallons.

Following the adoption of his recommendation that the reservoir should be sealed at a cost of \$400 City Engineer Smith has been slowly having it filled in order that he may estimate the leakage at different heights. He wishes to find out the volume of water lost daily from the height at which the leakage begins to leak and at different stages of filling until it is full.

Whether the recent salubrious weather conditions have had the effect of hardening and solidifying the material of which the reservoir is constructed is a question upon which City Engineer Smith is at present unable to venture an opinion, though he will probably be able to say when further tests are carried out.

He points out that an erroneous idea prevails that when the reservoir is being filled the water which it contains is lost to the city whenever the pumps are merely stopped working and that water is allowed to gradually run out through the pipes which supply it. This is not the case, as the volume of water being used in the city is not increased by the amount of water in the reservoir by more than nine inches which has been the daily average for the last few days.

Bellingham Lawyer Dead  
BELLINGHAM, Wash., April 22.—Judge R. W. Rose, one of the best known lawyers of the Pacific Northwest, died on his farm home near Linden, this morning, of Bright's disease. He was 54 years of age and had practiced in Bellingham for twenty years, coming here from Kansas.

Convict Recaptured  
LEAVENWORTH, Kan., April 22.—After being at liberty 48 hours and seeking cover like a hunted animal, Theodore Murdoch, one of the six convicts who made a dash for freedom last Thursday from the federal pen, was captured tonight. Murdoch was seen by a by-stander by which a party of five living three miles east of the penitentiary. The convict was surrounded by armed farmers but refused to surrender until a large detachment of guards arrived.

HONOLULU, April 22.—John T. McCutcheon, the Chicago cartoonist and writer, who was for some time with the steamer "Asia," is returning here today. McCutcheon predicts that the immigration of white labor by offering increased facilities for working on the mines.

But white men are not wanted on the Rand alone. The Union Government have to hand a scheme for attracting white settlers to other parts of the Union, especially in Zululand.

## ENORMOUS LOSS THROUGH STORM

### Blizzard That Raged Yesterday Estimated to Have Caused Damage of \$30,000,000 in Middle Western States

NEW YORK, April 22.—The body of Mark Twain began today its last journey on the sunny chamber where it had lain in "Stormfield" to the spot in God's Acre, where it shall rest at last among those whom he "loved long since and lost a while."

## TOTAL DESTRUCTION OF FRUIT CROP

### Further Snow and Frost Predicted by Weather Forecasters from Los Angeles

CHICAGO, April 22.—In the most disastrous and far-reaching storm experienced in a generation, damage to vegetable crops and fruits and vegetables amounting to more than thirty million dollars has been wrought in the middle west.

The Midwestern fruit belt, the backbone of the fruit country, is described as almost wholly wiped out. Fruit in Illinois and Iowa not only has buds, flowers and fruit, but threatens to rot on the trees.

Experts here estimate the losses in ten states as follows: Illinois, \$6,000,000; Iowa, \$10,000,000; Indiana, \$2,000,000; Michigan, \$4,000,000; Wisconsin, \$2,000,000; Kansas, \$1,000,000; Kentucky, \$1,000,000; Missouri, \$2,000,000; Ohio, \$1,000,000; Nebraska, \$1,000,000.

The forecast of more storms, with continued cold, northwest winds, indicates further extensive damage. On the lakes the storm has also done much damage, but details have not yet been received. The passenger steamer Iowa, of the Goodrich line, was stranded between Racine and Milwaukee through her steering gear giving way. Her passengers are not thought to be in any danger.

Blazes in Vancouver  
VANCOUVER, April 22.—Fire broke out at 2 o'clock this afternoon in the furniture store of J. P. Morgan & Co., at the corner of Pacific and Main streets. The fire started in the northwest corner of the store and spread rapidly. By the time the equipment had been taken out, the fire had spread to the upstairs portion of premises.

Fernie Mill Hand Killed  
FERNIE, April 22.—Ziruk, a Slavonian, aged about 23, an employe of the Elk Lumber company, was killed this morning about 1:30 o'clock. The body was found on the lower floor of the mill, but the cause of death is unknown, as no one was around when the accident happened. Ziruk had only been with the firm a short time. He was engaged on the night shift. An investigation is proceeding to determine the cause of the accident.

Fast Time With Autos  
SAN FRANCISCO, April 22.—Barney Oldfield lowered the coast auto mobile track record for one mile, one-fifth of a second this afternoon on the Ingleside course, when he drove a Buick in 58.1 seconds. He was followed by a crowd of 5,000 people in his 240 horsepower Buick car. The time was under the hour and a half. Kercher's mile was done in 54.90 seconds in a Darracq. Although Oldfield took the two mile event in his giant from Kercher in 2:16.65, the race was contested at the end of the program on account of the fact that Kercher's Darracq had balked at the start of the first run. In the second try Kirschler led and won in 2:02.90.

High Treason Parole  
VIENNA, April 22.—The colonial force of eight treason trials at Agraham has an epilogue in the announcement that all the sentences passed on all the prisoners have been annulled. The brothers Prebivizas, the chief of the prisoners, have just been released. The rest were set free last December.

The trial began in the early spring last year and dragged on till October. Fifty-three Servians were accused of complicity in a Pan-Serbian plot against Austria-Hungary. The proceedings were conducted with great harshness and injustice, and though the evidence was of the firmness, the prisoners were condemned to a very rigorous imprisonment, and twenty-nine of their fellow prisoners were sentenced to varying terms from four to seven years.

The trial was contemporary with the Anglo-Serbian crisis, and the verdict was probably greatly influenced by the political situation.

OWEN SOUND, Ont., April 22.—George Boyd, 35 years old, a C. P. R. brakeman, was crushed to death while coupling cars at Chateaufort this morning. He came here from Toronto only a week ago. He was married.

## ON WAY TO GRAVE

### Body of Mark Twain to Be Taken to Elmira Today—Funeral Services in New York

NEW YORK, April 22.—The body of Mark Twain began today its last journey on the sunny chamber where it had lain in "Stormfield" to the spot in God's Acre, where it shall rest at last among those whom he "loved long since and lost a while."

Funeral services were held in the old Presbyterian church at Fifth avenue and 67th street, this city, by Dr. Henry A. Vanduyke, professor of English literature at Princeton university, and a sermon was preached by Rev. H. W. Fritchell, Hartford, Conn. Mark Twain's old friend and pastor.

Early tomorrow morning the body will leave for Elmira over the Lackawanna railroad. In accordance with the wishes of the family the services today were brief and simple. The only music was one organ prelude. There was a modest display of white lilies, orchids and sweet peas at the coffin. The coffin was by card, but after the friends of the family had been seated, the church was travelled far and the general public. The services took but half an hour.

Bad Gang Arrested  
PORTLAND, Ore., April 22.—The sheriff's office of Portland is satisfied that the slaughter of a gang of eleven men at Spaldane yesterday headed by Edie Johnson, a gang which had been active in the northwestern part of Washington has been apprehended. The sheriff is convinced that a number of the gang are in the city and many crimes committed were the work of Johnson's gang. Although the gang was well kept by the general public, the sheriff is convinced that the gang if they are not prosecuted in that city.

## JAMES J. HILL GOES FISHING

### Gives Possible Reason for Trip to Coast With Financiers— Ex-Senator Clark Makes a Significant Remark

CHICAGO, April 22.—Accompanied by Charles F. Baker, president of the National Bank of New York, and George F. Stone, of the firm of J. P. Morgan & Co., James J. Hill departed from Chicago today aboard the Great Northern Pacific coast. Through the courtesy of an extended trip through the Northwest Pacific Coast. Hill's trip to Chicago from St. Paul was made solely to meet the ex-Senator.

When asked regarding the elusiveness of the trip, Mr. Hill said: "I don't know anything about the northwest coast. I am going fishing in getting pretty good there a little while. I expect we will do several hours after the Hill party had left, former United States Senator William Dawson, who had arrived here on the way to New York. When questioned regarding a report that the Hill party had been in the city and had been fishing, Mr. Hill replied himself with Mr. Dawson, "It's rather early to talk of the venture now, but I look forward to me, and I may go into the deal."

## SEIZED FOR TAXES

### City of Regina Places Bailiff in C.P.R. Commercial Telegraph Office

REGINA, April 22.—Seized for taxes, the commercial telegraph office of the C.P.R. is today in the hands of the Regina police. The office was seized yesterday. This action was taken on account of the difficulty experienced by the company of the floor space and business tax, which according to legal advice is payable to the city. The company is liable to pay on the total sum claimed by the city is \$453.30, being three years arrears of taxes.

The company claims exemption under the general exemption clause, and the case will in all probability be finally fought out in the courts. Meanwhile the bailiff sits in charge, and unless the company can secure the intervention of the courts, after the lapse of five days, the goods will be seized and sold to satisfy the city's debt.

Similar proceedings, it is understood, will be taken against the Dominion Express Company, which, like the C.P.R., has refused to contribute to the city's exchequer.

Partnership Scheme  
LONDON, April 22.—The men employed in Irvine's shipyard at the dockyards have voted against the continuation of the partnership scheme. The vote in five trade union branches was 1,499 to 588.

Inquiries among the workmen show that the main reason of the rejection of the scheme is that such irregularity of work has arisen that a part of the men have failed to secure a full year's employment. It is also stated that co-partners are unable to obtain employment in other local yards, and further, the opinion is held that the scheme would act to the disadvantage of the trade union at a time of crisis.

Still another reason is held that several of the lower-paid co-partners during slack periods have had to enter the ranks of the unemployed, and that some of the lower-paid co-partners during slack periods have had to enter the ranks of the unemployed, and that some of the lower-paid co-partners during slack periods have had to enter the ranks of the unemployed.

Revelations has resolved that its dog tag this year shall be \$2 for dogs and \$1 for puppies.

## ESTIMATES ARE RUSHED ALONG

### Members of Commons Show Eagerness to Arrive at Pro- position Point—Large Amount Voted Yesterday

OTTAWA, April 22.—The usual end-of-the-session estimates of the House of Commons were passed, practically without opposition, a big hole was made in the supplementary estimates. Mr. Oliver got rid of his important votes, and all went merry as the proverbial marriages bell.

## LITTLE CRITICISM FOR MOST ITEMS

### Abuse of Franking Privilege Comes Up For Annual Dis- cussion—J. D. Taylor Enters Serious Objection

EDMONTON, Alta., April 22.—A profit of over \$4,000 with two days of the big place of Edmonton property was made here this week by R. Dabney, of Portland, Ore., who bought a Main street corner at 106, 000 on Tuesday and sold it last night to Toronto capitalists for \$110,000. The Toronto men will build a big office building on the property.

On the other hand, Miss Houlahan, whose cross-examination has not been completed, has buoyed up the hopes of the defense. Attorney Frank P. Walsh, chief counsel for Dr. Hyde, has under the coaching of Mrs. Hyde, been able to obtain some admissions damaging to the state's case from the witness.

Two hundred thousand dollars is the amount the county will spend before the trial ends. Attorneys in the county believe the case will not go to the jury for five or six weeks. Mr. Walsh said today that he believes the money would be completed within three weeks. The state has 37 witnesses to call. How many they will summon is only known to Mr. Walsh, and he will not tell.

Interest now lies in the coming testimony of Mrs. Hyde. Although the state was denied the privilege of going into the private life of Dr. Hyde in the opening stage, it expects to possibly show motive on the part of Dr. Hyde in connection with the alleged killing of Mrs. Swopes. Mrs. Hyde, the defense will offer Mrs. Hyde as a witness. Judge Lathrop's ruling that the state was denied the privilege of going into the private life of Dr. Hyde in the opening stage, it expects to possibly show motive on the part of Dr. Hyde in connection with the alleged killing of Mrs. Swopes.

At the annual meeting here of the Nugget Gold Mines, Ltd., operating at Sheslay Creek, the old directors were elected, and the report presented was decidedly satisfactory, showing good financial management and excellent indications of a successful year at the mine. Last year 5,000 tons were milled, producing \$7,860. The concentrate average \$5,000 at the smelter.

There are no developments in the strike among the C. C. Copper Co.'s men at Greenwood. The company has given the men until today to return to work.

The total production for the week is 45,122 tons, and for the year to date 404,303 tons. Smelter receipts total 45,100 tons and 707,874 tons.

## STRONG FIGURE IN PRUSSIAN POLITICS

### Herr von Heydbrand Known As "King of Prussia" Likely to Be Made Minister of Interior.

BERLIN, April 22.—The most interesting political gossip of the week concerns the alleged impending appointment of Herr von Heydbrand, leader of the Conservative party, as Minister of Interior. Herr von Heydbrand is known as the "uncrowned King of Prussia." He gained a title during the Reichstag struggle in connection with the Finance Reform Bill. He is a powerful man in Prussia, and his entire bearing corresponds to his position and authority as a statesman. He is a descendant of Napoleon. It has been said that his elevation to the Prussian Home Office would be equivalent to the surrender of the crown to the uncrowned ruler of the realm.

The present Home Minister, Herr von Moltke, has acquired great unpopularity during the acrimonious Prussian Reform agitation, and his dismissal would be interpreted as a Government concession to public opinion as well as the all-powerful Agrarian-Conservative party.

Increase in Wages  
CLEVELAND, April 22.—Two thousand dollars worth of new machinery was ordered by the city of Cleveland for the new water works. The city engineers employed by the Big Four road have been given a substantial increase. It would not say how much.

Wanted for Sedition  
OTTAWA, April 22.—The preliminary hearing of the case of the two young men lost their lives, did not end today. The hearing will go to the jury's department. Quebec witness Magistrate Rainville of Hull to go to Shawville to hold the trial, but he did not do so. The hearing will be open at 10 o'clock in the morning. Mrs. Murphy is likely to be charged with aiding and abetting the crime. Two men are detailed to guard the prisoners at Shawville lockup, to assist the sheriff.

Revelations has resolved that its dog tag this year shall be \$2 for dogs and \$1 for puppies.

## IBSEN APHORISMS

### Dramatist Says That Marriage Has Not a Right, but a Duty on Individuals.

PARIS, April 22.—Some unpublished "thoughts and aphorisms" by Henrik Ibsen, are printed here. Says the sage: "It is folly to speak of free men. There are no free men. Marriage, the relations between man and woman, have corrupted the human race and put the seal of slavery on individuals."

"The cult of 'La Patrie' is only a stage in the human intelligence."  
"It is inadmissible that savants should torture animals in the name of science. Doctors ought to try their experiments on journalists and politicians."

"Modern Society is not a society of men and women; it is a masculine society."  
"When the Liberals wish to ameliorate the condition of women they begin by consulting public opinion; that is to say, men. You might as well ask the wolves to favor measures for the protection of sheep."

"To desire and to wish: our greatest fault comes from a confusion of these two terms."  
"A new aristocracy is coming into being; it is the aristocracy of will."  
"Has the evolution of the human species taken a wrong turn? Why do we belong to the earth rather than to the air or the sea? The desire to possess things, he dreams in which, without astonishment, we believe our selves to be flying, what do they mean?"

Profit Came Soon  
EDMONTON, Alta., April 22.—A profit of over \$4,000 with two days of the big place of Edmonton property was made here this week by R. Dabney, of Portland, Ore., who bought a Main street corner at 106, 000 on Tuesday and sold it last night to Toronto capitalists for \$110,000. The Toronto men will build a big office building on the property.

## FAVORABLE WAR EAGLE

### New Body of High Grade Ore Struck in Noted Rossland Mine—Le Roi Company Is Hopeful of Similar Success

NELSON, B.C., April 22.—Confirmation of the recently reported strike in the War Eagle mine, Rossland, of an entirely new body of high grade ore has been made, and the importance of the discovery has been rather under the old estimate. The shipments are said to average \$40 per ton in gold and about 5 per cent copper.

The Le Roi management hopes to attain similar results, and is pushing their diamond drill work as fast as possible.

At the annual meeting here of the Nugget Gold Mines, Ltd., operating at Sheslay Creek, the old directors were elected, and the report presented was decidedly satisfactory, showing good financial management and excellent indications of a successful year at the mine. Last year 5,000 tons were milled, producing \$7,860. The concentrate average \$5,000 at the smelter.

There are no developments in the strike among the C. C. Copper Co.'s men at Greenwood. The company has given the men until today to return to work.

The total production for the week is 45,122 tons, and for the year to date 404,303 tons. Smelter receipts total 45,100 tons and 707,874 tons.

## TOURING STUDENTS

### British Graduates to Visit Canada and Study Leading Questions.

LONDON, April 22.—The scheme for an international interchange of students is being developed gradually. Arrangements have been made for about a dozen British University men and women to visit North America. Among them is a lady who holds a Research Fellowship at Somerville College. She will leave England on May 21 for Santa Fe, New Mexico, where she will study the social organization of the Pueblo Indians. Her tour will last six months and will include visits to "Carleton," the famous Indian school, and Bryn Mawr.

A graduate who holds the Mitchell Scholarship at the University of London is going for six weeks to study the practical administration of tariffs in Canada and the United States. His tour will take in St. John, Montreal, Quebec, Ottawa, Toronto, Philadelphia, Baltimore, Washington and New York. He will visit Yale and Harvard. A Durham University man is going almost immediately for two months to study agriculture in Canada and the United States. He will penetrate as far west as Calgary and Edmonton, and will also visit Madison, Wis. All these are travelling under the auspices of the International Interchange, which has made the arrangements and provided the special facilities.

Profit in Feeding Wheat  
CALGARY, April 22.—Wheat that even millers reject, and that sells for half the price obtained for number one, is when fed to steers, worth \$1.28 per bushel. This is the experience of the Lacombe experimental farm, where an exhaustive test has recently been completed. The steers were fed during the winter, and a careful record kept of the cost of the grain and labor, the net profit being practically \$17 per head. J. Y. Griffin secured the bunch.

Rossland is fixing the transient real estate license fee at \$100.

FIFTIETH YEAR

## TRIAL TO COST IMMENSE SUM

### Swopes Murder Case Expected to Involve Expenditure by County of \$200,000—Likely to Continue for Some Weeks

On the other hand, Miss Houlahan, whose cross-examination has not been completed, has buoyed up the hopes of the defense. Attorney Frank P. Walsh, chief counsel for Dr. Hyde, has under the coaching of Mrs. Hyde, been able to obtain some admissions damaging to the state's case from the witness.

Two hundred thousand dollars is the amount the county will spend before the trial ends. Attorneys in the county believe the case will not go to the jury for five or six weeks. Mr. Walsh said today that he believes the money would be completed within three weeks. The state has 37 witnesses to call. How many they will summon is only known to Mr. Walsh, and he will not tell.

Interest now lies in the coming testimony of Mrs. Hyde. Although the state was denied the privilege of going into the private life of Dr. Hyde in the opening stage, it expects to possibly show motive on the part of Dr. Hyde in connection with the alleged killing of Mrs. Swopes. Mrs. Hyde, the defense will offer Mrs. Hyde as a witness. Judge Lathrop's ruling that the state was denied the privilege of going into the private life of Dr. Hyde in the opening stage, it expects to possibly show motive on the part of Dr. Hyde in connection with the alleged killing of Mrs. Swopes.

At the annual meeting here of the Nugget Gold Mines, Ltd., operating at Sheslay Creek, the old directors were elected, and the report presented was decidedly satisfactory, showing good financial management and excellent indications of a successful year at the mine. Last year 5,000 tons were milled, producing \$7,860. The concentrate average \$5,000 at the smelter.

There are no developments in the strike among the C. C. Copper Co.'s men at Greenwood. The company has given the men until today to return to work.

The total production for the week is 45,122 tons, and for the year to date 404,303 tons. Smelter receipts total 45,100 tons and 707,874 tons.

## MANY WITNESSES ARE TO BE CALLED

### Damaging Evidence Against Dr. Hyde Is Given by Nurse Kel- ler—Other Nurse's State- ments Help Defence.

On the other hand, Miss Houlahan, whose cross-examination has not been completed, has buoyed up the hopes of the defense. Attorney Frank P. Walsh, chief counsel for Dr. Hyde, has under the coaching of Mrs. Hyde, been able to obtain some admissions damaging to the state's case from the witness.

Two hundred thousand dollars is the amount the county will spend before the trial ends. Attorneys in the county believe the case will not go to the jury for five or six weeks. Mr. Walsh said today that he believes the money would be completed within three weeks. The state has 37 witnesses to call. How many they will summon is only known to Mr. Walsh, and he will not tell.

Interest now lies in the coming testimony of Mrs. Hyde. Although the state was denied the privilege of going into the private life of Dr. Hyde in the opening stage, it expects to possibly show motive on the part of Dr. Hyde in connection with the alleged killing of Mrs. Swopes. Mrs. Hyde, the defense will offer Mrs. Hyde as a witness. Judge Lathrop's ruling that the state was denied the privilege of going into the private life of Dr. Hyde in the opening stage, it expects to possibly show motive on the part of Dr. Hyde in connection with the alleged killing of Mrs. Swopes.

At the annual meeting here of the Nugget Gold Mines, Ltd., operating at Sheslay Creek, the old directors were elected, and the report presented was decidedly satisfactory, showing good financial management and excellent indications of a successful year at the mine. Last year 5,000 tons were milled, producing \$7,860. The concentrate average \$5,000 at the smelter.

There are no developments in the strike among the C. C. Copper Co.'s men at Greenwood. The company has given the men until today to return to work.

The total production for the week is 45,122 tons, and for the year to date 404,303 tons. Smelter receipts total 45,100 tons and 707,874 tons.

## LEPROSY VICTIM

### Woman Suffering With Disease Found in Greenwood New York East Side Tenement.

NEW YORK, April 21.—Suffering from what is believed to be leprosy in its advanced stage, an unfortunate woman, coddling an eight-month-old babe to her breast, was found by Dr. Frank C. Ballou, of the Hospital, today. The woman, who is a native of the city, was found in a tenement room in a tenement on the East Side. She was found in a tenement room in a tenement on the East Side. She was found in a tenement room in a tenement on the East Side.

SE
