

MANY ACCIDENTS

MARK LUMBERING

One Man Hurt on Saturday Did Not Reach Hospital Till Wednesday.—All Doing Well

The lumber business this year is taking more than its usual toll of the men. One physician was heard to remark that he could not remember when he had so many calls for accidents as he has had so far this year.

Among the recent injuries received was that of Thomas Belanger, working for the Chaleurs Bay Mills Co., in Quebec just across the New Brunswick line. Belanger had his hand almost severed from the wrist by a fellow workman who struck as Belanger reached his hand for the tree. It was at first feared that the hand could not be saved, but it is now doing well, however that it may be spared.

Another victim is that of Rudolph Maltis who while working on the Kedgwick accidentally struck the axe into his foot completely severing the toes. Though the accident happened on Saturday he did not reach the hospital in Campbellton till Wednesday, many miles having to be traversed on a woodsled.

Another unfortunate was Napoleon Alsop upon whom a tree fell fracturing his leg while working for Andrea Mishoud, contractor on the Tobique. Alsop was brought into Campbellton on Friday evening, the 27.

BAD WATER

Many citizens complaining this week regarding the taste of the drinking water in town. The water department explained that this was caused through a large area being added to Smith's Lake, which was lately cleared, and the taste is coming from the vegetable growths on the land. The water being so very high, the overflow has been running to the town reservoir, but this taste in the water, which is harmless and purely vegetable, will disappear in a few days.

KING'S COLLEGE

STUDENTS ENLIST

Supporters of King's College will be proud to know that eight more men signed on as privates from this institution last week. Amongst the number were Mr. G. B. Murray, son of the Premier of Nova Scotia, and Mr. George Harley, son of Professor Harley of Kings. Including those who joined with the 1st Contingent and four chaplains, twenty-three are now serving King and Country at the front.

SUBSCRIPTIONS

TO PATRIOTIC FUND

Now Over \$5000 and More Still to Come in.—County Lists Yet to Come in

The subscriptions to the Patriotic Fund are much smaller this week, but the amount should be greatly swelled by the county lists, which ought soon to be coming in now. The sum collected in the town is now well over \$5000, and there are still a few subscriptions to be received. The Graphic again brings this fund to the notice of their subscribers, and any amounts sent in to this office, will be gratefully acknowledged and handed to the proper authorities.

WHIST PARTY

On Tuesday evening, a Whist party was given in the council chambers on behalf of the Hotel Dieu. About 30 tables were engaged, and a most enjoyable evening was spent. During the evening the ladies served refreshments. The prize winners were: Ladies first prize, Mrs. Hogan; Booby prize, Miss Dufour; Gent's first prize, Mr. Renaud; Booby prize, Dub Sullivan.

NOT PROFICIENT

A member of an athletic club, after swimming the length of a large tank in the basement of the institution came out puffing and blowing and apparently exhausted.

"You don't manage your breathing right," said the swimming instructor. "It ought not to tire you so. As to the upper part of your body, including your arms, you use exactly the same muscles and in very much the same way in swimming as in sawing wood."

"No I don't," gasped the swimmer, "when it comes to sawing wood I use the muscles of some other man."

NO TRACE YET

Judge Matheson is still conducting the investigation at the Kedgwick into the disappearance of Mr. John Dawson, but so far no trace has been found of the missing man.

DECREASE OF CRIME IN ENGLAND

Due to Reduction in Number of Hours Saloons May Stay Open

The falling off of crime in this country since the beginning of the war has been truly remarkable as compared to three years ago. There has been a diminution of thirty per cent in indictable offences said Justice Robert Wallace today in charge of the grand jury.

The Justice explained that he attributed this decrease partly to public restraint in war time but principally to the reduction in the numbers of hours saloons are permitted to stay open. "The effect of this," said the Justice, "has been truly wonderful."

SOCIETY OBSERVES

ST. ANDREW'S NIGHT

Caledonian Society Hold Enjoyable Smoker on Monday Evening.—Officers Installed

Last Monday, St. Andrew's Day was duly observed by the Caledonian Society of Restigouche by their holding a smoking concert in the Council Chambers, Water St. The retiring President, Mr. A. D. MacKendrick, presided over a goodly number of members. Music and conversation were indulged in, and about ten o'clock, the chairman installed the officers for the ensuing year, Judge McLatchy as President and Mr. Thos. Busted as Vice President.

Both these gentlemen returned thanks in short speeches, after which a most enjoyable impromptu program was gone through, taken part in by Piper H. M. McLennan, Messrs. H. R. Smith, H. W. Ferguson, Thos. J. McDevitt, Frank McCallum, and G. A. Mesereau. Mr. Smith's reading of "Hoch Der Kaiser" was greatly enjoyed. Mr. Smith's impromptu verses to Canada and Australia tickled the audience immensely.

During the evening congratulatory messages were read from Frederickton and St. John Societies.

In the course of the President's address, he mentioned that owing to the abnormal condition of affairs prevailing during the war, it was thought well to dispense with the St. Andrew's Day Banquet this year, and it was resolved that each member of the Society be assessed the sum of \$1.50 in addition to their yearly dues of \$1.00, which sum would be forwarded to the Prince of Wales Fund in the Old Country, with instructions that this amount should be disbursed among the families of poor and needy Scotsmen. The entertainment then closed with the singing of "Auld Lang Syne" and "God Save the King."

MARK TODAY'S NEWS

Large Re-inforcements Received by German in Western Front. Servia in Desperate Plight

(Special to the Graphic)

Paris, Dec. 2.—Heavy cannonading by Germans, with vigorous reply by allied guns marked the fighting in the region between Ypres and Arras today. Allies continued to press their offensive south of Laon, but only slight progress is reported. Both French and British armies are preparing for new attempt of Germans to drive their way through strongly entrenched line to coast. Upwards of six hundred thousand Germans are declared to be on front from sea to Ypres.

Heavy reinforcements are reported south of Ostend. During the last few days 160,000 German reinforcements are reported to have arrived. Apparently the concentration on the west may prove to be a feint. Full force of renewed attack may fall within Yser region. Fresh troops of second British army relieved the French in this district in anticipation of new drive. German attack along coast has been resumed and fighting is also in region south of Ypres.

Official communique today declares there are lively cannonading both at Nieuport and in Ypres region. Germans are again being flooded out about Dixmude. Inundation by opening of dykes is now extending south of Dixmude. Communique states Aix Noullet was violently bombarded. Slight progress was made in Argonne, where several attacks of enemy were repulsed.

Petrograd, Dec. 3.—The failure of the Russian forces to envelop the German army in vicinity of Lodz, and the determined offensive taken by Kaiser's army in fighting its way out of corner into which it had been driven, placed the Russians in serious position for a time. This, it was evident today, made necessary the reforming of the Russian centre in Poland. There has consequently been a lull in fighting, but forces of Grand Duke Nicholas are now declared to present solid front and are prepared to press vigorous attack.

London, Dec. 3.—The capture of Belgrade by the Austrians has created a serious state of things in Europe. Servia is now appealing for assistance to Great Britain, France and Russia. Opposed to Servian army, estimated at about 200,000, are probably half million Austrians. The Servians are also badly in need of equipment. Drained of men and money by Balkan war, Servia entered present conflict in a crippled condition and her complete subjugation by Austrians appears inevitable, unless assistance is given.

King George of England, who has been visiting British lines in Flanders, went out to firing line today, according to telephone message received this afternoon by Evening News from Calais.

ton School, later as a student at U. N. B. Fredericton, where he graduated with the M. A. degree. He was afterwards a teacher on the Campbellton school staff, then principal of Harkins Academy, Newcastle, later was a teacher in St. John schools, at which city he studied law, and successfully passed his law examinations with the degree of B. C. L., since when he had successfully carried on his practise in Campbellton, and had built up a large practise. For the last fifteen years Major McKenzie had taken a deep interest in all militia matters, and it was greatly to his efforts that the 73rd regiment was brought to its present high state of efficiency. He brought the qualities of leader of men into play with much tact and ability, and received the respect and admiration of the men of his regiment. Only a few days ago he had taken a trip down through the County of Bonaventure, and had returned with nineteen volunteers.

Major McKenzie was going with the second contingent as second in command of the New Brunswick Regiment, and it was a credit to him and a testimonial to his worth, that the town of Campbellton, the County of Restigouche, even the whole of the North Shore were proud of the honor done him.

In concluding His Honor, said that Major McKenzie carried with him the best wishes of everyone, knowing that he would give a good account of himself, and return to them covered with honor and glory. The friends had turned out in large numbers to bid him farewell, but this was nothing to what it would be when they turned out to welcome his return. He then presented Major McKenzie with a beautiful wrist watch.

His Honor's speech was frequently interrupted by bursts of cheering, and Major McKenzie was greatly touched by the warmth of his reception. His Honor then addressed Capt. Ferguson and presented him with a wrist watch and said that although Capt. Ferguson had not yet received his appointment, he was sure that he would also be with the officers in the second contingent. Capt. Ferguson had done his part, and if he did not go with the second he would be there for the third contingent.

Owing to the absence of Lieut. Mowat at St. John, His Honor extended the feelings of the meeting to the worthy father, (Mr. Max M. Mowat) of a worthy son, and presented him with a wrist watch in token of the esteem of their friends here.

Major McKenzie, Capt. Ferguson and Mr. Max Mowat briefly replied thanking the friends for their kindness, Mr. Mowat handing the watch to Major McKenzie for his son, and asking to express to him the sentiments of the gathering.

Interesting speeches were also given by Capt. A. T. LeBlanc, W. W. Doherty, Archd. McKenzie, and David Champoux, all of which were splendidly received.

Mr. Doherty's remarks were rich and to the point. He said "Britain has all the ships she needs, Britain has all the money she needs, Britain has all the land she needs, but she needs more men, and Major McKenzie goes to fill the bill."

Mr. Archd. McKenzie, the father of Major McKenzie, was received with tumultuous applause, the audience standing and cheering to the echo. In his own dry humorous way he said that he felt his oldest son was doing

his duty, he wouldn't be a Scotsman if he didn't. If there was a scrap on, a Scotsman was sure to be in it.

The speeches were all of a high order and expressed the feeling that this was perhaps the best thing for Canada, which was bringing all races, all creeds and all classes, into one large brotherhood, "Canadians all."

During the evening, Mr. Harry R. Smith delighted the audience with "Hoch Der Kaiser", which brought down the house. Light refreshments, tea, coffee, sandwiches and cake were served, after which the gathering dispersed.
