If the convention is to have any effect it must be a thoroughly representative gathering, but we would like to know how the committee of three who have the mater in hand can expect it to be such without delegates being present from all the I ading gun clubs in the province. If the affair is only to be a gathering of Ottawa noblity, who intend arrogating to themselves all the wisdom of the sporting world of Calda, and usurping the title of National, the same as their Kennel club most unwarrantably assumed the title of Dominion, the fact should be made known at once. If, on the other hand, it is really desired to form a national game i rotective association, then the committee have been sadly remiss in not putting their circulars into channels where they would reach those most interested. The Situation in Mentreal.

Montaral, March 12—The stock market, after the fearful panic on Saturday, was comparatively quiet to-day. There were many rueful faces on our Wall street this morning, and not a few dreaded the opening of the exchange. The number holding stock at high rates is legion, and the demand for further margins by the brokers was peremptory. The feeling existing as to the commercial situation is very fever-sh, and many more failures are expected here. SURPLUS Jan. 1, 1883.

The enormous surplus which the ETNA LIFE has accumulated enables it to furnish insurance at lower rates than it is possible for the majority of companies to do. Estimated by the most rigid standard, the surplus now exceeds four and a half millions. This large surplus fund, it will be seen, not only insures absoints protection to policy holders, but it is a continued source of profit to them. The officers of the ETNA are to be commended for their successful management as evidenced by each recurring year.—
The Age.

THE ETNA commences the new year with brilliant prospects. Its investments are of a most satisfactory character. Its stocks and bonds rank high in value, and exceed their cost a larger percentage than in any previous year. Its forces are well organized, and the company will continue increasing its business and usefulness. The friends, patrons, and management of the ETNA LIFE may well feel proud of it.—Hartford Evening Post.
