

UNEQUALLED IN TONE AND DURABILITY

Our large Pedal Organs and Chapel Styles are better for medium and small sized churches than Pipe Organs or Vocalions, and at HALF THE COST.

They contain Scribner's Qualitying Tubs, of which patent we have been the sole owners for 15 years past, and the patent having lapsed has now become public property.

All intending purchasers should see our instruments and get our prices, Catalogs free.

On Pape-ave., Hazelwood-ave., Englewood-ave and Maplewood-ave. This valuable property is at the head of Pape-ave. in the ward of t. Matthew and is beautifully situated over ooking the City and Lake Ortario.

Paps-ave. has already become one of the leading streets of our fast growing city, and is now the best street east of Sherbourne. It is within ten minutes' ride of St. Lawrence Ma ket and forms the leading thoroughfare of the Northeastern portion of the city.

The Grand Trunk Suburb n train, which runs twelve trips daily between Weston and East Toronto, stops at Pape-ave, while the Toronto Street Railway passes every ten minutes, thus giving the residents the facility of reaching any part of the city.

Pape-ave, is already sewered and block paved, water and gas is now laid on to Bloor-street, or Dan-

forth-avenue.

THE PAPE ESTATE.

1200 feet on Pape-avenue, Guelph-avenue and Carlaw-avenue. This valuable property is situated immediately north of the Grand Trunk Railway and the street railway on Gerrard-street, and is without doubt one of the finest properties in Toronto; easy of access by train or street cars, and lies fully one hundred and twenty feet above the lake and within fifteen minutes' ride by the suburban from Yonge or York-streets.

THE REID ESTATE.

1000 feet on Coxwell-avenue. This valuable property lies between the Grand Trunk Railway and Danforth-avenue (Bloor-street) and immediately north of Gerrard-street. Every lot is high, dry and level. Coxwell-avenue is a through street from Danforth-avenue to Queen-street. It is accessible both by street cars (which are only five minutes' walk distant) and the Grand Trunk suburban service of a train an hour to and from the city, at a fare of two cents each way. It is one of the dryest and most healthy districts of Toronto, having a perfect and natural drainage, being situated about two hundred feet above the level of the lake.

No troublesome or expensive searches are required as to the titles of these properties, there being only a few transfers from the crown to the

present owners.

We beg to direct the attention of intending purchasers to these properties, and request them to examine them and get terms and price list before purchasing, as without a doubt they will double in value within the next few months, as the improvements on the Don are being rapidly pushed forward, and the \$90,000 bridge at Gerrard-street will be completed in a few weeks.

DUBLIN, March 30.—A prima facie case has been found against Father McFadden for participating in the murder of Police Inspector Martin at Gweedore in February. He will be tried at the first assizes. Marti He will be tried at the first assizes. Martin with a party of policemen attempted to arrest McKadden for offences under the Crimes Act. The time chosen to make the arrest was immediately after the priest had celebrated mass. Members of the congregation rescued McKadden from the police and he had nearly reached the door of his house when Martin seized him. At that moment a stone was thrown which struck the inspector on the head, inflicting injuries of which he died soon after.

Mr. Haistean would have been welcomed in Berlin, thoug there is no capital in Europe where the promotion of an editor to diplomatic rank is greater puzzle to both the journalistic an the official mind. Some friendly expressions of the Berlin press have been tele graphed here. Mr. Halstead's Germa campaign of 1870 is well remembere, an his good-will at that time and since to Germany is not forgotten.
