Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

\*\*Privately and radically.\*\*
