WEDNESDAY, DECEMBER 26, 1906.

With this issue we sever our connection with the Monitor and Telephone. The past year has been, in many respects, a pleasant one, and it is not without a feeling of regret that we drop our labors on these journals. We have tried in every way to make the papers worthy of the towns they serve. In fact, perhaps, we have been a little too ambitious. But although last papers have fallen far short of our ideal, we feel that our efforts have not been in vain, and that, at least, the papers have not gone backwards. We thank the many who have been graciously helpful to those who have helped us in any way and are especially grateful for the appreciation of the efforts we were putting forth in behalf of the papers and of the towns. We have always tried to advance the interests of the communities served by us, and feel convinced that these towns, even now, two of the busiest little spots in the province, have a bright future. Both have natural advantages which must, in time, be utilized to the utmost, and it is our hope that ere long we shall see both towns taking rapid strides to the front where they rightfully belong, and it is more than likely the papers, once again under Mrs. Piper's management, will keep up to and perhaps a little ahead.

PARADISE.

A pleasant surprise greeted Miss Nettie Longley, teacher of the Primary S. S. class when her class room door was unlocked on Sunday morning, revealing the fact that some good fairies had been at work, and with paint, fresh curtains, rugs, pictures, new kindergartens, etc., had transformed her room into a very cozy attractive parlor. Miss Longley as well as her large class of little ones greatly appreciated the change.

The S. S. concert given on Christmas eve was a success notwithstanding the fact that the night was very disagreeable. The trees were very prettily decorated and gifts were exchanged between teachers and scholars.

CLEMENTSPORT.

Mrs. Crowell and her daughter Hattie, accompanied by Master John Rawling, went to Bridgetown on Saturday last to spend Christmas with Mrs. Miller, also daughter of Mrs. Crowell.

Daughter Joseph Roop has gone away to spend Christmas with his son, the Rev. Fred Roop, of Colechester. Mr. and Mrs. Harold Rawling, of Annapolis Royal, spent Sunday with Mrs. Thomas LeCain.

Miss Estella Jones arrived home on Saturday last to spend Christmas with her father, Isaac Jones. Miss Jones is teaching at Mapleton, near Windsor.

Howard Muscels arrived home on Saturday last from Pictou Academy where he is studying this year, to spend his Christmas vacation with his parents.

Miss Maud Muscels, teacher at Weymouth, and Miss Dora Muscels, teacher at Plympton, also are at their home spending their Christmas vacation with their parents.

Miss Nora Rawling left on Monday last to spend her Christmas with Miss Estella Saunders at Hebron, Yarmouth county.

Miss Etter, of Hantsport, and Miss Lamberson, of Barton, teachers of the Clementsport school, went to their respective homes on Saturday last to spend their Christmas holidays.

Misses Emily and Gertrude Lockward, of Halifax, daughters of Rev. Z. Lockward are at their homes for Christmas.

Schooner Mercedes, Captain Henshaw, arrived at this port on the 18th inst., from Boston after a long and tedious voyage. She was blown off three times on her passage home, but fortunately she arrived safe and sound.

Miss Beckwith, of Sheffield Mills, Kings county, is the guest of Mrs. George B. Jones, her aunt.

Mr. and Mrs. W. C. Jones spent Christmas day with their son, O. C. Jones of the D. A. R. staff, Digby.

Miss Zwicker, of Alston, Mass., is the guest of Mrs. Charles Ritchie during Christmas.

PHINNEY COVE.

Miss Ella Chute has been home on a short visit.

Miss Dora White is home from Somerville, Mass., for a short time. Howard Smith is visiting his father, Ezra Smith, who is very ill with pneumonia.

Mrs. Watson Bent is on the sick list but was improving when last heard from.

The little baby, son of Oscar Ring, died last week, aged five months. To extend our sympathy to those friends who have so recently made their home amongst us.

We wish the Monitor and its readers the compliments of the season and a prosperous New Year.

A Home Made Happy by Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it. In the hands of qualified men the up-to-date weapon is a marvel of convenience and precision. The number of accidents reported from its use shows that many men are not qualified to handle it. They forget that unless the safety check is put on, these guns are always at full cock. The trigger requires a very light touch to set it off. In times of excitement the inexperienced hunter will touch the trigger and an accident generally follows.

Automatic Guns Dangerous.

More than sixty serious shooting accidents have occurred in the deer hunting region of Canada this season. Of these twenty-three are known to have been fatal. The majority of the accidents were due to the failure of an automatic self-cocking gun. In the hands of qualified men the up-to-date weapon is a marvel of convenience and precision. The number of accidents reported from its use shows that many men are not qualified to handle it. They forget that unless the safety check is put on, these guns are always at full cock. 1906 Christmas 1906

The value of the gift isn't the important thing; it's the thought back of it. The day before Christmas with customers three deep in front of you is a poor time for thoughtful consideration. If it then a case of taking what you can get rather than what you know your friend would like.
