## Better Fertilizer Bigger Profits

It costs just as much to seed and harvest a thin crop as it does a bumper one. It pays to fertilize—proved over and over again—and it pays still better to use the BEST. That means Shur-Gain.

BUT—Order Early

Strikes at the mines and railway car shortage have cut down our raw materials. To make sure of your supply, and your bigger profits, order Shur-Gain now and take early delivery. Good as money in the bank. See our local dealer today or write.

## MRS. M. PECK HAS GAINED 25 POUNDS

Nine Years of Trouble Ends And She is Well And Happy, Now

"I have gained twenty-five pounds since I commenced taking Tanlac, and the troubles that have been making life miserable for me for nine years have been completely overcome," said Mrs. Minnie Peck, who lives at 9874—82nd Ave., Edmonton, the other day.

"When I commenced taking Tanlac," continued Mrs. Peck, "I was so weak and run down that I was hardly able to get about. Everything I ate disagreed with me, and I would suffer for two or three hours after every meal on account of gas forming and bloating up. I would have severe cramping pains in the pit of my stomach. I was very nervous, so much that the slamming of a door would upset me terribly, and a good night's sleep was out of the question for me. I would actually get out of bed every morning feeling more tired and worn out than I did the night before. This condition just kept getting worse all the time until I got to where I was compelled to stay in bed most of the time."

"Then I decided to give Tanlac a trial, and it's the honest truth, I commenced to feel better before I had finished my first bottle of this wonderful medicine, and my condition just kept getting better until I am now as well as I ever was in my life. I never have a sign of stomach trouble now, and I have a fine appetite and eat just anything I want. I have gotten back all my strength and can easily do all my housework. My nerves are in perfect condition, and I sleep like a child every night. It is simply wonderful the way I have gained in weight, and in fact, I just feel fine all the time. Yes, Sir, Tanlac is a wonderful medicine and as long as I live I will never lose an opportunity to say a good word for it."

Tanlac is sold in Bridgetown by S. N. Weare, in Middleton, by Clifford A. Mumford, in Bear River by L. V. Harris.

## FIRE AT CLARENCE

Mr. Arthur Marshall's House a Total Loss With No Insurance

With the weather at zero, fire broke out in Mr. Arthur Marshall's house at Clarence Saturday morning and in a short time the entire building was destroyed.

Everything upstairs was lost. A portion of the furniture on the first floor was saved. Mr. and Mrs. Marshall lost all their clothing with the exception of what they had on.

The loss will reach about \$3,000 with no insurance.

Mr. and Mrs. Marshall have a large number of friends, all of whom extend deepest sympathy in their severe loss, especially at this season of the year.

## DIGBY'S MUNICIPAL COUNCIL

The annual meeting of Digby Municipal Council was held last week. The councillors were sworn into office as follows:

Hillsburgh Thelbert Rice,  
Brighton H. H. Marshall,  
Plympton J. Vian Andrews,  
Weymouth North N. B. Ruggles,  
Weymouth E. F. Hankinson,  
Culoden C. Y. Young,  
Rossway Clarence Cornwall,  
Sandy Cove E. A. Gidney,  
Tiverton St. Clair Ruggles,  
Freeport A. Crocker,  
Westport H. P. Bowers.

H. P. Bowers, of Westport, was elected warden and Thelbert Rice, of Bear River, deputy warden.

## LAWRENCETOWN

Mr. E. A. Phinney is home for a few days.

The Evaporator has shut down for the rest of the winter.

Mrs. H. T. Jones, will be "At Home" on Tuesday and Wednesday afternoons, 3rd and 4th February.

Mr. and Mrs. John Buckler were week-end guests of Mr. and Mrs. Arthur Duncan. Mr. Buckler left for Boston on Monday and Mrs. Buckler will remain a few weeks longer a guest of her mother, Mrs. Kingston.

## ONE HUNDRED YEARS OF AGE

Mrs. Lois Caswell, a Former New Brunswick Lady, Reaches the Century Mark.

Our Granville Ferry correspondent writes: It is with pride and pleasure we can tell of having in our community a person who has reached the Century Mark. We refer to Mrs. Lois Caswell, a highly and esteemed lady, who reached her one hundredth birthday on Thursday, Jan. 20th, and celebrated the day in a manner befitting a much younger person.

Mrs. Caswell enjoys the best of health, both physically and mentally and has no need of glasses or canes.

Mrs. Caswell was born in Hopeville, Albert Co., N. B. as Miss Lois Edgett. Went to Boston, where she met and married Benjamin Caswell and lived there until his death, when their eldest son, Austin, was only 5, Edwin and a baby, Annie, 16 mos old.

She then came to St. John and cared for her family until her second son grew to manhood and became Chief Telegraph Operator for that city and Halifax.

Her oldest son married a Miss Halliday and lived in Hillsburn with whom she came to live after Edwin's death and with whose widow she now resides. She has 4 grand-children and 6 great-grand children.

During her birthday on Thursday, a few callers came in to see her and brought flowers, but in the evening the whole village, with few exceptions, came to offer congratulations. Taken wholly by surprise by the number of people arriving, and wondering how so many knew it to be her birthday, yet not for one moment did she show any signs of nervousness, but greeted each with a hearty handshake and a cheery word.

Mr. Weatherspoon was the leader. He began the evening by having the people sing the Doxology. Then in a few well chosen remarks he gave a brief sketch of the advance in civilization this dear old lady had witnessed during her life. Had lived under four sovereigns and was eight months younger than the late Queen Victoria. He then tendered her, on behalf of the citizens of the Ferry, a purse of \$30, in gold and bank notes, for which she thanked him and all.

Mr. Penny then made a few remarks and Mr. Delap read letters of congratulations from former pastors, Revs. G. P. Raymond, N. A. McNeil and G. D. Hudson.

Refreshments were served and the Birthday Cake was passed to Grandma Caswell to cut and then each one received a generous share. About 9.30 all departed for their various homes, leaving her to the care of one who has watched over her during the preceding days and whom she is placing the utmost confidence and trust in as she travels the years that are left to her.

## THE GRANVILLE BRIDGE

(Annapolis Spectator)

News was brought from Halifax last night by A. M. King, who had interviewed the Provincial Government in regard to the matter as well as by the proposed Allen's Creek arbitration that the contract for the superstructure and completion of the bridge to Granville has been let to the Maritime Bridge Co. of New Glasgow, the price it is understood being \$192,000. This means that the steel will be immediately prepared to be put on as soon as the substructure is completed in the Spring, and Granville will be with us before the year is out. The arbitration is being considered by the engineers.

## THE GRANVILLE FERRY

The Spectator says: The river has been running so full of heavy ice lately that the ferry service by occasional trips of a row boat has been both inconvenient and hazardous. It is expected, however, that through the efforts of the town folks interested who appealed to the County Council at its recent session the steamer John Hancock will soon be repaired and put again upon the route until the completion of the bridge.

The W. M. A. S. of the Baptist church, will meet at the home of Mrs. Ralph Messenger, Tuesday evening Feb 3rd at 7.30.

## A TONIC FOR THE NERVES

The Only Real Nerve Tonic is a Good Supply of Rich, Red Blood

"If people would only attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing which the specialist spoke of is the nervous run-down condition caused by overwork and the many anxieties of to-day. Sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears, and do not sleep well at night. Headaches, neuritis and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctored the nerve with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to cure nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills actually make new, rich blood, which strengthens the nerves, improves the appetite, gives new strength and spirits, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin curing yourself to-day by taking Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## WEDDING BELLS

RICE-ROBBINS

The home of Mr. and Mrs. Wm. Kelly, of Dorchester, Mass., was the scene of a happy event on Dec. 24th, when Miss Mildred Robbins, daughter of Mr. and Mrs. J. Albert Robbins, of Smith's Cove, N. S., and sister of Mrs. Kelly, was united in marriage to Mr. Reginald Rice, formerly of Bear River, but now of New York. Rev. W. J. Rutledge, Pastor of the South Boston Baptist Church, performed the ceremony. Miss Robbins for sometime was stenographer for the firm of Brandt & Henderson, Halifax.

Before leaving she was the recipient of valuable presents from the firm and employees. And was also given a shower party by her young friends. They have many friends in the Annapolis Valley, who wish them many happy years of wedded life.

## PARADISE

Mrs. Wallace Saunders has been a recent guest at the home of Mr. and Mrs. G. D. Covert.

Mrs. F. W. Bishop left on Saturday for a trip to Massachusetts, where she will visit relatives.

Mrs. H. W. Longley spent the week end at the home of her mother, Mrs. Calnek in Granville. Mr. R. S. Longley is spending a few days at home after his Mid-year examinations at Acadia University.

Rev. Mr. Brindley left for his field at Granville on Saturday. During his stay here he has made many friends who wish him every success as he resumes his regular duties.

On Saturday, Jan. 17th, the students of the advanced department of the Paradise School had a sleigh drive to Bridgetown. The dampness of the night did not lower the spirits of the party and all present enjoyed themselves greatly.

The special services which have been held during the past three weeks came to a close Friday night.

Although the stormy cold weather has interfered with the attendance, yet those present have been helped very much by the able and inspiring addresses of Rev. Mr. Brindley who has been assisting our pastor, Rev. I. A. Corbett. During the closing nights a special interest has been shown by a number of young people.

It was due to these weather conditions that both vessels came into port, but it afterwards became moderate and Thursday proved an excellent fish day, but the weather did not clear sufficiently early for them to return to the grounds. They report fish somewhat scarce.

## ANOTHER INDUSTRY

Berwick Evaporator Installs Canning Equipment

(Berwick Register)

The Berwick Evaporating Factory is this week adding to its equipment the machinery necessary for the perfecting of fruit canning. This equipment is being installed as rapidly as possible, it being, we understand, the intention of the management to adopt the canning process for the remainder of the season, in place of drying.

While there is evidence of a large quantity of apples still in the hands of the growers, the fruit as a consequence of early ripening, is not maintaining its usual firmness since this season, hence the decision to resort to canning which it is believed will result in a better finished product under existing conditions.

This factory which commenced operations early in September and has been running almost steadily since then, has had a decidedly busy season, being practically the only one of the Graham evaporators in the Valley remaining in operation at the present time.

Providing the proposed experiment proves successful and that fruit can be procured at fair prices, the factory will probably continue in operation until the first of March or thereabouts. This should be encouraging news to the people of Berwick as this important industry, with its large staff of employers, is becoming more and more appreciated as a valuable asset to our town and community.

## RECENT DEATHS

MARY M. WILSON

At the home of her daughter, Mrs. J. S. Dill, 348 Myrtle St., Manchester, N. H., Jan. 20th, Mary M. Wilson passed to her eternal rest after three weeks of intense suffering borne with Christian patience and fortitude. She leaves to sincerely mourn their loss, two daughters Mrs. Susie B. Foster and Mrs. J. S. Dill, who were with her until the end and did all that loving hands could do to relieve her sufferings. One son, J. Murray Wilson, of Peabody, Mass., eleven grandchildren and thirteen great grandchildren also a large circle of relatives and friends far and near. "Those who knew her best loved her most."

Mrs. Wilson was born in St. Croix Cove, N. S., 83 years ago, lived in Hampton until after the death of her husband Geo. W. Wilson, when she went to Massachusetts, where she has since resided, moving to Manchester, N. H. Early in life she became a member of the Baptist Church, and took a keen interest in all church work.

Funeral was held from the Baptist Church, Lynn, Mass. Rev. Arthur D. Harriman officiating. Interment took place at Pine Grove Cemetery. The deceased was a sister of the late James B. Hall and the last of a large family.

MRS. MARY SALTER

The death took place on Sunday noon, at her daughter's residence, Mrs. F. Southall, 208 Barrington Street, Halifax, of Mrs. Mary B. Salter, widow of J. Homer Salter, of Annapolis. Mrs. Salter, who was in the seventy-fifth year of her age, had been ill for sometime, and her death was not unexpected.

She leaves to mourn their loss, four daughters, Mrs. F. Southall, of Halifax; Mrs. W. H. Sibley, North Windham, Conn.; Mrs. Nellie Fisher, Bridgetown; and Mrs. Logan Smith, Windsor; also three sisters and one brother.

The remains were forwarded to Annapolis for interment, the funeral taking place from her sister's residence, Mrs. Sadie O'Dell, yesterday afternoon.

Schrs. A. W. Longmire, Capt. Longmire, and Dorothy M. Smart, Capt. Ansel Snow arrived in Yarmouth last Thursday. The former, which docked at the Consumer Co.'s wharf, had 25,000 lbs. of fresh fish, and the latter 30,000 lbs., which were handled for the Maritime Fish Corporation, Digby, by the Consumers Co. and A. E. Nickerson respectively.

Capt. Snow reports that when he left the grounds at a late hour on Wednesday night it was blowing hard and thick snow prevailed.

Mimard's Liniment Cures Garget in Cows.
