STRANGER HAS MUD BATH IN CROSKILL LAKE.

On Thursday afternoon a gentleman well dressed but much loaded up with mud arrived at the Monitor office. On enquiry as to where he had been and what doing he stated that he had just arrived from Croskill Lake where he had a mud bath. Do you not know that the lake is the source of the town water supply en-

quired the scribe? Yes, he replied, I do now but I didn't then. Why don't they put up a sign informing the public and warning trespassers to keep away?

I went out on a board to get some water lilies and slipped off into the mud getting out with great difficulty. I afterwards secured a stick and sounded the depths, finding the mud was five feet deep. However I got out alive and that is something to be thankful for.

This more or less jocular account may contain in it elements to consider.

There is however, a very well founded opinion that at an opportune period a thorough cleaning of the town reservoir and a flushing out of the water pipes would be in the public interest. Enquiry has failed thus far to elicit information establishing the fact that the reservoir has ever been cleaned out since the water-works system was established. A continuation of this policy is to say the least, very risky.

Join the Millions of Men who today enjoy better shaves

Less time is used in the Dominion, now, for shaving. And the millions of men who save that time, are also saved sore, irritated faces.

Now we offer you the means to join these millions. To find out what they found out about shaving creams. No expense to you. We pay for the test.

And you will discover why we worked for 18 months, making 130 experiments, perfecting Palmolive Shaving Cream. You'll at once appreciate the 5 distinct ways in which it gives better shaves:

- By multiplying itself 250 times in richest lather.
- By softening any beard in one minute—without "rubbing."
- By the lather that lasts 10 minutes, if necessary.
- By the way extra strong-walled bubbles hold each hair erect, for easier, cleaner cutting.
- By that cool, soothed after-fee—the result of carefully blended palm and olive oils.

Millions of men could tell you. But it's more satisfactory to find out for yourself. If the test should fail—we are the only losers. If the test succeeds—mail your coupon today—and get 10 shaves free.

Local Happenings

Boston Post: That Canada is the most popular place for a vacation is indicated by statistics weekly announced at the City Hall registrar's office. Figures show that each day, between 50 and 100 residents apply at this bureau for birth certificates which enable them to return to the States without difficulty. The work of issuing these certificates to the Canada-bound Bostonians in the past month has far exceeded that of registering births and marriages.

Duncan Matheson, chief municipal officer of the San Francisco Department Force, has been in town visiting his uncle, George Douglas. He also looked up old friends, his connection with Tatamagouche dating as far back as forty-two years, when he taught in the senior department of the public school.

American visitors can take home no better souvenir of their visit to Nova Scotia than a few pounds of MORSE'S SELECTED ORANGE PEKOE Tea, which they have so much enjoyed during their visit in this country. There is one thing they cannot get in the United States, and that is a tea like MORSE'S SELECTED ORANGE PEKOE.

There will be no 8 a. m. service in St. James' Church next Sunday. The 11 a. m. and 7.30 p. m. service will be as usual, also 3 p. m. in St. Mary's, Belleisle.

The St. James Church Sunday School picnic will be held on Wednesday of next week (20th inst) at "The Pines," West Paradise. The party will assemble to leave the Church at 10 o'clock.

There are a number of lot owners in Riverside Cemetery whose taxes are considerably in arrears. It must be remembered this hampers the carrying on of the work in the cemetery, materially. It was suggested by the directors that a list of the delinquents and the amounts due be published in this paper. It was deemed only fair to give a hint in advance as it was thought to be unintentional in the majority of cases.

Do not fail to see during sale week at Buckler & Daniels' Special silk hose at 50 cents per pair.

Mrs. (Dr.) Muir this week made a fine flavored apple pie from apples of last year's growth. In their orchard they have kept the trees on sod for the past three years and express satisfaction with results.

Frank Burns who is now in Sydney has a number of boxers under his direction including Maurice McDonald and Roy Mitchell the latter an Upper Granville boy. The three expect to spend some days here on their way to St. John afterwards going to the U.S.

We are sometimes in receipt of undersigned correspondence some of it doubtless very good and newsy. This all goes one way into the waste paper basket. It should not be necessary in this age of the world to constantly reiterate the fact that no newspaper can publish items without a knowledge of their source.

A shark ten feet long and weighing 500 lbs. was killed east of Hall's Harbor a few days ago. Several of these dangerous fish have been reported in the Bay and it is well for bathers to keep near shore and be on their guard when bathing in that locality.

Mrs. George Wells, of Annapolis is the possessor of a very fine night-blooming cereus, and on Sunday and Monday nights her friends had the pleasure of witnessing one of the beautiful blossoms unfold. The bud began to open at nine o'clock, unclosing slowly until the blossom, larger than a saucer, and with a delightful fragrance was disclosed. The plant has still several buds which have not yet reached the full stage of development.

Watch Buckler and Daniel's window for specials during sale.

WOMAN EDITOR AND MANAGER

Mrs. Fielding, of Windsor, N. S., Tribune, in England.

(Daily Graphic, London.)

Quite half of the Canadian editors who invaded London recently, and were shown round the House of Commons in the morning, have never been in England before, and many of them have risen to the editorial chair from positions in the printing office.

Two women are among the delegates, Mrs. Fielding, descended from the Urquharts of Scotland and Miss Forbes, editor and manager respectively of the "Windsor Tribune," Nova Scotia.

"When I bought the paper," said Mrs. Fielding, "it was housed in two little rooms over a grocery store, and was nearly defunct. Miss Forbes who was then teaching, joined me."

Their efforts have been such a success that since then they have built a whole block to carry on their newspaper enterprises.

Mrs. Fielding told me she had never had a libel action, and never had to apologize for a mistake. I know Fleet street colleagues who would exclaim, "How dull!" but, of course, libel laws are not the same everywhere.

Personal Mention

(Continued from Page One.)

Fred Irons of Halifax, who has been guests of Mrs. S. N. Wear returned home on Saturday.
