Toronto, October 14th, 1909.

The tone of the hardware and metals trade is better, and demand shows a distinct increase, shelf goods being perhaps most active. Iron pipe prices were advanced on 8th instant as per our list, both black and galvanized. This is a consequence of the advance of American prices previously. Sheets, whether galvanized or plain, are as yet unchanged, but an advance is likely, prices being below those of corresponding date in either 1907 or 1906, and makers are said to be months behind in orders.

Lumber is fairly active at steady prices, the demand being greatest from city buyers. Bricks move freely at former prices. The cement market is in a state of flux; retail dealers in Toronto are selling at \$1.35 to \$1.40 without bags in load lots delivered, while wholesale dealers hesitate to quote less than \$1.35. Camp supplies, so far as meats and dairy produce go, are higher.

The following are wholesale prices for Toronto, where not otherwise explained, although for broken quantities higher prices are quoted:—

**Antimony.**—Demand active and price higher at \$9.25 per 100 lbs.

**Axes.**—Standard makes, double bitted, \$8 to \$10; single bitted, per dozen, \$7 to \$9.

**Bar Iron.**—\$1.95 to \$2, base, per 100 lbs., from stock to wholesale dealer. Market well supplied.

**Boiler Plates.**—1/4-inch and heavier, \$2.20. Boiler heads 25 c. per 100 pounds advance on plate.

**Boiler Tubes.**—Orders continue active. Lap-welded, steel, 1 1/4-inch, 10 c.; 1 1/2-inch, 9 c. per foot; 2-inch, \$8.50; 2 1/2-inch, \$10; 3-inch, \$12.10; 3 1/2-inch, \$15; 4-inch, \$18.50 to \$19 per 100 feet.

**Building Paper.**—Plain, 30 c. per roll; tarred, 40 c. per roll. Demand is fairly active.

**Bricks.**—Business is very active, price at some yards \$9 to \$9.50, at others, \$9.50 to \$10 for common. Don Valley pressed brick move also freely. Red and buff pressed are worth \$18 delivered and \$17 at works per 1,000.

**Broken Stone.**—Lime stone, good hard, for roadways or concrete, f.o.b., Schaw station, C.P.R., 60 c. per ton of 2,000 lbs., 1-inch, 2-inch, or larger, price all the same. The supply is excessive; hence the lowered price. Broken granite is selling at \$3 per ton for good Oshawa.

**Cement.**—Manufacturers' prices for Portland cement are \$1.35 without bags, or \$1.65 including cotton bags for car lots on board car, Fort William or Port Arthur. This has been the case since September 16th. There is a good deal moving and the likelihood felt that the merger is unlikely to boost prices beyond a living point, will probably cause the free movement to continue. Smaller dealers get \$1.35 to \$1.40 per barrel without bags, in load lots, delivered in town.

**Coal.**—Retail price for Pennsylvania hard, \$6.75 net, steady. This price applies to grate, egg, stove, and chestnut; only pea coal is cheaper, namely, \$5.75. These are all cash, and the quantity purchased does not affect the price. Soft coal is in good supply, American brokers have been covering the ground very fully. In the United States there is an open market for bituminous coal and a great number of qualities exist. quote. Youghiogheny lump coal on cars here, \$3.70 to \$3.80; mine run, \$3.60 to \$3.75; slack, \$2.65 to \$2.85; lump coal from other districts, \$3.40 to \$3.70; mine run loc. less; slack, \$2.50 to \$2.70; cannel coal plentiful at \$7.50 per ton; coke, Solvey foundry, which is largely used here, quotes at from \$5.25 to \$5.50; Reynoldsville, \$4.50 to \$4.75; Connellsville, 72-hour coke, \$5.25 to \$5.50.
