

**PERSONAL.**

At Cornell University, Commencement Day, June 21st, the degree of Mechanical Engineer was conferred on Messrs. W. F. McLaren, Hamilton, Ont., W. G. Krantz, Berlin, Ont., and J. H. Meikle, Morrisburg, Ont.; Thos. Hall, Washington, Ont., took the degree of Master of Mechanical Engineering.

The Hamilton, Grimsby & Beamsville Electric Railway Co., have appointed Wm. A. Sweet as their chief engineer. He comes to them highly recommended, having been employed by the Hamilton Vinegar Works Co. for the past four years. He is President of Hamilton Association No. 2, C. A. S. E., and a member of the Ontario Association of Stationary Engineers.

**PUBLICATIONS.**

With the June number the Arena opens its tenth volume, and is an especially notable issue. It contains over one hundred and seventy (170) pages.

An amply illustrated character sketch of Louis Kossuth appears in the May Review of Reviews. Besides portraits of Kossuth at various stages in his career, there are several reproductions of rare prints, representing battle scenes in the Hungarian revolution, which were suppressed at the time.

**MONTREAL ELECTRIC CLUB.**

The above Club, after having held a very successful series of meetings throughout the winter, have adjourned for the summer season.

**SPARKS.**

A metallic circuit is being constructed by the Yarmouth, N. S., Telephone Co.

Mr. Robt. Mamprize, of Wingham, will install an arc lighting plant at Goderich.

Mr. G. K. Nesbitt is installing additional electric plant in his mill at Cowansville, Que.

The extension of the North American Telephone line between Kingston and Smith's Falls, has been completed.

Incorporation is being sought for by the Stanstead, Que., Electric Light Co., with a capital stock of \$25,000.

The ratepayers of London, Ont., are said to be in favor of accepting the company's recent offer for the construction of an electric railway.

A bill by law will shortly be submitted for the approval of the ratepayers of Collingwood, Ont., to authorize the expenditure of \$12,000 for the extension of the waterworks and electric light systems.

The Bell Telephone Company have commenced the construction of their underground system at Ottawa. 18,000 feet of underground cable, and 19,000 feet of aerial cable, will be used. As the result of the use of these cables, the number of overhead wires will be greatly reduced in the central part of the city.

The St. John Street Railway Co., has recently elected the following officers: Sir Wm. C. Van Horne, president; Col. Tucker and Messrs. James Ross, H. P. Timmerman and H. H. McLean, directors; Mr. F. A. Warren, secretary-treasurer, and Mr. C. D. Jones superintendent. It is the intention to entirely re-construct and equip the new road with new material. The work will be commenced at once.
