ORCHESTRAL PIANO-ORGAN.

A NEW INSTRUMENT. SWEET AND POWERFUL.

SIX OCTAVES.—Size: Height 4 feet 6 inches; Length, 4 feet 8 inches; Depth, 2 feet 3 inches.

THE CASE is a beautiful design of an upright Piano, exactly like illustration, manufactured of solid Cherry, highly polished to resemble Rosewood. THE MUSIC is produced upon TWELVE Octaves of Reeds, (aided by a double Right and Left Coupler) so constructed, tuned, and voiced as to imitate as nearly as possible a stringed instrument, operated by a full Six Octave compass of Keys. This instrument excels all others in elasticity of touch, and the most rapid Music can be played to perfection. It responds at once to the touch, combining an easy action with quickness of articulation. The tone is smooth, full and rich, not harsh nor ear-piercing. It is the best accompaniment for VOCAL Music, being subordinate to the voice, instead of covering it up, and the tone is pure and flexible. The instrument can be played with perfect ease by ladies, as the pedals (a new invention for which application for patent has been made) are operated without exertion, in a perfectly natural position. Additional pedals adjustable for children are sent with every instrument. Knowing this Piano-Organ will please the public, we are determined to introduce it at once and make the following offer:

If you will remit \$5.00 within one month from the date of this paper, by Draft, Post Office Money Order, or by Express prepaid, we will ship you this instrument, with adjustable stool and book, IMMEDIATELY ON RECEIPT OF ORDER. The regular price of this instrument, as compared with other manufacturers, could not be less than \$145. Visit the factory and select, or order by mail and mention this paper.
