A BRIDE'S CONFESSION

"Yes, dear, I am married now, and George and I are keeping house in the loveliest flat on 64th St. Well, yes, we did get married some time ago, but suddenly my health, you know, had for some time been very delicate, and Dr. Heavy-see told mamma that he feared I would never recover, dear sister Belle, who, three years ago from a wasting disease, dear George was almost what the doctor said, and I nearly cried my eyes out, but one day I thought that 'hateful Nelly Parker' say to her mother, 'I think that George Blauvelt is just too lovely for anything, and when the girl he's engaged to dies, and they say she is dying of a galling consumption, I'm going to step into her shoes and become Mrs. George Blauvelt; now just you wait and see.' This spring I noted George seemed to be almost resigned to the idea that we should never be married, and the thought that that deceitful jester might get him after all nearly drove me crazy. One day I read the testimony of Lawyers Howe and Hummel as to the wonderfully invigorating effect of DR. CAMPBELL'S ARSENIC WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just sailed for Europe on business for his firm. On Sept. 15 he returned. I was, from the use of the Wafers, by that time again a well woman, and so enraptured was he with my healthy and robust appearance that he insisted we get married the very next day. I could not say him nay, and as you will see by my card, I am now Mrs. George Blauvelt. Do call soon and let me introduce George to you; I am sure you will like him, he is so handsome, and as good as he is handsome. Good-by; be sure not to forget."

THE DEY OF ALGIERS!
THE SHAH OF PERSIA and the SULTANS of TURKEY and MOROCCO now FATTEN and BEAUTIFY their complexions exclusively on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night.

"The Shah found his harem in a state of disorder on his return to Persia. N. Y. World, Oct. 12, 1880. Reason—Their supply of CAMPBELL'S WAFERS was exhausted!"

ILLUSTRATIVE of the desirability of a certain amount of Plumpness, ruddiness has it that the above distinguished Oriental Potentates make it a practice to WEIGH their wives regularly once a month, precedence in rank and Imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

Coughs, Colds, Croup.

Allen's Lung Balm was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balm will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balm, call for a 25-cent bottle to test it.

"IT'S ONLY A COUGH"

Wisdom suggests "TRY Wistar's Balsam of Wild Cherry;" it has cured thousands of persons. As long as you cough there is danger, for the cough is a Danger Signal. Use "Wistar" and be cured. None genuine unless signed "I. BUTTS" on wrapper.

Household Hints.

POUND CAKE.—One and one-half cups of flour, one cup of butter (scant), one cup of eggs, one and one-half cups of sugar. Beat butter and flour to a cream, beat eggs and sugar very light, put all together, stir until smooth, flavour to taste: will keep a long time.

MOTHERS.—Have you delicate, weakly children who are always taking cold and subject to croup? Remember there never was a case of croup which did not originate in a cold! Allen's Lung Balsam is your remedy.

TEA BREAD.—Three eggs, one tablespoonful of sugar, one coffee cup of flour, two coffee cups of Indian meal, two and one-half cups of buttermilk, one teaspoonful of soda and one tablespoonful of lard.

SOME SYMPTOMS OF WORMS ARE:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The untailing remedy: Dr. Low's Worm Syrup.

FISH PIE.—Clean, skin and bone two haddock. Have ready half a hundred oysters, some bread crumbs and salt butter. Place in a flat dish first a layer of bread crumbs, then a layer of haddock cut in pieces, then a layer of oysters, then another layer of bread crumbs, with little bits of butter laid on. Repeat this till the pie is of the size desired. Pour over all a little of the oyster liquor, strained. Bake in a moderate oven.

A DISTRESSING cough often causes the friends of the sufferer as much pain as the sufferer himself, and should receive immediate attention. DR. WISTAR'S BALM OF WILD CHERRY speedily cures coughs, colds, influenza, sore throat, etc.; and in many well attested cases it has effected a perfect cure of consumption.

LEMON DROPS.—Lemon drops are very easily made by boiling lemon juice and sugar together, till they will harden—till the thick syrup will readily stiffen—then drop on plates to become cold.

COTTAGE PUDDING.—One cup of milk, one-half cup sugar, one egg, three tablespoonsful melted butter, two teaspoonsful Cleveland's Superior Baking Powder sifted with one pint flour. Bake half an hour and serve with liquid sauce.

APPLE JELLY FOR CAKES.—Peel and grate two large sour apples; add to them the grated rind and the juice of one lemon, a small piece of butter, one cupful of sugar, the white of one egg; cook carefully and thoroughly, and when cool spread between cake.

Use Horseshoe Acid Phosphate.
CELERY VARIOUSLY SERVED.
Crisp, white celery is always delicious; eaten simply with salt it, perhaps, pleases the true celery lover best. The prettiest way to serve it is in the low, shallow trays or dishes of glass, some of them beautifully mounted in silver, that are now provided. Who has not mentally anatomized the old fashioned tall celery glass, from which it is almost impossible to remove one stalk without dragging two or three more out upon the spotless damask? The tall glass should be relegated to a dark corner of the china closet. Uncooked celery salad is also delightful, and few people would think of using fine celery other than in the two ways mentioned. But when celery is not of the best quality, perhaps a little tough and poorly bleached, then comes the cook's opportunity to make a new and excellent dish by preparing it the same as asparagus, like which it may be eaten hot or served as a cold salad with sauce.

AS A PICK-UP after excessive exertion or exposure, Milburn's Beef, Iron and Wine is grateful and comforting.

BEEF JUICE.—Slice juicy, lean beef from the round, an inch thick, broil it quickly over a very hot fire but without burning, until it is brown on both sides; lay it in a hot soup plate, cut in through in all parts with a very sharp knife, and set another hot plate on it, with the bottom against the meat; then grasp both plates firmly and press them together (or a lemon squeezer may be substituted for plates), squeezing the juice from the meat; let it run into another dish, or upon a slice of delicate toast, and serve at once.

DR. E. G. DAVIES, DeSmet, Dak., says: "I have used it in slow convalescence and prevention from malarial diseases, where the drinking water was bad; I believe it to be beneficial in preventing summer complaints; also one of the best agents we have to rectify the bad effects of drinking water upon the kidneys and bowels."

BOILED RICE.—The addition of lemon juice to the water will increase the whiteness and help the grains to separate, and if lemon juice or white vinegar be put into the water for boiling fish the scum is thrown up, and the colour of the fish is greatly improved.

Milburn's Liniment cures garget in cows.
