

LISTERINE.

THE STANDARD
ANTISEPTIC.

LISTERINE is to make and maintain surgical cleanliness in the antiseptic and prophylactic treatment and care of all parts of the human body.

LISTERINE is of accurately determined and uniform antiseptic power, and of positive originality.

LISTERINE is kept in stock by all worthy pharmacists everywhere.

LISTERINE is taken as the standard of antiseptic preparations: The imitators all say, "It is something like LISTERINE."

**LAMBERT'S
LITHIATED
HYDRANGEA**

A valuable Renal Alternative and Anti-Lithic agent of marked service in the treatment of Cystitis, Gout, Rheumatism, and diseases of the Uric Diathesis generally.

DESCRIPTIVE LITERATURE UPON APPLICATION.

**LAMBERT PHARMACAL COMPANY,
ST. LOUIS.**

We ask you to prescribe

Scott's Emulsion

because we believe it is

The Best Preparation of Cod-Liver Oil

on the market. It also contains the hypophosphites and glycerine.

We use the whole oil because

All teachers declare and all experience proves that "Cod-liver oil deprived of its fat is cod-liver oil deprived of its therapeutic value."

We emulsify the oil because this partly digests it; and we add the hypophosphites because they are indicated in just the conditions that call for the oil.

These are some of the reasons why we ask for the continuance of the generous support that the medical profession has given us for the past quarter of a century.

SCOTT & BOWNE, Toronto
