

## *Special Notice to the Profession*

THE attention of the Western men are drawn to the following resolution passed unanimously by the members of the Winnipeg Clinical Society at the meeting held on April 23rd last, viz.:

*"RESOLVED*—That a committee be appointed from this society to approach other societies in Western Canada to ascertain their opinion regarding the formation, in Western Canada of a Western Canada Medical Association."

The Secretary of the Committee, Dr. R. W. KENNY, Glines Block, Winnipeg, will be very glad to have the opinions of individual members of the profession, and if the Presidents of the various Medical Societies throughout the West would bring the subject up for discussion among members as early as possible and obtain their opinion, farther steps could be taken.
