

Canadian Magazine

OF

Science and the Industrial Arts.

PATENT OFFICE RECORD.

EDITOR—HENRY T. ROVEY, M.A. (Camb.), Associate Memb. Inst. C.E.; Memb. of Inst. M.E. (Eng.) and American Inst. M.E., Professor of Civil Engineering and App. Mechs., McGill University.

Every effort will be made to render the publication a useful vehicle for the conveying of information respecting the latest progress in Science and the Arts.

It is hoped that the MAGAZINE will also be a medium for the discussion of questions bearing upon Engineering in its various branches, Architecture, the Natural Sciences, etc., and the Editor will gladly receive communications on these and all kindred subjects. Any illustrations accompanying such papers as may be inserted will be reproduced with the utmost care.

A space will be reserved for Notices and Reviews of New Books, and Resumés will be given of the Transactions of various Engineering and Scientific Societies.

The PATENT OFFICE RECORD will continue to be a special feature of the Magazine; and will be published as an Appendix to each number. The Illustrations, however, will be considerably enlarged, so that each invention being more easy to examine will be made clearer and more intelligible to the general reader. This RECORD gives information of the greatest value to engineers, manufacturers, and to all persons interested in the different trades.

In view of these great improvements the subscription price will be \$2.50 payable in advance, and it is confidently anticipated that a large increase will be made in the number of subscribers.

The efficiency and success of the Magazine, the only one of the kind in Canada, must in a great measure, depend upon the hearty co-operation and support of the Public.

NOTE.—All communications relating to the Editorial department should be addressed to the Editor, 31 McTavish St., Montreal.

All business communications, subscriptions, and payments to be addressed G. B. BURLAND, Manager, BURLAND LITHOGRAPHIC CO., 5 & 7 Bleury St., Montreal.

NOTICE TO CONTRACTORS.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for the Formation of Basins near St. Gabriel Locks," will be received at this office until the arrival of the Eastern and Western mails on WEDNESDAY, THE 5TH DAY OF JUNE next, for the formation of TWO SLIPS or BASINS, on the north side of the Lachine Canal, at Montreal.
A plan and specification of the work to be done can be seen at this Office, and at the Lachine Canal Office, Montreal, on and after TUESDAY, the 22nd day of MAY next, at either of which places printed forms of tender can be obtained.
Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms.
An accepted Bank cheque for the sum of \$2,000, must accompany each tender, which sum shall be forfeited, if the party tendering declines entering into contract for the works at the rates and on the terms stated in the offer submitted. The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.
This Department does not, however, bind itself to accept the lowest or any tender.

By order,
A. P. BRADLEY,
Secretary.

JOHNSTON'S FLUID BEEF
has been pronounced by leading scientists and physicians everywhere to be the most perfect form of concentrating nourishment at present known.
It is rapidly superseding Tea and Coffee in the colder European countries, and is served hot on draught in the fashionable Saloons and Restaurants.
As a Winter Beverage it is simply perfection, supplying heat in its natural state; stimulant in a thoroughly innocuous form; concentrated nourishment, rendering languid reaction impossible; and, above all, furnishing tone to the nerves, and substantial food for brain, bone and muscle.
