Mercantile Summary.

SHIPPING interests are looking up a little in  
St. John, N.B. Two barques have been char-  
tered for the British Channel at 76/6. Irish  
ports are quoted 75/ to 77/6, and Liverpool 73/9  
to 77/—cargo delivered.THE total value of the imports at St. John for  
the month of August was \$207,944 against  
\$665,074 for the same month last year. The  
decrease seems to be more marked than that of  
any other city.THE Harbor Trust of Montreal have expended  
upon the works since January of the present  
year the large sum of \$550,000, and have 534  
men employed at the present time, besides  
steam dredges, steam pumps, tugs, lighters,  
and various appliances.THE Waterous Engine Works Company have  
shipped all the engines, pumps, hydrants and  
machinery for the waterworks now in course of  
construction at Truro and Longueuil. These  
towns have acted wisely in erecting waterworks  
of a substantial nature for the better protection  
of property against fire.THE creditors—who are principally foreign—  
of Mr. David A. Ansell, dealer in fancy goods,  
crockery, etc., in Montreal, are offered twenty-  
five cents in the dollar by that gentleman.  
Notwithstanding the supposition that he was  
well-to-do, and the fact that he built some  
houses on Sherbrooke street, his affairs appear  
to be very much "mixed," and the action of the  
Bank of Toronto in cancelling his letters of  
credit a year or so ago, when read by the light  
of the present condition of Ansell's affairs,  
appears rather prudent than otherwise.
