The celibrity of the Genuine Singer Machines, and the reputation which they have acquired over all others, for superiority, has led certain manufacturers of Sewing Machines, in Canada, to make a begus imitation of the Singer No. 2 Machines, and which are palmed off upon the public for Singer Machines, but in value, when compared with the Genuine Singer Imperial, No. 2 Machines, stand in about the same position as begus coin does to genuine gold.

JOHN PARK begs to call the attention of the trade to the Whiskies manufactured at the above establishment, which for strength, purity, and flavor are unequalled by anything made in this country. They are well known and in great demand throughout the whole of Canada, being shipped in targe quantities to Liverpool, and Lon-don, England, where they are much approved.

Grovers, Wine Merchants and Dealers generally, should lose no time in giving them a trial. There are many instances of storekeepers doubling their sale in a very short time by introducing these celebrated whiskies.

The trade can only be supplied through me at the depot, where all orders will be promptly attended to.
