

ESTABLISHED 1855.

INCORPORATED 1888.

R. H. Smith Co. Limited

ST. CATHARINES - - ONTARIO

Sole Manufacturers of saws in Canada under the "GOLD COIN PROCESS." Nothing equal to it for tempering circular saws. We are the sole users of this process in Canada. Don't be deceived by others claiming to have it.

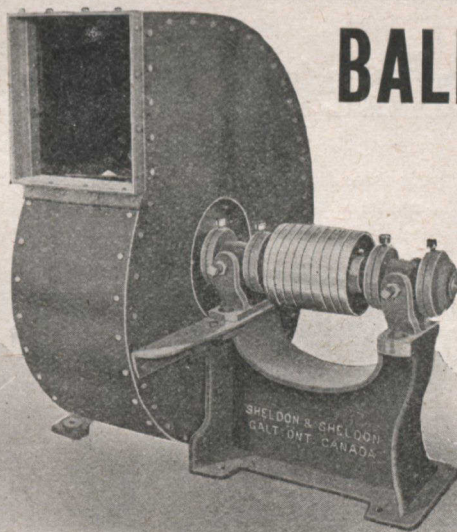

**We make Inserted Tooth Saws,
Shingle Saws, Crosscut Saws,
Hand Saws,
Etc., Etc.**

Cut shows
our gold
coin hand
Saw.

The quality of the "Gold Coin Shingle Saws" is proven by the fact that the largest shingle and machine manufacturers in Canada are using them.

The Gold Coin temper and style of tooth make the "Leader" cross cut saws the fastest and easiest cutting saws manufactured. Write for prices for your saw requirements.
