**Replenished Stocks.**  
This belated spring has caused many to  
put off shopping from day to day. Warm  
weather cannot be far off, however, and to  
those who have still to buy their summer  
wear we commend our full and care-  
fully selected stocks.

**Wash Dress Materials.**  
Pre-eminent amongst washable dress fab-  
rics this season are the new French Print-  
ed Cotton Voiles. The dainty designs and  
colorings shown in these have marked them  
for popular approval. Our already large  
line has been considerably increased  
by another fine purchase. The prices run  
25c, 35c, 50c per yard.

**White Shirt Waists.**  
Just unpacked, a splendid lot of White  
Knickerbocker Lawn Shirt Waists. Fine  
chaste patterns, good materials, at \$1, \$1.50,  
\$2, \$2.50, 30c apiece.

**Shepherd Check  
Press Fabrics.**  
Strong to out-stuck of Shepherd Check  
and other Black and White and Grey Dress  
Fabrics this season. We forecast the pres-  
ent vogue in these and provided such a  
variety that you can get full of satisfac-  
tion, whatever your demand.

**Hauts, Cosumes, &c.**  
In this department, as elsewhere, it can  
readily be seen that we aim to present ex-  
clusive designs and better garments, and  
thus preventing over-duplication. All of  
the best European and American designs  
are to be found here. The fit, finish and  
materials are first-class in every way, and  
the prices are right.

**Our Millinery**  
has achieved such popularity as to fully  
justify the position we have taken in star-  
ling the production of any one style.

**Linen Handkerchiefs.**  
A most comprehensive stock of every  
imaginable size, width, pattern, etc., etc.,  
in Ladies' and Gentlemen's Linen  
Handkerchiefs, comprising a SPECIAL  
OFFERING.

**MANY BROKEN RAILS.**  
Matter Will Be Taken Up by Railroad  
Association.

ALBANY, N. Y., April 25.—Broken  
rails removed from the tracks of the  
railroads of New York State during the  
three months of January, February and  
March just past, were manyfold more  
than in the corresponding three months  
of either of the past two years, accord-  
ing to a bulletin issued to-night by the  
state railroad commission. The board  
has authorized the removal of the broken  
rails during the three months ending  
March 31, 1907, there was a total of  
3014 breakages on the principal steam  
lines of the state; during the corre-  
sponding three months of 1906 there was  
a total of 828, and during the corre-  
sponding months of 1905 there was a total  
of 427.

The matter in detail has been pre-  
sented to the American Railway Associa-  
tion, which is now holding its con-  
vention in Chicago, and it has been re-  
quested that the matter be taken up  
for discussion and action by the vari-  
ous railway managements.

**THE W. F. MATTHEWS Obituary**  
**CHARGES OF BOODLING.**  
Commonly Attributed to Members of  
Quebec Legislature.

**OTTAWA, April 25.**—(Special).—Mr.  
Bourassa this afternoon rebuked Hon.  
Mr. Lemieux working the racial issue  
one way in Ontario and the opposite  
way in Quebec. He criticized the  
amendment to the address, permitting  
Manitoba to increase their subsidies  
every five years, while the other pro-  
vinces have to wait for the decennial  
census. He made the point that the  
address could not be considered un-  
less recommended by the committee  
and reported from the committee to the  
whole Hon. Mr. Fielding admitted  
that he had not adopted the right  
procedure.

**Mr. Bergeron read from Le National-  
iste charging members of the Quebec  
legislature with boodling, and dared  
the premier (Mr. Gouin) to bring it  
editor to the bar of the house. "It  
is common talk in the City of Quebec,"  
said Mr. Bergeron, "that anything can  
be carried through the legislature by  
the use of money."  
Mr. Martin (Con., P.E.I.) protested  
against the discrimination against P.  
E. I., and moved an amendment grant-  
ing also to Prince Edward an extra  
annual allowance of \$100,000 a year for  
ten years. Mr. McLean (Con., P.E.I.)  
seconded the amendment, which was  
defeated.**

**Mr. Taylor (Leeds) called attention  
to the failure of Justice Magee to de-  
cide his cases. Mr. Aylesworth re-  
ferred him to the attorney-general of  
Ontario. Mr. Taylor then offered an  
amendment to a pending bill respect-  
ing Manitoba, providing that any  
judge who kept case after submit-  
ting for 90 days should have his salary  
stopped until the case was decided.  
Mr. Aylesworth opposed the amend-  
ment, and Mr. Taylor withdrew it.  
The railway subsidies passed, involv-  
ing at least from \$3,600,000 to \$7,000,000.  
The house went into supply and passed  
a large grant of estimates.**

**Have Your Walls Renovated.**  
Send a card to E. Faford, 32 Soran-  
ce-avenue, Toronto, who will come and  
show you his process for cleaning  
walls, ceilings, pictures, oil paintings,  
etc. He will make the work look like new  
at very small cost. Metallic walls and  
ceilings cleaned, as well as others. 467

**Principal Gordon of Queen's Be-  
lieves Dr. Falconer Will Do  
Much for Toronto.**

KINGSTON, April 25.—(Special).—The  
World correspondent interviewed Rev.  
Principal Gordon this evening in regard  
to the appointment of Dr. Falconer.  
The principal knew the president very  
intimately. Of him he said:  
"He is of a charming personality,  
sweet in disposition and very approach-  
able. He has marked ability in the ex-  
pression of his thoughts by the pen  
and by the voice. The just approach-  
ing his prime, he is an author of very  
considerable note. Some of his books  
have obtained a fairly wide circulation  
considering the subjects of which they  
treat. His pen has been busy, too, writ-  
ing articles for magazines and jour-  
nals of various kinds."  
"What do you think of him in re-  
lation to his power to attract the young  
and communicate a higher impulse to  
their life?" he was asked.  
"I have already answered that ques-  
tion in part," said the principal, "but  
I may add that if there is any one class  
to whose improvement Dr. Falconer has  
devoted his powers, that class is the  
young men of our country. He is an  
enthusiast in the Young Men's Christian  
Associations, the Young Men's Society  
of the Presbyterian Church, and some of his  
writing is intended for young people  
mainly."  
"This is another Nova Scotian brought  
west to occupy an important position,"  
suggested the correspondent.  
"Yes," said Dr. Gordon with a smile.  
"It is Nova Scotia brain again."  
"Dr. Gordon came from there?" said  
the correspondent.  
"Yes," said Dr. Gordon, "and Dr.  
Dawson—both of these great men from  
Pictou."  
"And yourself?" added the correspon-  
dent.  
"Oh, I came from there, too."  
"Is Dr. Peterson (of McGill) a Pres-  
byterian?" he asked.  
"Oh, yes; he is an elder in St. Paul's."  
"It is Presbyterianism that is doing  
the work," said the interviewer, "Mani-  
toba, Toronto, Queen's, McGill."  
"It is remarkable," said the principal,  
"with evidence of the highest quality."  
"You can say that I know of no one  
better fitted to fulfill the responsible po-  
sition of president of Toronto University  
than Dr. Falconer, but I am bound to put  
new life into the institution and his  
presidency will be marked by great suc-  
cesses."  
Here the doctor paused and looked as  
if he wished to put something more  
into the picture. Then he said:  
"Mr. Falconer is a man of great ability  
and high character, and he is well ac-  
quainted with the needs of the Pres-  
byterian Church, Toronto, and she is  
equally fitted with her husband to dis-  
charge her duties in the new and exal-  
ted sphere on which they are about to  
enter."  
McGill's Good Wishes.  
MONTREAL, April 25.—(Special).—  
Principal Peterson of McGill had only  
the most complimentary things to say  
of Principal Falconer and believed  
he will prove himself worthy of McGill's  
greater sister university.

Little Malcolm Anning, the 2-year-

St. Charles Hospital last night.  
"The little boy was left in the kitchen  
by his mother Tuesday afternoon  
while she went upstairs, and she had  
charge her duties in the new and exal-  
ted sphere on which they are about to  
enter."

**PROF. FALCONER**  
Continued From Page 1.

Gardner of St. James' Square Church,  
Toronto.  
Not a Parson.  
Dr. Falconer will be ex-officio a mem-  
ber of the board of governors and  
chairman of the senate, as well as  
chief executive officer of the univer-  
sity. He has already acquired a repu-  
tation for administrative ability, and  
even the World's "wild man" is will-  
ing to admit that he holds a big  
enough stick if he gets room enough to  
swing it.

Dr. Falconer is a man of good pre-  
sence, with the freshness of complexion  
that reminds one of the seaside breeze  
of his native province. He is tall  
and fair and looks young for his years  
and study.  
It is a mistake to regard Dr. Fal-  
coner as a parson. Some are born  
parsons and some achieve parsonage,  
but his qualifications in this way have  
been thrust upon him, his activity de-  
grees having been conferred upon him  
honoris causa as head of a theological  
college. He is a scholar and a college  
man, and not a parson in the academic  
sense. He never was appointed to a  
ministerial charge. All the different  
elements of the board of governors and  
Episcopalians, Roman Catholics, Pres-  
byterian and Methodists—unite upon  
his acceptability. His degree from St.  
Francis Xavier is notable. A prominent  
Haltonian declared:  
"He has the confidence of the public

in all parts of Nova Scotia to a degree  
not exceeded even by Premier Murray  
or the Hon. William Fielding." At the  
same time it is said that no one knows  
what Dr. Falconer's politics are, and  
both sides in Nova Scotia praise him.  
The board of governors, as it is stated,  
were set on not having a parson, and  
they have succeeded. At the same time  
they are absolutely free hand Dr. Fal-  
coner was in the city two or three  
weeks ago he met the members of the  
board of governors, and they took the  
opportunity to make his acquaintance.  
While there he was of no doubt of his  
acceptance, and the inference is fair that  
the governors are not following a blind  
lead, it is also hinted that unless he  
gets an absolutely free hand Dr. Fal-  
coner will be a disappointment to the  
board.

**OBITUARY.**

**J. H. Addison.**  
J. H. Addison, a well-known resi-  
dent of Whitby, died yesterday at his  
home, 38 Concord-avenue, city, from  
meningitis of the brain. Deceased held  
a commission in the 24th Regiment  
and was formerly a member of the  
Q.O.R. Dr. W. H. Addison arrived  
from Philadelphia a short time be-  
fore his brother passed away. A widow  
and two children also survive. The  
funeral takes place to-morrow at Whit-  
by.

**Principal Hutton Has Done Well.**  
The appointment of Dr. Falconer, of  
course, in no way supercedes Acting  
President Hutton. When Principal Hut-  
ton was requested to fill the position  
temporarily, it was with great reluc-  
tance that he did so, and only after a  
considerable amount of persuasion,  
coupled with the distinct understanding  
that he was in no way to be considered  
as a candidate for the vacant office. His  
services as locum tenens have won the  
approval of the board of governors, and  
his popularity among the students has  
steadily increased.

The question of salary had not appar-  
ently been raised and no one concerned  
would say more than that an entirely  
adequate to the position would be paid.  
Dr. Falconer, it is understood, is not a  
dollar-chaser, but the university au-  
thorities are prepared to be generous.  
Ten thousand a year will not be an  
extravagant figure.

Manager R. J. Fleming has explained that  
when a car is to be run into the King  
street cars the crew, if there are any  
persons on the car, must ask the car  
starter whether they will run in or go to  
the end of the trip.
