HER FATHER **WAS A DRUNKARD**

A Plucky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit.

STORY OF HER SUCCESS.

A portion of her letter reads as follows:

—"My father had often promised mother to stop, drinking, and would do so for a time, but then returned to it stronger than ever. One day, after a terrible spree, he said to us: 'It's no use. I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send mo one of your little books, as I want to give it to a friend."

Shipping early vegetables into the Dominion will pay 6 per cent. per annum on the investment. The profit on citrus fruits (oranges, lemons, etc.) is enormous. The amalgamation of interests and the consequent saving of expenses warrants the further statement that the company will undoubtedly pay substantial dividends, because the business in the past has netted over ten per cent. per annum.

Application for a Dominion charter will be made. The capital stock of the Company will be \$500,000. The par value of each share will be \$5.00. No personal liability will be carried with the stock beyond the amount of the subscription. A limited amount of the stock will be offered at \$3.00 per share (tull paid and non-assessable.)
