it certainly seems strange that her son should have considered it necessary nearly four score years after the demise of his famous grandfather in Greece, not merely to revive the frightful accusations made in 1870 by Mrs. Harriet Beecher Stowe, of them by producing in print what he declares to be irrefutable evidence of fishwife, slinging mud and offal at the marble statue of the greatest English poet, affect the memory of Mrs. Leigh, the half-sister of the bard. But it is only right to point out that one of the arguments put forward in support of the innocence of the poet of the shocking accusations, was that his widow, Lady Byron, who survived until 1860, remained on the most affectionate and friendly terms with her sisterin-law, Lady Augusta Byron, Mrs. Leigh, until the latter's demise in 1857.

The Foolish Fogey Way And The Other Way

Many people still cling to the grand mother idea that a perfect custom made boot cannot be produced except by hand in the good, old fashioned, foolish, fogey way.

Hand made is right. A shoe should be hand made throughes and all Slater's are, but why should a shoe maker be condensed to tediously sew a shoe with awl, wax and knife at snail speed when he can do it a hundred times quicker and a hundred times better with a Goodyear Welt machine? There's no reason, except prejudice and

Every woman knows that for strength, evenness and durability, hand sewing cannot compare with the sewing machines product. Neither can hand shoe sewing compare with Goodyear machine sewing.

If you'd like a shoe without tacks, threads, stitches, lumps, hollows or roughness under the foot; if you'd like a shoe with the lock stitch which holds the sole on until worn to the thinness of paper, get a shoel that's made by the Goodyear Welt Process. As all Slater's are made by that process—Get a Slater's.
