Brantford and Simcoe.
Forty girls are needed for a camp which E. D. Smith has near Brantford. Fifteen are already at work there, and forty more girls are needed. F. W. M. Ross of Simcoe alone wants girls for five camps—two camps of 20 girls each, and one of 12 girls, strawberry pickers only.

Quite a number of girls have applied to the Toronto headquarters, but not nearly enough.

If the fruit crop is to be saved, it is apparent that it will be women and girls once more to the rescue.

Owing to the fact the season is backward this year, it is probable the strawberry pickers will not be needed until between June 20 and 25.

At the annual congregational meeting of the Centennial Methodist Church held on Wednesday evening last good reports were heard from all the different organizations. The pastor, in giving his report, mentioned an increase of 59 members, making a total membership of 579, the most encouraging part of it being the large number taken in by profession of faith. The total receipts were \$6.370.

A pleasant feature of the evening was a presentation of an address and check for \$100 to the retiring financial secretary-treasurer, Thos. J. May and Mrs. May. George Keyes was elected his successor.

The following story which Acting Mayor E. S. Little declares is true, was told at the city hall this morning. In this city, there was a certain citizen who had to change his coal dealer. The customer went to a new man to get his supply for the coming winter. "How many tons would fill your bin?" asked the dealer.

"About thirty tons," replied the citizen.

The coal was sent to the house and most of it was into the coal chute.

Later the citizen and the dealer met again. "How much did you say your bin held?" queried the dealer.

"Thirty tons," said the citizen, "and at the end of the winter it is all gone." all gone."
"That's funny," remarked the dealer
"we've put in only 26 tons and the
