**Explosion in Manholes Shakes
Houses and Shatters Windows**

Stores and houses in the vicinity in Bloor street and Dovercourt road were shaken and residents were startled by an explosion which occurred in three manholes at the intersection yesterday morning. The noise of the explosion was terrific and the could be heard for several blocks. The manhole covers were thrown into the air and windows were shattered at Tamblin's drug store, 978 West Bloor street, and in the office of Dr. H. V. Dewar, dentist, on the first floor of 988 West Bloor street. No person was injured.

Two of the manholes are the property of the hydro-electric system and the other is owned by the Bell Telephone Company. In the one used by the telephone company a cement floor was shattered. Emergency crews were soon on the spot, and they placed guards around the holes. There was a distinct odor of gas after the explosion, suggesting that it emanated from that agency.

**FATALLY INJURED IN
FALL FROM BOX CAR**

When he fell from a box car at St. Clair avenue and Keele street yesterday morning, William Spillane, a G. T. R. brakeman, of 121 Spynolton avenue, was so badly injured that he died in the General Hospital a few hours later. Spillane was married and leaves a wife and two children. He was 27 years of age.

According to the police, Spillane was standing on the top of a box car which was engaged in shunting operations on the siding of the Union Stock Yards. When the car struck other cars, he was jolted from his position, falling between two other cars. The wheels of a car passed over his legs. At the hospital amputation was performed, but he failed to rally. The body was removed to the morgue, where an inquest will be held.

CIVIC EMPLOYEES' WAGES ARE UNDER DISCUSSION

Young Men, Physically Fit, May
Not Receive Increases
This Year.

No decision was reached at the conference of board of control members and heads of departments yesterday afternoon, relative to the proposed general increase in salaries of civic employees. The matter will be threshed out at the board of control meeting this morning.

There is a possibility that young men, eligible for military service, will not come in for any of the salary increases. The mayor and Controller Shaw favor some method which would eliminate them from the scale of increases. The fire and police departments, it is understood, do not desire to be included in the schedule drawn up by Controller O'Neill, and at the conference yesterday, Fire Chief Smith pointed out that his men were on the job twenty-four hours a day and received smaller salaries than men in the city hall offices. He wanted to give every man, from the captain down, a substantial increase. The police salaries, of course, have to be fixed by the police commissioners.

Excluding the fire and police departments, the total increases proposed are \$229,000. Of this amount, \$277,000 goes to the men drawing \$1,500 a year or less so that the big-salaried officials are left pretty much unchanged in the cold. The increase, if it goes into effect, means just half a mill on the dollar tax, without including the fire and policemen's salaries.

**Mayor Says Jail Farm is
Purely a Civic Institution**

The jail farm, according to Mayor Church, is purely a civic institution, and as such provincial prisoners are to be denied admission. The declaration emanated from the board of control yesterday, when, during a discussion on potato growing, Controller O'Neill objected that the provincial government was likely to send prisoners from Guelph to make room for returned soldiers.

"Why do they want to keep soldiers at Guelph, anyway?" interrupted the mayor. "Let them use their own jail farm. We are not going to be dictated to by the government."

Members of the discussion, instructions were issued to Property Commissioner Chisholm to refuse admittance to provincial prisoners.

**Associations Take Up Matter
Of Growing Potatoes in City**

Various associations have taken up the question of growing potatoes in Toronto this year and as a result of a conference yesterday with the board of control, the Single Tax Association, Rotary Club and the Lands Cultivation Association are to report a feasible scheme.

A. C. Thompson, of the Single Tax Association, suggested a scheme of voluntary labor, enlisted as a matter of patriotism. According to Mr. Noel H. Marshall, the board has already suggested the vacant lot cultivation Association.

CITY HALL NOTES

The board of control will once more communicate with the federal government and express its belief that oleomargarine should be allowed into Canada.

Trustee Mrs. A. C. Courtice of ward one writes Mayor Church, protesting against what she terms unnecessary expenditures on buildings by the board of education. Mrs. Courtice suggests that instead of enlarging schools, private dwelling houses be equipped for domestic science and other training work.

AFTER EXHIBITION BOARD.

Controller Foster is still after the Exhibition Board. At the board meeting yesterday, he secured permission to demand information concerning receipts from the sale of oils and gasoline, with motor car expenses, list of pictures purchased, and a copy of the existing contract between the Exhibition Board and the general manager.

The office is in charge of Lieut. Westwood.

**Lieut. Douglas Hallam
Now Flight Commander**

Lieut. Douglas Hallam, R.N., D.S.C., son of the late Ald. John Hallam, has received promotion to rank of flight commander in the Royal Naval Air Service. Altho he qualified as an aviator soon after the start of the war, he went overseas as a truck driver in the Sifton Motor Battery, serving with distinction in both Egypt and the Dardanelles. He wears the Distinguished Conduct Medal for his work while 40 days under fire at Gallipoli.

**MANY BOATS DESTROYED
BY EARLY MORNING FIRE**

In a fire which broke out from an unknown source early yesterday morning L. N. Devins' pavilion and boathouse, containing 150 canoes, 100 row-boats and about 100 other craft, on the west shore of the Humber River, were destroyed. The estimated damage is approximately \$45,000. One hundred and fifty-eight of the craft belonged to Mr. Devins, the rest to private persons.

The fire was discovered by Patrick Donovan, of Humber Bay, and the train crew of a G.T.R. engine. While Mr. Donovan gave the alarm from the Humber Beach Hotel to the city fire department, the engineer of the train blew his whistle for fifteen minutes to awaken the residents. Cowan avenue, Lower Dundas, and firemen from other halls nearest to the scene of the blaze were sent out, and when they arrived the buildings were all ablaze. Owing to lack of pressure at the river, the firemen were compelled to lay out their hose from the boat works at Windsor.

Mr. Donovan places his loss at \$20,000 to the building and \$10,000 to the contents, while Orr Bros. and McGrath estimate theirs at \$5000 to building and contents.

Just what caused the fire is a mystery, but Mr. Devins stated that during the past winter considerable damage had been done to the waterfront district. Thieves had broken into the boathouse and stolen articles from the lockers, and it was possible that during another visit the fire started from a lighted match and so caused the conflagration.

**HOW I DARKENED MY
GRAY HAIR**

**Lady Gives Simple Home Recipe That
She Used to Darken Her Gray
Hair**

For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe which is as follows, to a number of my friends, and they are all delighted with it. To 7 ozs. of water add a small box of Oriflex Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Use every other day until the hair becomes the required shade. It will not only darken the gray hair, but relieves dandruff and acts as a tonic to the hair. It is not sticky or greasy, does not rub off, and does not color the scalp.
