

TOWNSHIP MUST ACT ON WATER QUESTION

Delay by City in Replying to
Appeal Complicates
Situation.

SEVERAL WATER SCHEMES

York Township Council and officials have to settle within a few days the question of a water supply for the north Danforth district. Ten thousand residents are growing impatient over the delay in getting plans under way, and the York authorities are daily awaiting a reply from the city to their appeal for a supply of 50,000 gallons daily and connection with the city sewer system. To both petitions, Commissioner Harris has turned a deaf ear, on the ground that the city is physically unable to enlarge its service at the present time, but an appeal has been taken to the board of control, who have promised to visit the districts affected and see for themselves the extent of the need. Although the promise was made weeks ago, it has not been made good yet, and in the meantime the township authorities are jumping two ways at once, in their efforts to stall off deputations clamoring for water.

The outcome of the annexation petitions are awaited with almost equal anxiety, because if the city commissioners, to whom have been referred the four annexation petitions, give a favorable reply the water and sewer questions will be solved for a large strip of the township bordering the city at the north, from the Don to Woodbine avenue. It is understood this special committee is now preparing a report which will be ready for the board of control next Wednesday.

Alternative Schemes.
York township is considering three alternative schemes in case the city turns them down. The first is a system fed from the Don river, the second a system from the lake, with a trunk main passing through the city or the township of Scarborough, and the third, a supply from the township of Scarborough, where a small system is now being constructed.

The township has prepared plans for both a water and a sewer system, which, if installed, will run into hundreds of thousands of dollars, to serve districts which in the natural course of events will be annexed by the city within ten years. Much of this expensive plant will have to be scrapped when annexation takes place, and the cost will become a charge on the city.

DOUBLE DAILY SERVICE BETWEEN TORONTO, PORT DALHOUSIE AND ST. CATHARINES.

Effective June 18th, the Niagara-St. Catharines Line will augment their service by placing in commission the fine twin screw steamer Northumberland, of about the same dimensions as the favorite Dalhousie City. Double daily service will be inaugurated as follows: Steamers will leave York Street Wharf, Toronto, for Port Dalhousie at 8.00 a.m., 2.00 p.m., and 5 p.m. daily, except Sunday, and northward will leave Port Dalhousie 8.30 a.m., 11.00 a.m. and 7.00 p.m.

Picnickers and excursionists should not fail to take advantage of the splendid facilities offered by this service to and from the picnic grounds at Port Dalhousie and Niagara Peninsula points.
On Sundays, June 27th to September 5th, inclusive, steamers will leave Toronto 8.00 a.m., 2.00 p.m., and 7.00 p.m. for Port Dalhousie, Niagara Falls, Y.Y. and Buffalo. Steamers will leave Port Dalhousie, 9.30 a.m., 11.00 a.m. and 7.00 p.m.
Special fares for picnics and excursions with full luncheon, obtainable from City Ticket Office, Canadian National Railways, No. 52 King Street East.

Anglican United Men Hold Annual Picnic

United Men's Societies of the Church of England held their first annual picnic today at Exhibition Park. Prominent among the churches represented were St. Stephen's, whose ladies' guild helped to make the gathering a success; St. John's, the Garrison church; St. Cyril's and Church of the Messiah.
In the absence of the president, the continued illness of George Garrett, assisted by Mr. Melville (St. Stephen's) took charge of arrangements. After a enjoyable supper the whole party adjourned and took part in a baseball game in which the girls certainly excelled the men.

EFFECT OF FLORIDA WATER

Walter Moore was in yesterday's police court sentenced to three months at the Jail Farm for theft committed in a downtown store, where also he conducted himself in a disorderly manner, causing some material damage. Accused blamed an overdose of Florida water for his misdoings.

NO TRUCK OR TRADE WITH THE COUNTY

Mayor Thinks Toronto and York
Legal Departments Should
Be Divorced.

The city has asked for a conference with the provincial authorities on the question of a readjustment of the account between the city and the county of York pertaining to the upkeep of the city hall. "The county is now only paying 11 per cent. of the upkeep and are using it per cent," said the mayor yesterday. He added that he would be in favor of divorcing the city entirely from the county so far as the legal departments and the registry offices are concerned. This, he said, is becoming the practice in all the large American cities.

NO NEED FOR UNION, SAYS DR. CHOWN

Methodist Financial and Spiritual Resources Sufficient
in Themselves.

The superintendent of the Methodist Social Union of Toronto, Rev. T. W. Neal, was elected president of the Toronto Methodist conference, at their first session yesterday afternoon. The sacramental sermon was delivered by Rev. J. R. Patterson, who spoke at some length on the work of the church. "Methodism in Canada," he said, "is responsible for the encouragement of the spirit of liberty and the development of social sympathy. She is not responsible for the propaganda of extreme materialism delivered in labor churches, just as she is not responsible in the material side of religion for the extremes into which the so-called holiness movement of Canada has run."

Labor Churches.
Superintendent Rev. Dr. Chown spoke on the question of the formation of labor churches. "The prospect of organic church union, once radiant with hope and joy, owing to hope deferred is now clouded about with perplexities," said Dr. Chown. "I hesitate to raise this question of church union lest I should appear to give the slightest ground for the inference that the Methodist Church is a suppliant for union, and we are not pressing for it for any denominational reason. We have no need of spiritual resources, and financially we have all the strength that we require."

There was some slight controversy over the report that returned soldier who had applied for a job in the Book Room had been refused without proper consideration. After a good deal of discussion, Dr. Chown ended the debate by declaring the subject out of order.

PLANS FOR FACTORIES.

Permits for the erection of dwellings are still in active demand.
Plans have been filed at the city planning department of the new addition to the King Edward Hotel, showing 537 additional bedrooms. The addition is to be 17 stories high and will cost about two and a half millions.
Applications have also been made for permits for the following buildings:

Canadian Bank of Commerce, book vaults on Atlantic avenue, to cost \$100,000.

BREAD EMPLOYEES STAGE REVUE.

Before a large and appreciative audience the employees of the Ideal Bread Company staged an unusually clever performance last night at the public school hall, Long Branch.
For some years the boys have been entertaining their city friends and their fame has spread to outside points. A musical comedy was given with a large cast and chorus, which tickled the fancy of the spectators. The lines were witty, the songs melodious and catchy and the costumes exceedingly pretty.
The Metropolitan Orchestra, under the leadership of Frank Walsh, played between acts. The summer colony was well represented and many prominent citizens from the city were also present.

FAILED TO LEAVE TOWN

On Wednesday, Albert McGill was given 24 hours within which to leave the city, but delayed to do so, with the result that he was arraigned before Mr. Cohen in yesterday's police court and sent down for 60 days, unless he pays a fine of \$20.
On a charge of stealing a gramophone from Davisville Military Hospital and selling it for \$27, Gordon Smith was, in yesterday's police court, committed for trial. Accused was a patient in the institution.

RUMOR SAYS CHURCH FOR NEW POSITION

Traffic Commissioners May Not
Be Appointed Until
Next Month.

WOULD AVOID AN ELECTION

An announcement was made by Mayor Church yesterday that a traffic commission would be appointed before council takes its summer holidays, which begin after the meeting of July 5.
According to the city's bill, recently passed by the legislature, three commissioners are to be appointed and it is optional with the council whether they are paid a salary or not. The general assumption is that salaries will be paid. When asked about this point the other day, Controller Maguire replied, "Of course, the commissioners will be paid."

Mayor Church said yesterday there was some difficulty in getting suitable men for the appointments, but he had been looking around and would have two or three nominations to make when the matter comes up.
There is a rumor at the city hall that arrangements have already been made for the nomination of Mayor Church for the chairmanship of the traffic commission and that he will resign his position as mayor to accept it. Some support is given this aspect of the case by the mayor's announcement that the appointments may not be made until early in July. If his worship resigned before the end of June an election would be necessary to fill the vacancy, but any vacancies occurring in the last half of the year can be filled by the city council. A delay of three weeks in appointing Mayor Church to the new position would save the city the expense of an election.

WILLS AND BEQUESTS

The Toronto General Trusts Corporation has been granted probate of the will of the late Miss Lavinia Price and the estate valued at \$20,330. Deceased left \$600 to charities, legacies to certain relatives and \$1000 and an oil painting of her father to her nephew, A. H. Selwyn Marks, who shares the residue of the estate with a niece, Mrs. Lillian O'Brien, who receives deceased's furniture and personal effects.

The deceased, Mrs. Mary Darcy, died intestate, leaving an estate valued at \$3,488. The heirs are the husband, a brother and four uncles.
Under the will of the late Mrs. Ada A. Watts, her two children inherit equally the \$2,427 estate left by her. Other wills probated yesterday were: Arthur E. Rodgers, \$1564; Maria Amato, \$1526; and Helen Richards \$1029.
Charles R. Harris, his widow is named sole beneficiary and executrix. Deceased left an estate valued at \$25,755.

DAMAGES FOLLOW COLLISION.

A jury before Judge Denton yesterday awarded H. H. Malcolmson \$428.88 for repairs and \$245 for loss of use of car, against L. A. Delaplante and Albert J. Lupianie, following a collision on August 30 last at the corner of Sherbourne and Gerrard streets, Yonge.

NO HARBOR LANDS FOR THE AERO CLUB

The harbor commissioners yesterday turned down the application of the Aero Club for the establishment of a municipal airfield on harbor property. It was found that under the deed to the harbor board and the agreement with the federal government the land could be used only for industrial purposes and is valued at from \$40,000 to \$60,000 an acre.
It was suggested that an arrangement might be made with the federal government whereby the Aero Club could use the airfield at Leaside or Armour Heights as a municipal flying station.

MAYOR WILL FIGHT REBURN NOMINATION

Does Not Think Board of
Control Appointment is in
Public Interest.

The fight is already on to defeat in council the recommendation of the board of control that Mr. Harry Reburn be appointed finance commissioner at a salary of \$8,000. Mayor Church informed the press yesterday that he would move for a reconsideration of the appointment by the board of control because he did not believe the appointment of Mr. Reburn would be in the public interest.
Under the law the mayor and treasurer are custodians of the public funds, and as mayor he would not accept the responsibility of acting with Mr. Reburn.

"When Mr. Bradshaw intimated three months before he actually retired that he would like to train a man for his position to be prepared in case he left the city's services, the board told him to go ahead and get a man," said Mayor Church yesterday. "But when he left the service he admitted that he had no one in his department capable of succeeding him except Mr. Black, and Mr. Black had declined the position. 'We need an outstanding man to fill the position, and an outstanding man will not act if Mr. Bradshaw is retained as consulting financial adviser.'"

His worship said the board of control had not considered Mr. George Ross, the man who had been suggested and recommended by Mr. Bradshaw.

UNITED TORONTO LODGES.

A meeting of the Sons of England United Toronto lodges annual church service committee was held last evening at headquarters, 58 East Richmond street, in connection with the annual service held at Jarvis Street Baptist Church, commemorating the anniversary of the coronation of Queen Victoria. The total receipts amounted to \$234.65, expenses \$154, leaving a net balance of \$80.65 to be devoted to the society's hospital board. T. H. Warrington, W.S., chairman, presided.

DOMINION PERMANENT CLAIM FOR SUBSIDY

Over Two Hundred Thousand
Dollars Asked From Various Interests Over B. C. Railway.

The Dominion Permanent Loan Co. has entered action at Osgoode Hall against the Columbia and Western Railway Co. and the Canadian Pacific Railway Co. to recover \$200,328 with interest under an agreement dated May 26, 1910. Under this agreement, the Dominion Permanent Loan Co. sold to the C. & W. Railway 40 per cent. of the stock of the Kettle River Valley Railway Company (now the K. V. R.), and the defendants, it is stated, each agreed to pay the Dominion Permanent a sum equivalent to 40 per cent. of the amount to be received from the Dominion government as subsidy amounting to \$400,000 a mile on a line of railway to be constructed from Midway to Merritt, in British Columbia, 250 miles. All the money due under the agreement have been paid, with the exception of \$100,000, equivalent to the subsidy on the line from Brookmere to Penticon, 39.3 miles. It is also alleged that the defendants agreed to pay a sum equivalent to 40 per cent. of the subsidy granted by the province of British Columbia on 150 miles at \$5000 per mile, amounting to \$750,000. It is admitted that the defendants have paid a sum equivalent to this subsidy on 100 miles more or less.

In the alternative the Dominion Permanent claims a sum amounting to damages for breach of contract upon the ground that the defendants in breach of the rights of the Dominion Permanent, arranged that the subsidy for certain lines should be paid to other lines in order to avoid construction of the said railways and to avoid payment to the plaintiff.

LOAN ARCHITECT'S SERVICES TO U.S.

James Govan of Provincial
Secretary's Department
Goes to New Mexico.

Hon. H. C. Nixon, provincial secretary, announced yesterday that James Govan, an architect in the department, had been granted a month's leave of absence to go to New Mexico. The authorities of that state propose to reclaim a large area of waste land and build reformatories similar to the one at Burwash, using prison labor for the purpose. They had heard of the good work in this direction accomplished by Mr. Govan, hence the request for the loan of his services.
Mr. Govan was associated in the work of the Guelph prison, and the design and construction of the hospital buildings at Whitby, which are regarded as models of their kind, were done under his entire direction. Altogether Mr. Govan has served eight years in the Ontario government's service.
It is considered very flattering that the United States should seek the services of a Canadian architect. Mr. Govan is a member of the advisory committee on architecture of the United States, which is in itself a high honor.
