

## LAST NIGHT'S WAR CABLES

While their compatriots were busy Wednesday north of the Somme, mainly in warding off German counter attacks, or engaged in artillery duels, the French south of the river drove their men further into the German lines and made additional noteworthy gains.

In stubborn fighting over a front of four miles, between Vermandovillers and Chilly, the Germans have been forced to give up the northern portion of Vermandovillers; while the French have occupied the outskirts of the railway junction town of Chaulnes and thrown their forces along the railway running from Chaulnes to Roye, between Chaulnes and Chilly.

To the north the operations by the French, which have Barleux, and ultimately Peronne, as their objective, also met with success. Southeast of Belloy-en-Santerre further German trenches were captured, and the greater portion of the village of Berry-en-Santerre fell into the hands of the French. During the day's fighting, according to Paris, the number of prisoners taken apparently was large.

New York, Sept. 6.—A Zurich despatch to the Journal says: "According to Austrian admissions the Roumanians, in one week of war, captured more than 1,000 square miles of territory in Hungary."

"The region occupied includes some of the most desirable sections of Transylvania. In it are many towns and several cities, one of which is a famous watering place."

"Meat Prices Will Not Come Down" is the cheerful news from the Department of Agriculture. Meat prices will not worry the man or woman who knows that a Shredded Wheat Biscuit will supply more real body-building nutriment than beefsteak or eggs and at much less cost. Shredded Wheat remains the same price, the same high quality, supplying all the nutriment a man needs for a half-day's work. Two shredded wheat biscuits with peaches and cream or other fruits make a complete, nourishing meal at a cost of not over five cents.

## POUMANIA FORBIDS TRADE IN ALCOHOL

Penalties Attached to Either Sale or Consumption of Liquors; Follows Russia's Lead

Bucharest, Sept. 7.—The police commissioners have forbidden the sale and consumption of alcoholic liquors in all establishments throughout Roumania under penalty of severe punishment.

Roumania's action in prohibiting the sale and consumption of alcoholic liquors follows the lead of many of the European countries now at war, including Russia, France and Great Britain.

Russia, the first belligerent country to place a ban on alcohol, abolished the liquor traffic by imperial decree at the outbreak of the war. As a result of this prohibition the sale of intoxicants in Russia fell within a year and a half from nearly a billion roubles to approximately 4 per cent of that sum. The 4 per cent consisted largely of the sale of liquors

for medical purposes.

In Great Britain restrictions were

placed on the sale of liquor in the munitions

areas. The sale of intoxicants in

licensed houses is permitted for only

four hours a day, and six months' im-

prisonment and a fine of \$800 is the pen-

alty for contravening the regulations.

In France wine shops are forbidden

to sell any form of alcohol before noon.

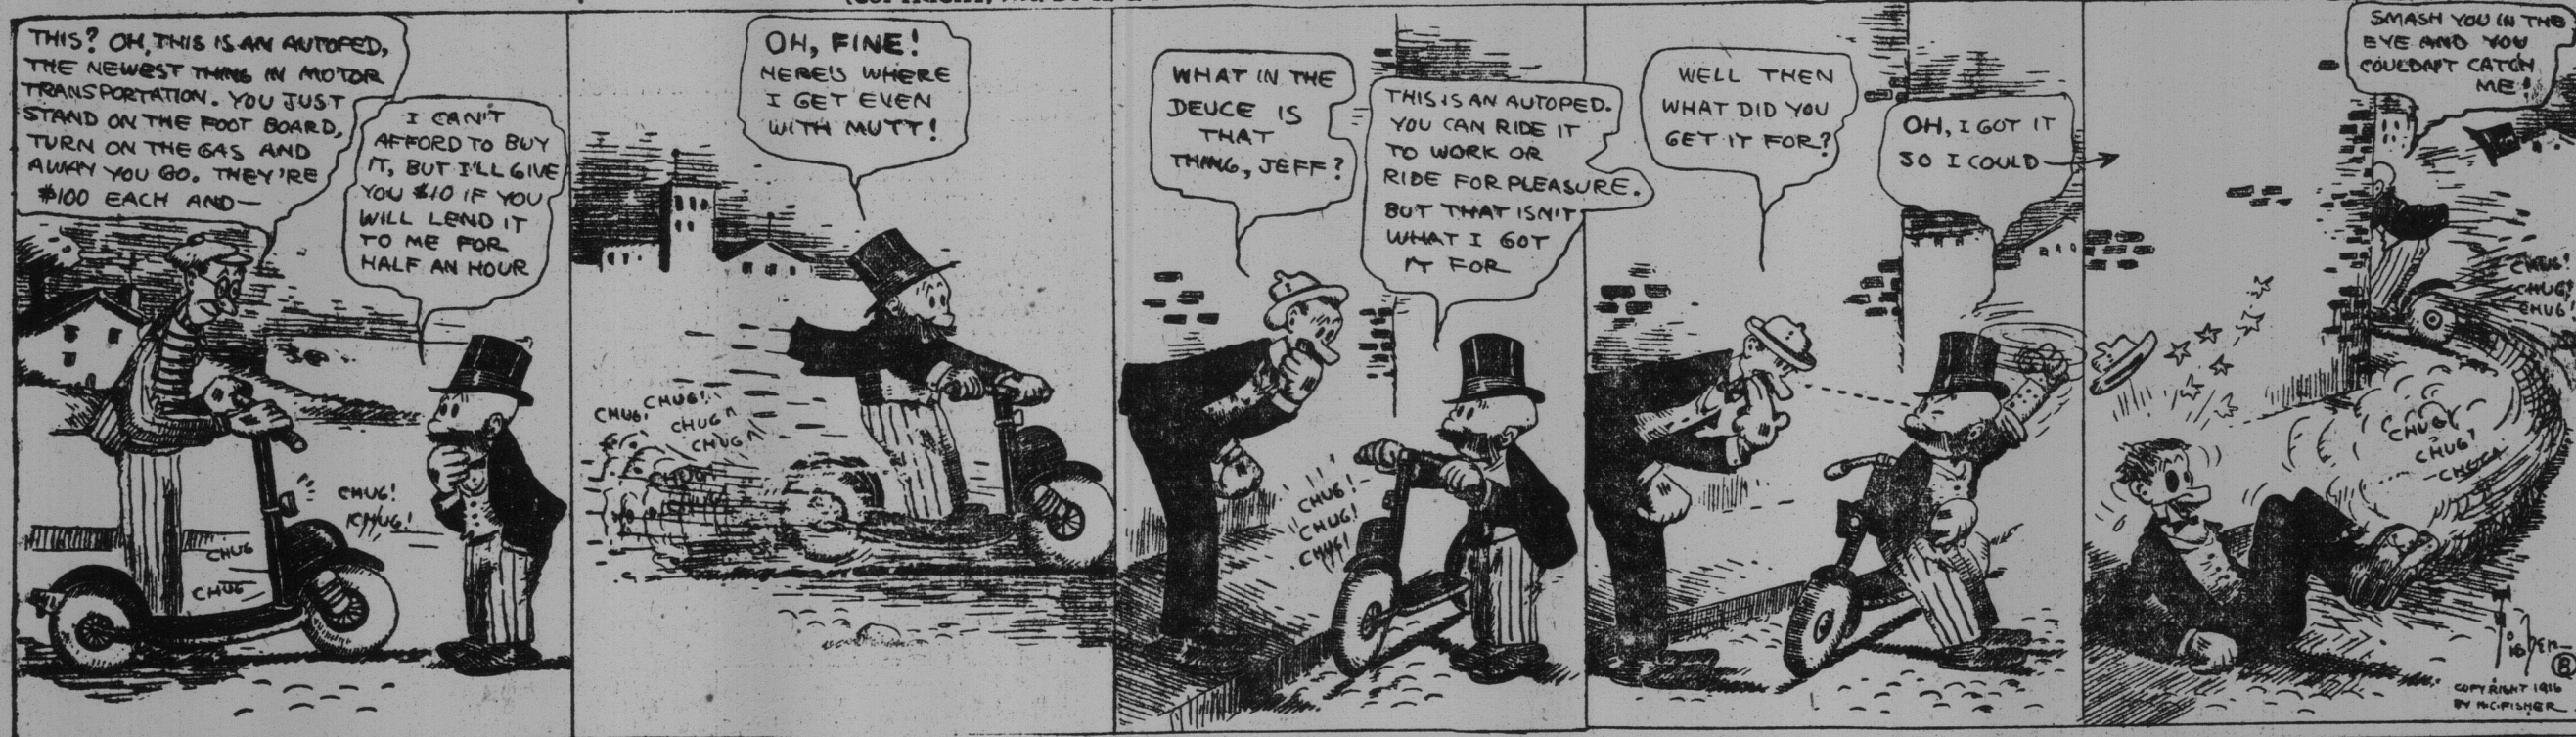

Sales to women and children are barred

at any hour.

## They Want Support From Both Parties

Temperance Alliance Will Ask All Candidates to Pledge Themselves to Aid in Introducing Prohibition

That all candidates offering for election in any of the constituencies of the province be asked to declare their attitude in regard to the prohibition law and their readiness to use every endeavor to secure its enforcement, so as to give the law a fair chance of success, was one of the resolutions passed yesterday at the meeting of the New Brunswick branch of the Dominion Temperance Alliance, held in the Y. M. C. A. parlors.

The executive also recommended that an aggressive temperance worker, a man with executive ability, be appointed to the position of chief inspector under the

prohibitory law, and that the appointment be made only with the approval of the officers of the executive.

The resolutions passed at yesterday's session were as follows:

That this alliance, having received from the government fulfillment of all the promises made to the alliance when they asked the government for prohibition, and the government having placed upon the statute book a good and efficient and satisfactory prohibition law.

We therefore recommend all voters to give their influence and support to those candidates who are favorable to and will support the law as passed and who can be relied upon to support and aid in ensuring the proper enforcement of the law.

That the law as now passed will come into force in counties now under the Scott act, immediately on the repeal of that act, and in counties now under the license law on May 1, 1917.

This alliance is fully satisfied with the law as now given to us and deprecates any course or policy that would delay the coming into operation of the law.

The alliance feels that temperance

voters ought not to allow political affiliations to prevent their giving support to those candidates who are opposed by the liquor interests because of their support of the prohibitory law.

It is desirable to remove the question of prohibition from party politics, therefore we resolve that this alliance request the provincial opposition to declare themselves in favor of accepting the present law and pledge themselves to give it a fair and full support and insure as far as possible its enforcement.

That all the candidates offering for election in any of the constituencies of the province be asked their attitude in regard to the present law and their readiness to use every endeavor to secure its enforcement so as to give the law a fair chance of success.

The sub-executive of this alliance is instructed to see that the necessary steps be taken to secure the nomination of suitable candidates in the different constituencies of the province when the candidates selected are not acceptable to the alliance.

That the sub-executive be a committee to see to the carrying out of

the foregoing as far as may be possible.

Again resolved: That this executive recommend to the government that an aggressive temperance worker and an able and efficient administrator be appointed to the position of chief inspector under the prohibitory law and that no appointment be made without consultation with the approval of the officers of this executive.

That the executive proceed to ballot secretly for chief inspector, the ballots to be placed in the hands of the officers for the information of the officers, in conferring with the government in respect to the appointment of such officer.

This alliance reaffirms its conviction that the temperance people of this province should take the necessary steps, as speedily as possible, to secure the repeal of the Scott act in all the counties where it is now in force, so that the prohibitory law may be force all over the province at the same time.

New Executive Members.

During the course of the session, Rev. R. J. Colpitts was elected to the executive to replace Rev. F. S. Porter, of this city, who is now on active service. Rev. J. H. Jenner, of St. John, was elected in place of Rev. G. A. Lawson, of Moncton, also with a C. E. F. unit. The minister-elect of St. Paul's church at Fredericton was another new member appointed, elected in the place of Dr. Smith, who has removed to western Canada. E. A. McCurdy, of Newcastle, was also given a seat on the executive.

The field secretary made a report on the present situation in Westmorland county and the matter was thoroughly discussed and a course of action decided upon in this instance.

It was resolved to ask the ministers of the different churches throughout the province to observe the next world's temperance Sunday, which falls on a date in the month of November, and on that particular occasion present the work of the alliance before the people of their congregations and make appeals for funds for the further support of the work. The next annual meeting of the alliance will be held in St. John some time about the end of the year.

Those Present.

Those present at yesterday's session were as follows: Donald Fraser, president, Plaster Rock (N. B.); Rev. C. Flemington, Andover (N. B.), secretary; Rev. W. D. Wilson, field secretary; W. G. Clark, treasurer; Rev. E. Wilson and Rev. Mr. Keirstead, Fredericton; J. G. A. Belyea, Fredericton; J. M. Lemont, Fredericton; C. W. Weymouth, Sussex; E. N. Stockford, St. John; S. C. Alward, Moncton; Rev. W. G. Lane and Michael Kelly, St. John; Rev. F. E. Boothroyd, Oromocto; W. B. Evans, Miramichi; E. S. Hennigan, St. John; J. Willard Smith, Rev. W. R. Robinson and T. H. Somerville, St. John; Mrs. J. W. Seymour, representing the W. C. T. U., St. John, and Rev. E. A. Chapman, Welsford (N. B.).

Columbia Garden Party

A very successful garden party was held last night on the grounds of St. Columba church at Fairville. The affair was well attended and a considerable amount realized. The ice cream table was in charge of Mrs. Oliver Stinson and Mrs. John Baird; the candy table was presided over by Mrs. Albert Cox and Mrs. Adam Campbell, and the fruit booth in charge of Miss Beatrice Burns. The gentle bean bag competition was conducted by Charles Stinson, and the prize, a table, was won by Philip Perry. The ladies' bean bag contest was conducted by John Baird and the first prize, a chair, was won by Mrs. James McCrackin, and the second prize by Mrs. Miller. The bunny-in-the-hole competition was presided over by James Grant, and the prize, a hand-painted plate, won by Miss Gladys Stinson.

Winter Fighting Again.

The Italian official statement says that on the whole front bad weather prevails and the first snow already has fallen in the mountains.

## Refreshing Tea

In any season—Summer or Winter—there is nothing more enjoyable than a delicious cup of tea. The flavor must be "just right," though, and that's where KING COLE TEA excels.

## Krumbles

The New Whole Wheat Food with the Delicious Flavor originated by the Kellogg Toasted Corn Flake Co

THE youngsters of today are far luckier than father and mother when they were young. For breakfast it used to be mush and milk and then milk and mush. Today the youngsters ask for KRUMBLES—and get it, too.

This new whole Wheat food with its delicious flavor is just what active minds and bodies need—rich in protein, the food that builds brain and muscle—rich in starch, the great energy-food—rich in phosphates and mineral salts—rich in bran, with its valuable laxative properties.

All the wheat, cooked, "krumbled," and delicately toasted by the Kellogg special process that brings out the full, rich flavor of the wheat.
