### LOCAL NEWS

#### VERY WARM TODAY

The heat wave, which has been moving east for the last few days, struck St. John this morning and as a result the mercury rose to seventy-seven degrees. This is the highest registered this year, but is not so high as recorded last summer. In May last year the highest point reached was 78.5, while on June 24 80 degrees was recorded.

#### SWIMMING SCOWS

The city swimming scows at Marble Cove are attracting a large number of young people these days. Yesterday afternoon large numbers of school children, as well as a number of men enjoyed a dip. The scows are again in charge of Mark Burns, who is arranging for his swimming and life-saving classes. Owing to the additional accommodations provided a large number of people can be accommodated.

#### PUBLIC WORKS

The city public works department has completed the laying of granite curbing along one side of Duke street between Charlotte and Sydney. The sidewalk on Prince Edward street, between Richmond and Union, delayed by the cold weather last season, is now being carried out. The new concrete stairs in Murray street have been completed except for the iron railings, which will be installed in a few days.

#### POLICE COURT

J. P. Ryan was arrested last night by the detectives on a warrant charging him with assault on his wife. It was reported this morning that Mrs. Ryan was unable to leave her bed in the hospital, and the accused was remanded.  
Two juveniles arrested in connection with the theft of cement bags yesterday morning. One of them was sent to the Boys' Industrial Home for an indeterminate period and the other allowed to go on suspended sentence.

#### DINGHY RACES

The second of a series of dinghy races will be held by the Royal Kennebec Yacht Club on the Kennebec river next Tuesday evening. It is expected that ten boats will be entered and considerable interest is being manifested. Robert Logan, who sailed the Winnifred II to victory in Halifax last season, has entered the race and he is being picked as a probable winner. In the first race he handled a new boat, which on its initial appearance did not make a very good showing.

#### TRAFFIC CASES

Three traffic cases were taken up this morning in the police court. I. Turner, charged with exceeding the speed limit at the Mill street crossing, pleaded not guilty. Foliohen McNeil and Mr. Turner gave evidence and the case was postponed until tomorrow morning. Max Lamport pleaded guilty to a charge of not sounding his horn, or of giving a signal to the policeman on the Mill street crossing, and obstructing traffic. He was fined \$10. Charles Sanson, charged with speeding in Union street, said that he was endeavoring to avoid an accident. His explanation was accepted.

#### INSURANCE CASE

A case against Stephen E. Barton, charged with doing insurance business between May 1 and 28 without paying the provincial tax, was resumed this morning in the police court. F. R. Taylor, K. C., and W. M. Ryan appeared for the prosecution and John B. McNair of Fredericton, for the defence. The defendant was not in court, but it was decided to allow him to be represented and not forfeit a deposit of \$200 put up. Hugh McKay and William E. Gunter were called as witnesses. Both said that the accused had not offered to sell them any insurance as far as they could remember. The case was postponed for further evidence.

#### BOARD OF TRADE NOTES

The secretary of the St. John Board of Trade has received an inquiry from Kansas City, Mo., asking for the names of dealers in sheet music in this city. The secretary has also received letters from several senators who visited the city recently, expressing their appreciation of the courtesies extended to them by the board and thanking them for sending them copies of a group photo which was taken here on the occasion of their visit. Senator R. A. Mulholland, in concluding his letter, said that he hoped that the board's expectations would be realized in securing government assistance to build the breakwater which the city so urgently desired, and which would make the harbor a truly national one.

#### GENERAL McLEAN RETURNS

The Canadian Pacific "Empress of Asia" arrived at Vancouver on Monday afternoon carrying a large passenger list. Among the passengers were A. D. Bradthwaite of the Bank of Montreal, accompanied by Mrs. Bradthwaite, Major-General Sir Alfred Knox, formerly in charge of the British Mission in Siberia, and Lady Knox and General H. H. McLean, Rothesay, N. B. On the arrival of the "Empress of Asia" the Canadian Pacific inaugurated its new Express Special train service between Vancouver and Chicago. Little more than an hour after the big liner arrived the special train pulled out for the east carrying about fifty passengers. The schedule calls for Chicago in seventy-two hours.

#### QUIPSAMIS AND HYDRO ELECTRIC

Community Club Formed and Matter of Formation of a Light District Under Consideration.

Additional interest in the matter of electric lighting in the communities of Fair Vale and Quipsamis has been manifested since a semi-official announcement of an agreement having been reached at Moncton between the city council and the tramways company in connection with distribution of the current there. It is felt that as soon as the agreement is signed the matter of the erection of the transmission line from St. John will be pushed.  
A community club has been formed at Quipsamis with a large membership, and a meeting is scheduled for Monday night. Amongst the matters which will probably be taken up will be the joining with Fair Vale in the formation of an electric light district to handle the matter of the erection of a distribution system, joining with the transmission line on the Hampton road.

### ST. JOHN HAS WON GOOD WISHES OF HEALTH CONGRESS

Statement Expressing Appreciation of What Has Been Done for the Delegates Given Out Today.

A statement, expressing appreciation of the delegates to the congress for the courtesies received while in the city, was given out this morning by officials of the various associations, as follows:  
"The visiting delegates of the Canadian Public Health Congress, could not leave St. John without expressing their heartfelt appreciation of the magnificent arrangement made for their entertainment. They wish to express their thanks to Lieutenant Governor and Mrs. Pugsley for the wonderful hospitality at the reception at Rothesay and for the honor of his attendance at some of the meetings of the congress. Premier Foster and Mayor McLellan have both assisted the convention in every way possible and shown extreme interest in the public health problems presented. Naturally great things were expected of the Minister of Health, Hon. Dr. Roberts, and these were more than realized. He has presided at the various meetings in an admirable manner, and has broad vision and sound advice have been of the greatest possible value.  
"A word about the hospitality shown to the delegates by the citizens is hardly necessary. The delegates had heard of this hospitality before coming and have found that it far exceeded their high expectations. The entertainment provided for the delegates by the provincial and city authorities, the D.S.C.R., the provincial and local branches of the Red Cross, the tuberculosis association, the physicians and their wives, and the citizens generally, will never be forgotten and will always remain bright in the memory of all of us.  
"The privileges of the various clubs, such as the golf clubs, the Union Club and others, were much appreciated.  
"Too much credit cannot be given to the local secretary, Dr. William Warwick, and his committee, for the arrangements made. It is impossible to mention the various ladies and gentlemen by name but it is hoped that this will be taken as a personal letter of thanks to each, from the delegates.  
"The value of the publicity given by the press cannot be adequately expressed. The whole-hearted way in which the newspapers of the city have co-operated has set a new standard for other cities to try to emulate. The hearty thanks of the delegates go to the press for their wonderful work.  
"In saying good-bye, we can only say that we go away with the happiest memories of our stay in the east and will look forward eagerly to an early return."  
On behalf of the congress,  
R. R. McLENNAN, M.D.,  
General Secretary, Canadian Public Health Association.  
GORDON BATES, M.D.,  
General Secretary, Canadian Social Hygiene Council.

### BRIDGE CONTRACTS AWARDED HERE

Several Announced After a Meeting of the Government—Provincial Hospital Annex Affairs.

Contracts for permanent bridges to the amount of approximately \$400,000 were awarded at a meeting of the provincial government held here this morning. They included the following:  
Four Mile Brook bridge, Madawaska county, awarded to Dexter and Richards, Fredericton, in the vicinity of \$15,000.  
Bass River bridge, Gloucester county, awarded to Connelly Brothers, Bathurst, about \$9,000.  
Monks (Tympist) bridge, concrete arch, Rogersville, Northumberland county, awarded to Hanson & Gammon, Fredericton, about \$16,000.  
Announcement of the awards was made this afternoon by Hon. P. J. Veniot, minister of public works. Yesterday afternoon, Mr. Veniot, accompanied by B. M. Hill, provincial road engineer, went to Renfrew to look into the matter of an application from the residents of that suburb for the laying of a concrete sidewalk from the station as far as the church. He said today that he had obtained the necessary information and would take the application into consideration.  
Provincial Hospital Board.  
At a meeting of the commissioners of the Provincial Hospital, the matters of securing water for the annex from the main from Spruce Lake was taken up and a committee was appointed to interview the city and see what arrangements could be made to tape the line. It is proposed to pipe the water through the Hatheway property in Manawagonish road. Hitherto the annex has been supplied from wells, and the new service has become necessary on account of an insufficient supply from the wells and the fact that the building up of the area has caused the water to become contaminated. It was also decided to wire the annex for electric lights, which will be supplied from the Musquash hydro. Further improvements including the matter of a new pigery were also considered.

### DOUKHOBORS IN THE NEWS AGAIN

Prince Albert, Sask., June 9.—The Herald has a report that an attempt is being made by Peter Verigin, a Doukhobor leader, to induce the settlement of the sect at Blain Lake to associate itself with the brotherhood and accept the communistic plan. An emissary of Peter, named Chagman addressed a mass meeting at Blain Lake on last Sunday, and, according to the statement of Doukhobors interviewed yesterday, met with a mixed reception, the women favoring the adoption of the proposal, which advises the reduction of clothing to the minimum, the adoption of a standard style of dress, the simple life and the communistic plan of trading with a common purse, while the men are stated to be solidly opposed to the suggestion.
