There are approximately 100,000 work horses in the city of New York. All of them are country born, and are shipped to the city green, like country boys, to become "acclimated" and accustomed to the city, then they are sent back again to the country, where they are given easy work to do or put into pastures.

THE WORRY HABIT.

(Scottish American.)

Get us resolve not to worry. It makes such a difference to those who share our homes if we insist upon being tragic about every little trifle, and it leads us to a chronic condition of discontent. Inasmuch, one of the greatest afflictions of our age, is often brought on by the worrying habits, owing to which the nervous system becomes completely out of order. And where insomnia is there is usually irritability, whose children are remorse and self-reproach, a wretched couple. But how is it possible to prevent ourselves from worrying? I fancy that there are means of escaping the affliction. The first, perhaps, is to stay our minds with the thought that we can but do our best to avert disaster and make things go on smoothly, and that the result is in better hands than ours, and completely beyond our control, worry about it as we may. One of the greatest sources of worry is the indolent habit of mind that prevents us exercising foresight, thinking all round our plans, and taking every possible step towards maturing them. It is often our own fault.

HOW ABOUT YOUR REFRIGERATOR?

A noted government authority recently stated that most refrigerators are not over 30 per cent. efficient. They do not provide circulation of air, which means stagnation and a dangerous possibility of tainted food.

Come in and purchase one of our latest sanitary refrigerators. No trouble to show you the many excellent qualities from a health standpoint.

Where Shall I Invest My Money?

This is a question that often bothers us when we have any surplus money. Some people are born rich and do not have to provide for independence, others are looking for investments that will bring them in good dividends. The Silver Black Fox Industry in P. E. Island has made thousands of investors wealthy. In 1913 alone, 30 companies paid to their shareholders an average cash dividend of 105 p. c. Is there any other industry that would do this? 1914 dividends will be even greater than before. Now is the time to invest. Send in your application today to the

St. Lawrence Silver Black Fox Co. Ltd.
Head Office—Charlottetown, P. E. Island

Foxes Capitalized at \$17,000 PER PAIR

This capitalization included all expenses for the first year up to September 1, 1913. In other words, the breeding stock will be ranch, cared for, fed and all expenses paid for the first year without any cost whatever to the shareholders. Instead of paying the 10 per cent. to 18 1/2 per cent. increase charge paid to most ranches this money will go directly into the pocket of the investor.

Your Investment is Protected

Each director is placing practically all his fox investments in this enterprise and the directors have their interests so involved in this ranch that they cannot afford to let their interest and watchful care lapse for a moment. The best breeding stock has been secured and one of the strongest, safest and most convenient ranches yet established is being erected and equipped.

John P. Barrett, City and Provincial Representative, St. John, N. B.

The History of The Industry

If you inquire, you will find that the majority of rich men in P. E. Island have made their money in the Fox Industry, which, while yet in its infancy, shows the probability of making a great many more rich men. This being the case, you should not let this opportunity of increasing the earning powers of your money pass without giving it your careful consideration.

Directors ALL Reliable Men

This is a most important feature when you consider that these are the men that you must look to for a square deal. Read the list over carefully and you will certainly conclude that an investment here is as safe with better prospects than money in the bank. This Company has only a limited amount of stock for sale. Secure yours today. This is a gilt-edge proposition.
