IN PARLIAMENT

Liberals Present Some Awkward Questions To Government

HINT AT NAVY MATTERS

Borden May Take Laurier Policy of Shipbuilding at St. John or Halifax—New Senators in Their Places

Ottawa, Nov. 21.—More than three-score of inquiries of the ministry by private members on matters of both provincial and national interest are already on the order paper of the commons. The inquisitiveness of the members covers a large range of subjects and some bristle with embarrassment for the government.

Hon. Rodolphe Lemieux will ask Premier Borden for a statement as to the truth of Armand Lavergne's recent declaration that he was offered a place in the cabinet, and that he had much to do with the choice of Mr. Borden's Quebec ministers.

Mr. Lemieux also wants to know as to the truth of Mr. Lavergne's statement that the premier gave Mr. Monk assurance, when the cabinet was formed, that a publicist would be taken before any kind of contribution to the British navy should be decided on.

Mr. Lemieux further inquires as to the authority which Hon. Col. Sam Hughes had for declaring at Vancouver last August that Germany has to be taught a lesson and that Canada must join with Great Britain to help teach that lesson.

Other queries from the ex-postmaster-general concern the extent to which the axe has been wielded by Hon. L. P. Pelletier and the latter's intentions with regard to a parcels post system.

Hon. Charles Murphy asks what the government is going to do about the Georgian Bay canal this session, and how many special commissioners have been appointed, and how much money has been paid them since the present government assumed office.

Mr. Sinclair, of Guelph, asks information as to new private cars purchased for the ministers and as to the delay in carrying out of the construction of promised branch lines of the Intercolonial.

There are also numerous questions as to dismissals, appointments, etc., in various constituencies.

Hon. H. R. Emmerson has given notice of a resolution declaring that in view of the general feeling throughout Canada that express rates are intolerably high, the railway commission should make a thorough investigation of the whole question of express rates, covering the division of earnings by the companies for the past ten years, with a view to remedying conditions, now complained of.

The government's naval proposals will probably not be introduced into the house until the week after next, as it is expected that the debate on the address in reply to the speech from the throne will occupy fully all of next week. Meanwhile the party caucus will be consulted.

In addition to the main features of the emergency proposals as to the delay in the establishment of Halifax, St. John or some other maritime port a dockyard and shipbuilding plant, such as the money which by the Laurier naval policy, where the admiralty might expend in the construction of warships some of the money which Canada is to contribute to the British navy. No definite agreement has yet been reached with any company which is being made to get something tangible on which to bolster up the government policy of direct contribution and to meet the inevitable criticism of failure to provide for this important phase of the Laurier plan.

It is understood that the emergency contribution will be a vote of \$50,000,000 as a cash contribution to the British government with the proviso that the admiralty shall use it for the construction of naval vessels in addition to the regular admiralty programme. There is to be a proviso that if Canada at any time establishes a navy of her own the money may be demanded from the admiralty to be put into the Canadian fleet.

After the opening of the house, the introduction of new members took place. The Liberals set up a hearty cheer when P. J. Carlin was introduced by Sir Wilfrid as Victor LeBel.

Ottawa, Nov. 21.—(Special)—Hon. Frank Cochrane has given notice of an amendment to the government railways employees' provision fund act, by providing that the board administering the fund may pay out of such fund the whole or any portion of the contribution thereto of any employee discharged for participation since April 1, 1907.

Ottawa, Nov. 21.—The senate opened the session with a short sitting and adjourned until Tuesday, when the debate on the address of his royal highness will be commenced. His royal highness was present in general attendance at the senate chamber at 3 o'clock, and the commons having been summoned, the speech from the throne was delivered.

The following senators were introduced, took the oath of office and assumed their seats in the senate: Senator Nathaniel Curry, Amherst (N. S.); Senator William Morris, Halifax (N. S.); Senator George Gordon, Nipissing; Senator Harry Corby, Belleville.

A communication was read from the clerk of the senate stating that Senator Sullivan, of Kingston, had not been in attendance at the senate for the last two sessions. The matter was referred to the committee on orders and customs, comprising the whole senate, which was called to meet on Tuesday at 2:45 p. m.

Sensor G. W. Ross gave notice of a motion for the production of correspondence between the British and Canadian governments on the Panama canal.

Sensor Bellour introduced a bill respecting the pollution of navigable waters. The Liberals of the senate have chosen Senator Hewitt Rodock to lead them in succession to Sir Richard Cartwright, with Raoul Dandurand as first lieutenant.

It is believed that there will be chosen a fisheries board of an advisory character to aid in the protection of the fisheries along the coast of Canada. The board would be composed of officials of the government and citizens representing those engaged in the fishing industry.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop It in the Sneezing Stage

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining of the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender sore surface.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectively check the poisonous discharge which clogs the head and throat, causing the disgusting hacking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless. Agents—Wasson's 3 Retail stores,—King street, Main street, and Haymarket Sq.

WATERWAYS COMMISSION TO MEET IN DETROIT AND DISCUSS SEWAGE POLLUTION

Washington, Nov. 21.—United States and Canadian health officers will be asked to meet the International Joint Commission on Waterways at Detroit, Dec. 3, to take up the subject of sewage pollution in boundary rivers and lakes.

The joint commission concluded its sessions here today with Surgeon-General Rupert Blue, of the public health service, and Dr. Lucien Chaney, of the department of commerce and labor, in consultation as to the scope of the proposed investigation.

TOY SOLDIERS POPULAR

The War Has Caused a Demand for Them for Xmas Trade

Berlin, Nov. 22.—One of the effects of the triumph of the Balkan armies is the flood of orders with which the German toy-making trade is being inundated for tin and wooden soldiers representing the troops of Bulgaria, Serbia, Greece and Montenegro.

Telegraphic orders are reaching Xuyemburg, Saxony, and other centres for little counterfeits of the Balkan legions in time to delight the hearts of the boys of two hemispheres at the coming Christmas tide.

Exhausted Nerves Sleepless Nights

Continually Grew Worse Until Dr. Chase's Nerve Food Restored Vigor and Strength.

Mrs. Campbell.

What misery to lie awake nights and think of all sorts of things without being able to get the rest and sleep which is necessary to restore the nervous energy wasted in the tasks of the day.

This symptom of sleeplessness is one of the surest indications of an exhausted nervous system. You must have sleep or a breakdown is certain. Dr. Chase's Nerve Food feeds the feeble, wasted nerves back to health and strength. In a few days you obtain the natural, restful sleep which helps so materially in restoring vitality to the nerves and strength to the whole body.

Mrs. Sarah Campbell, 108 Alma street, rivets Thomas, Ont., writes: "For months I was so bothered with nervousness that I could not sleep nights. There were other symptoms of exhausted nerves, but none caused so much misery, and I found myself continually getting worse."

"I began using Dr. Chase's Nerve Food, and it was not long before I noticed great improvement in my health. It built up the nervous system wonderfully, strengthened the nerves and enabled me to rest and sleep well."

DAUGHTER OF FORMER GOVERNOR OF RHODE ISLAND MISSING

Miss Garvin Started to Attend Brown University Lecture and Hasn't Been Seen Since—Hat Found Near Pond

Providence, R. I., Nov. 21.—The discovery of a hat belonging to Miss Norma Garvin, daughter of former Governor L. F. C. Garvin, on the shore of a pond near her home in Longdale, today, led the police to drag the pond.

Miss Garvin has been missing since last evening when she left home to attend a lecture at Brown University. The family are unable to assign any reason for her disappearance. She is thirty-six years old. The search of the pond was without result today. It will be continued tomorrow.

A. H. HANINGTON IS PRESIDENT OF THE LORD'S DAY ALLIANCE

A meeting of the Lord's Day Alliance was held yesterday afternoon when Rev. R. M. Rochester, B. A., general secretary for Canada, and Rev. G. W. Mingie, B. C. L., field secretary for Quebec and the maritime provinces, met the officials for New Brunswick.

The president of the local branch, A. H. Hanington, was in the chair. The report of the field secretary, Rev. Mr. Mingie, was received, and the election of officers for the ensuing year took place. A strong recommendation was made by the meeting that the work of the alliance be more aggressively prosecuted.

Rev. Mr. Mingie reported on the work of the Alliance in this province. They had been instrumental in stopping Sunday excursions, railway and other construction work and had taken steps to secure protection for the employees of the government road whose conscience would not allow them to work on Sunday.

A general review of the work throughout the dominion was given by Rev. Mr. Rochester. He referred particularly to the efforts to prohibit the sale of tobacco, ice cream and food stuffs on Sunday.

At the conclusion of the general secretary's report, the following officers were appointed: President, A. H. Hanington; treasurer, Alexander Watson; secretary, Rev. H. E. Thomas.

A resolution was passed suggesting that in the light of the extra demand made on the association on account of the development in the eastern field, the employment of additional assistance should be considered by the executive of the Lord's Day Alliance.

Rev. Mr. Rochester and Rev. Mr. Mingie will both go to St. John to attend the annual meeting of the Nova Scotia branch of the alliance. During their stay in Nova Scotia they will consider some infringements of the Sunday law which have come to their notice as going on in that province.
