Heavy Fighting in Preparation For The Greater Yet To Come

Attacks and Counter-Attacks Continue to Mark Contest; British Check Two Attempts of Huns to Advance; Enemy Losses Very Severe

NO TERMS TILL ISSUE SETTLED

Address by Archbishop of York
In Ottawa

Old Country Very Tired but Resolved to Stick to See it Through; Must Make Ourselves Strong With God

Ottawa, April 8.—The Archbishop of York preached yesterday morning in Christ church cathedral, and in the evening addressed a crowded audience in the Russell Theatre. His Excellency the Duke of Devonshire presided.

The archbishop sketched the great contest being waged as one in which great spiritual issues were involved, in which a victory could be won only by moral and spiritual effort. He referred to the old country today as being very tired, but unalterably resolved to stick to it to see it through. He said he would like to bring home the fact that every man must feel today as he never felt before that the honor of his manhood before God was at stake.

He alluded to the way the people of the old land had been cheered in the early days of the war by the response of Canada and said they had noted and then how Canada strove to keep up the strength of her manhood and her determination not to fail in her duty to these men.

"We at home have been proud of the part you men have played in the fight," said his grace, amid applause. He said the world was at a turning point in her history, when she had to determine which spirit would rule, whether it would be the spirit which honestly desired that the small nations should be allowed to live in peace or whether the spirit dominating a great nation should be permitted to be thrust on to the world. "If this spirit prevails, there will be no chance for the small nations to open out. We shall be held by the menace of a power restless or irresistible."

He declared it was an issue for this generation to settle, and it was impossible to think of terms until it had been settled. Unless the ideals for which the Allies were fighting had been made secure it was not worth while to have peace, no matter how long it would relieve the people's suffering. In closing his grace said what was needed was more than faith in our cause—it was the moral strength which more than anything else was needed at this moment in the world's history.

"How can we be adequate for a test like this without making ourselves strong with God?" he asked. "As nations we must find out the way to God, not in the vulgar manner of claiming Him as an ally, but by acknowledging Him as our Sovereign."

He said he would like to impress upon all present the fact that religion now was the very essence of patriotism, and he closed by urging the Canadians to rise to a new spiritual power.

SELL ALL AUXILIARIES TO THE BALTIC FLEET

Moscow, April 5.—(By the Associated Press)—It is reported that the commission of the Baltic fleet have decided to sell all transports and auxiliary warships to Russian firms or citizens, on condition that the government retain control. This means that their disposal to aliens would not be permitted. This measure was deemed necessary in view of the German landing in Finland, which creates a precarious situation.

Authentic information has been received that the Germans have landed 12,000 men from thirty warships and transports. It is apparently considered that Russia is not concerned, and this action has not been protested so far.

No Russian troops are participating in the fighting in Finland, according to an official statement, all these troops having been removed after the Brest-Litovsk treaty. Any Russians remaining are considered volunteers, who may be attached to both camps.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household work. My doctor advised me to take Vinol, and six bottles restored my health so I do all my household work, including washing. Vinol is the best medicine I ever used.—Alice Record, 427 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions. Watson's Drug Store.

The Ross Drug Co., Ltd., St. John, Vinol is sold in Fairville by T. H. Wilson and in Hampton by Donald's Drug Store.

Also at the best druggists in all New Brunswick towns.

WITH THE FIGHTING BRITISH ARMY

A Tommy's billet among the ruins.

line those previously combed out because of age or wounds.

A German alman just taken prisoner has proved most interesting. He was formerly a school master and seemed most intelligent. He said that the British had more and better airplanes than the Germans, and this accounts for the fact that the British airmen did far more work over the enemy lines than the Germans did. He said the Germans could not run the risk of wasting machines in this sort of warfare.

The school master was convinced firmly that the war would end this year. While he did not say so directly, he implied that he thought the Germans would wear the Allies out, for he declared the Germans would keep on attacking.

CHAIN ROCKETS USED BY GERMANS WHEN OUR AIRMEN RAID

Behind British Lines in France, March 8.—(Correspondence of the Associated Press)—One of the Germans' favorite devices for opposing British airmen on night raids or reconnaissance, is a barrage of the so-called "chain rockets." The fireworks appear to be about a foot in length, and are made of brilliant, luminous balls, bright green in color, which are sent upwards like skyrocket strings of thirty or forty, and which have suspended in the sky for a considerable time, apparently for the purpose of catching the airplane and setting fire to it.

THE WAR NEWS OVER WEEK-END

The second phase of the great battle along the Somme, which the Germans began on Sunday last, has died down. It lasted less than three days, and the fighting has resolved itself into more or less isolated engagements in which the French and English Allies have more than held their own.

The attention of the Germans for the present is mainly directed at the lower end of the Somme, which apparently they are attempting to enlarge for the purpose of getting elbow room in which to move their vast masses of troops.

The Germans apparently have been successful in their operations in this sector and have pushed down south from Chauny and Barisis, capturing the villages of Pierremont and Folembray, the latter lying on the southern outskirts of the lower Coney wood. They report also the capture of prisoners and heavy French losses.

BRITISH IN LOCAL FIGHTING.

The British, on Sunday, engaged in sharp local fighting at various points, and the Germans made considerable gains. They also drove off by artillery fire, the German attacks launched in the neighborhood of Bucquoy.

West of Noyon a German detachment, which had gained a foothold in the French lines, was forced out by a counter attack.

The British attack at Grivesnes was repulsed but the German efforts along the Oise to enlarge their previous gains were continued in the sector between Chauny and Barisis, capturing the French command deemed it advisable to withdraw to positions previously prepared and these are being held strongly.

The Germans apparently have been quite successful in their operations in this sector and have pushed down south from Chauny and Barisis, capturing the villages of Pierremont and Folembray, the latter lying on the southern outskirts of the lower Coney wood. They report also the capture of prisoners and heavy French losses.

QUITE A DIFFERENCE.

partment, for instance, charges \$3,225 to salaries, compared with \$2,400 the previous year and \$2,422.20 in 1917. The Standard notes to mention the fact that the attorney-general of last year, to wit, J. B. M. Baxter, was paid in addition to his salary the sum of \$5,744.40 for collecting succession duties. The present government collected \$30,426 in succession duties last year, but not the dollar of this amount was paid to either the attorney-general or his deputy in commissions.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Croup, Feverish, Constipated Give "California Syrup of Figs"

Look back at your childhood days. Remember the "doses" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is marked "California Syrup of Figs." Refuse any other kind with this contempt.

THE JAMES VANWART CASE

To the Editor of The Times:

Sir,—The finding of the coroner's jury in the matter of the death of Mr. JAMES VANWART, Private James VanWart and your editorial comment of this date cannot pass unchallenged.

VanWart was brought into the guard room of my battalion shortly after eleven a. m. of the 29th March. Two military police were the escort and he was taken to the hospital at the guard as being a defaulter under the Military Service Act. No mention was made at the time that the man was sick. He appeared to be a man of about 30 years of age, and was given immediate medical attention by Captain Smith, my M. O. The ambulance was summoned and arrived within a short time, and the man was taken to the hospital at once.

These are the facts.

VanWart told one of the prisoners he had been badly treated at the police station, having been placed in a cell without blankets.

In my opinion the verdict of the coroner is at variance with the facts according to the newspaper account of the evidence, and any adverse criticism against the military authorities is uncalled for.

I may add the coroner did not, at any time ask my medical officer or myself to be present nor were we ever advised when the inquest would be conducted.

The military authorities have nothing whatever to do with defaulters under the Military Service Act until they are handed over by the dominion police. From my statement you will note that he was not handed over to me until about 11 a. m.

Will you give this letter as great a degree of publicity as you have the ability of criticisms of the military authorities.

J. L. McAVITY,
Lieutenant-Colonel,
Commanding Depot Battalion N. B. R., formerly O. C. 20th Battalion, France, St. John, N. B., April 6, 1918.

Mrs. Christie Irons, who resides at 87 York street, and her mother, Mrs. James VanWart, who died in St. John's street Military Hospital on March 25, made the following statement to The Telegram last evening: "I demand an investigation, through the press, into the death of my son, and as to why he was neglected in the police cell on the night of his arrest, as was revealed at the inquest by the boy, Duncan Wright, and why the men carried him into the detention room at the barracks and left him on the boards in a dying condition, with no pulse and without medical attention."

"I also wish the public to know that my son, James VanWart, was not a defaulter under the Military Service Act. He reported for duty, and at the time of his arrest he was only absent without leave; and at the date of his death I gave him examination papers to one of the adjutants at the army."

"I also thank Commissioner McEellan and others for the steps that they are taking in the matter."

"JOHNNY, GET YOUR HOE."

Arthur Barnstead, organizing secretary of the national committee on food resources of Nova Scotia, has sent the following which was composed by Geo. E. Graham, manager of the D. A. R., and was sung with good effect at a public meeting held recently at Kentville, N. S.:

Johnny get your hoe, get your hoe, get your hoe,
Make your garden grow, make it grow,
Plant your seeds from sea to sea,
Let them grow for liberty.

Hurry right away, don't delay, start to hoe,
Forward to the land with a right willing hoe.

So we'll help defeat the Hun,
Now we've got him on the run.

Over there, over there,
So we'll help defeat the Hun,
For our brave boys need it,
The calls are coming everywhere.

So observe and preserve,
Save the food, save the food and conserve,
So we'll help win the cause of freedom
And we'll plant, sow and send, till the
over ocean there.

LOCAL NEWS

Rev. C. E. Manning, secretary of the Methodist home mission board, was in the city yesterday.

Gerald Burke, son of James Burke of 58 Sheriff street, fractured his wrist in a fall yesterday.

The Philathea class of the German street Baptist church entertained the convalescent soldiers at the armory on Saturday evening.

Fifty returned soldiers were entertained in the German street Baptist church last evening in a song service led by H. S. Mayes.

The house of Thomas Rathburn, College Hill, Rouses, was destroyed by fire on Friday evening. Mr. Rathburn is gardener at the college.

Plans for starting the recruiting for the War Gardens Association were completed at an executive meeting on Saturday in President T. H. Estabrooks' office.

Box 315 was rung in yesterday afternoon for a slight blaze in a house occupied by Arthur Worden, 144 Rockland road. No damage was done.

Lieut. J. J. Marshall, a former member of the staff of The Daily Telegraph, arrived in the city yesterday, returning from conveying a depot draft from Quebec to England.

The quarantine which has been affecting soldiers in and about the city was lifted last evening. It is understood that the mumps and measles have been practically stamped out.

S. B. Wass, for three years superintendent of the St. John-Frederick division of the C. P. R., has resigned and will go to Moncton as assistant in the engineering department of the C. G. R.

Rev. E. B. Hooper has written to Margaret Hamilton thanking her and Geneva Jenner and friends for a gift of money resulting from a bazaar held to raise funds for Rev. Mr. Hooper's work among the wounded soldiers.

The marriage of Lieut. Harold W. Humphrey of this city to Miss Laura Flaherty of New York was celebrated in England recently. The groom enlisted here with the 7th Siege Battery. Both have many friends in St. John.

The Chamberlain house at Quispamis was destroyed by fire on Friday at a loss of \$3,500, this amount being about one-third covered by insurance. Geo. Chamberlain, brother of Geo. Chamberlain of this city, and his mother occupied the house.

About fifty sailors and soldiers were entertained in the German street restaurant last evening. Among the number were some fifteen Newfoundlanders who arrived recently from overseas. An entertainment was also given to the soldiers at St. David's church school room.

Rev. G. A. Kurling addressed a large congregation in St. John's (Stone) church yesterday morning with an earnest appeal for more prayer for the success of the Allied cause. He referred to food waste in St. John in condemned food-pole station, having been placed in a cell without blankets.

A picture of fifty-two veterans of the first contingent was taken in King square yesterday afternoon. Officers who led the men were also in the group. Also a picture of twelve men of the original draft of the 12th Battalion from St. John going under the command of Captain Sturdee, was taken.

Taylor Statten, in supreme charge of the soldiers of the soil movement in Canada, was in the city on Saturday and Sunday and addressed several gatherings at the Y. M. C. A. On Saturday evening the high school class held a supper in his honor.

A hospital ship arrived in Halifax yesterday with 650 wounded soldiers on board. In the party were forty officers, the first of whom were taken to the hospital at the Y. M. C. A. On Saturday evening the high school class held a supper in his honor.

The services at Knox church for the last week have been of an anniversary nature in celebration of the union of St. John Presbyterian church and St. Stephen's Presbyterian church on April 6, 1917, forming Knox church. Rev. H. C. Fraser spoke at yesterday morning's service and Rev. J. A. MacKeigan spoke last evening.

Ate Only One Meal in a Day

Because of Great Suffering Accompanying Digestion—Hospital Doctors Said Operation Necessary—Perfectly Cured by Home Treatment

New Aberdeen, N. S., March 17.—Once again the doctors erred in claiming that an operation was necessary. Fortunately Mrs. Watkins had a different opinion, and by using Dr. Chase's Kidney-Liver Pills obtained a perfect cure. That was in 1914, so there seems to be no doubt that the cure was both thorough and lasting.

It is well worth your while to read this letter, for if you never have a similar experience you may be able to help others to escape the unnecessary risk and expense of a surgical operation.

Mrs. Annie Watkins, New Aberdeen, N. S., writes: "I think it is time for me to give my experience with your wonderful Kidney-Liver Pills. For seven months I suffered with what the doctors called indigestion, but what it was, I suffered terribly. The pain would start under my left shoulder and pass down my side until it reached the pit of my stomach. At first I did not think it was anything serious, but as it became more and more severe, I began to feel that I was in a bad way. At times I used to go without food from one morning until the next. I had no sleep, and I was in a constant state of nervousness. At first I did not think it was anything serious, but as it became more and more severe, I began to feel that I was in a bad way. At times I used to go without food from one morning until the next. I had no sleep, and I was in a constant state of nervousness. At first I did not think it was anything serious, but as it became more and more severe, I began to feel that I was in a bad way. At times I used to go without food from one morning until the next.
