

154845-1

October 4th. 1920.

Dear Major Smith,

Upon my return to the city your letter of the 16th. ultimo regarding the fruit trees and plants for the Mohawk Institute was brought to my attention. As the expenditure is not very large, if not too late, you may make these purchases and forward the accounts to the Department in the usual way.

W. M. O. C.
Yours very truly,

James C. Smith
Deputy Superintendent General.
