

DEAN DOULL IS INSTALLED

INTERESTING CEREMONY AT THE CATHEDRAL

Canons Cooper and Leakey Also Instituted—New Dignitaries Take Their Seats

(From Wednesday's Daily.) At 3 o'clock this afternoon the ceremony of the installation of the dean and two canons of Christ Church Cathedral took place...

The services opened with a professional hymn. This was followed by the Bishop of Columbia reading the statutes of the diocese and afterwards giving a short address.

After the singing of the hymns, Rev. A. J. Doull was instituted as dean, and conducted to his chair in the sanctuary, and Lindsey Crease, chancellor of Columbia, declared him duly elected to office and honored with the title of dean.

The bishop then instituted Rev. C. E. Cooper, M. A. and Rev. J. A. Leakey as canons of the cathedral. They were then conducted to their seats by the chancellor.

The services closed with prayers by the bishop and the blessing. They were attended by all the Anglican clergy of the city and by many of the clergy of other denominations.

This afternoon, from 4 to 7, Bishop and Mrs. Perrin will hold an at home at Bishopsclose.

ELUDE OFFICERS

Accused Leader of Band of Smugglers Has Again Disappeared

Portland, Ore., June 15.—Frank Caviness, for who the federal authorities of Canada and the United States have been searching on a warrant charging him with smuggling, has fled just when the United States officials believed they had him.

Late last night Deputy United States Marshal Griffin hurried to Eugene, Ore., where the man was supposed to be, only to find that Caviness had departed. Federal detectives began the search for him again to-day.

Caviness is wanted as the accused leader of a gang of daring smugglers, which for more than a year has been eluding the vigilance of customs officials and which, during that time, smuggled in opium over the border between Canada and the United States.

Charges against Caviness come through the office of the United States district attorney in Seattle, and are removed to the jurisdiction of the federal court of Oregon. About two weeks ago, after customs officers tried in vain for more than a year to capture Caviness, detectives found he had made a farm near Eugene his hiding place for months.

MORE MEN MAY STRIKE AT PORTLAND

Struggle Between Employers and Teamsters Continues—Mounted Police on Duty

(Times Leased Wire.)

Portland, Ore., June 15.—Two hundred strike breakers are expected here some time this afternoon to mount the idle wagons and attempt to break the teamsters strike, which for three weeks has tied up shipments and caused the loss of thousands of dollars to warehousemen, wholesalers and shippers.

To-day mounted police were stationed at every dock along the waterfront and at the warehouses. This is but one of the many evidences of trouble to come.

President Banfield, of the Employers' Association, said to-day that he would walk out of Portland penniless, before he would give in to the demands of the strikers for a 25-cent daily wage increase.

Banfield's declaration is taken to represent the attitude all the employers have adopted.

The teamsters have trebled their picket lines along the waterfront. They have offered no violence.

If the plans announced by union leaders are carried into effect Portland will face one of the biggest labor strikes in her history, if not of the Northwest. Unionists say if the employers insist in continuing the fight that all teamsters will be called out and then elevator men, warehouse men and workmen in all other crafts will be ordered to strike.

PROPOSED COURT OF ARBITRATION

U. S. SECRETARY OF STATE CONFIDENT OF SUCCESS

Says Foreign Powers Have Informally Approved Scheme—Relations With China

(Times Leased Wire.)

Philadelphia, June 15.—In one of the most significant speeches yet made by a member of the Taft cabinet, Secretary of State Knox to-day declared that the establishment of an international court of arbitration practically is assured. Knox's speech was made at the commencement exercises of the University of Pennsylvania. His utterance is regarded as the most important recital of the administration's attitude on foreign relations that he has made since he became secretary.

Knox declared in the course of his speech that the present administration had carried America's foreign policies to greater lengths than had any preceding administration.

Speaking on the subject of "the spirit and purpose of American diplomacy," Knox said:

"The United States has always uniformly exhausted every resource to amicably adjust international difficulties."

He then recited the efforts of America to make The Hague tribunal a real arbitration court and said that he believed those efforts would soon result in the establishment of such a court.

Knox intimated that the foreign powers had gone so far as to informally approve of America's plans regarding the court.

Referring to existing relations between the United States and China, Secretary Knox declared:

"American diplomacy in that Empire is marked by a regard for China's rights as a sovereign power. In spite of an insistent desire of Americans in China that this government should cooperate in warlike measures, we have adhered to a policy of peace."

Knox referred to Zelaya, a recently deposed Nicaraguan president, saying: "Inherent sympathy for self-government had a large part in America's sympathy with the recent eviction of the tyrant Zelaya and Castro, whose cruel governments soon will be succeeded by governments that are really republic and responsible."

MILITARY DEFENCES OF THE COLONIES

Lord Lucas Makes Suggestion in Regard to Improvement of Forces

(Times Leased Wire.)

London, June 15.—In the House of Lords on Monday Lord Lucas, parliamentary secretary to the war office, speaking in connection with Lord Kitchener's resignation, said that so much benefit to the forces of the Dominion was anticipated from the recent visit of Lord Kitchener to Australia and that of General French to Canada that if as a result of the next colonial conference visits to the Dominions for the purpose of inspection and advice on military matters could be made more or less systematically by an officer of high rank and distinguished military service, the government believed it would produce more useful results. It is this should be agreed to the most appropriate officer to carry out such a duty would be the commander-in-chief of the Mediterranean.

Lord Lansdowne remarked that he could imagine nothing more unfortunate than that the Canadian and Australian governments should read this proposal for the first time in the public press.

Lord Lucas said he had made qualifications with regard to Canada and Australia. The governments of these countries certainly would be consulted before anything was decided.

MAY DIE FROM WOUND

Man Under Arrest Charged With Striking His Brother-in-Law

Oshawa, June 15.—John McAdam, middle-aged, is lying at his home here hovering between life and death as the result of a knife wound inflicted in the five inches deep, by Bernard Sheridan, his brother-in-law, who was arrested. Doctors here are very little hope for McAdam's recovery.

McAdam and Sheridan had a dispute over some business matters during which, it is alleged, Sheridan, who had not for the past week or so been on speaking terms with McAdam, drew a knife from his hip pocket and thrust it into McAdam's side. Sheridan is a well-known local boxer and featherweight wrestler.

RAILWAYS ARE RETRENCHING

MANY MEN DISCHARGED IN NORTHWESTERN STATES

Northern Pacific President Says Action is Due to Increased Taxes and Wages

(Times Leased Wire.)

St. Paul, Minn., June 15.—The railways of the Northwest with offices here, issued orders to-day stopping practically all construction work. The Northern Pacific road discharged 2,500 men, the Great Northern, 3,000, the Northwestern 800 and the Milwaukee system, 1,200.

Later the offices of the Santa Fe announced the discharge of 4,000 and the Rock Island, 1,500 men.

President Elliott, of the Northern Pacific, gave as causes for the retrenchment policy of the roads increased taxes, wages, cost of materials and the better service demanded by the public; also the increased power of the state and national railway commissions with reference to rates.

WOMAN DEAD BEFORE BEING PLACED IN TRUNK

Italian Police Fail to Solve Murder Mystery—Search for Missing Husband

(Times Leased Wire.)

Como, Italy, June 15.—Convicted that Porter Charlton, suspected of the murder of his wife, Mary Scott Castle Charlton, formerly of California, whose body was found in Lake Como, sailed for New York on the steamship Verona, the local authorities to-day sent a wireless message to the captain of the ship requesting him to detain passengers answering Charlton's description. The authorities also called the New York police to await the arrival of the Verona and co-operate in arresting Charlton if found.

Later, the police sent a wireless to the captain of the Verona, which left Genoa June 9th, asking that officer to take similar action. The Verona left Genoa June 8th, and the police here are certain that Charlton is one of the two vessels.

The local authorities have abandoned the theory that Charlton was murdered, and they discredit the robbery theory held by American Ambassador Lelsham and Consul Caskey.

Caught to-day discovered that a second trunk is missing from the villa Legnazzi, where the Charltons lived. He believes that it has been used to hold Charlton's body.

The police authorities this afternoon cropped back moustaches, wearing dark clothes. An attempt to rescue the body at the cave of the winds, failed.

Niagara's first carnival came to an end when Oscar Williams, a local steeplejack, who essayed a trip across the c rge on a wire hung at the base of the cataract, sustaining his weight by his teeth, came to a stop when above the middle of the river, and hung 40 minutes until rescued by the Maid of the Mist. Williams apparatus began to balk soon after he left the American shore, and when it struck the river by 125 feet. Just over the swift power tunnel outlet, firemen from this city threw a pulley with a rope and sent it out to him. Hand over hand he made his way to the deck of the Maid of the Mist, which had taken up a position below him.

FLAMES THREATEN ONTARIO VILLAGE

Rangers on Way to Scene of Fire—Large Area of Timber Destroyed

(Times Leased Wire.)

Winnipeg, June 15.—It is believed that there is little chance of the village of Hymers being saved from destruction by a forest fire which surrounds it, according to reports here to-day.

Rangers are en route from various points to assist in extinguishing the fire which already has burned over a large area of timber for fifty miles north and west of Fort William, Ontario.

Every available man is out fighting desperately to keep the flames from spreading.

The men were trapped in their rooms and cremated. All were foreigners. The origin of the blaze is not known. The authorities are investigating the case.

Besides the twelve foreigners who perished in the house, a man, woman and two children were burned to death in a nearby building.

The flames had free play because of lack of water and burned themselves out. One report says that the men were drunk and fell into the flames while attempting to escape down the stairs.

The woman was found in the centre of a blazing room. Her clothing had been burned out.

There was nothing to indicate the origin of the fire and the police are working on the theory that she may have been robbed and that the murderer set fire to the house.

INVENTOR KILLED BY SAFETY POWDER

Son Also Meets Death—Bodies Cremated by Fire Which Follows Explosion

(Times Leased Wire.)

Corning, N. Y., June 15.—Following an investigation to-day it is believed the fire which destroyed the Buck Harrold and Company's plant at Coudersport, Penn., and cremated Clarence Buck and his son, Bernard, started in the mixing room, where the senior Buck was explaining the use of his secret of a safety powder of which he was the inventor.

For years Buck had closely guarded his secret, but he had decided to make the process of the powder manufacturing known to his son.

MURDERER CAPTURED

(Times Leased Wire.)

Klamath Falls, Ore., June 15.—Wood was received here this afternoon by a "like" Harrold, a sheep herder, had been captured at Mud Flat, 18 miles from Lakeview, by members of the sheriff's posse, after eight shots had been fired at the fugitive.

Harrold, who was armed, attempted to fire twice at deputy sheriffs, but the gun snapped and failed to explode. The officers thereupon opened fire and brought Harrold to the ground with a bullet in the leg.

Harrold, according to the report reaching here, admitted that he shot the two Nevells brothers, sheepmen, by whom he had been employed.

COPYRIGHT QUESTION

London, June 15.—The subsidiary conference on the copyright question was resumed yesterday. It is understood that in regard to copyright within the Empire a satisfactory conclusion has been reached in respect to the Canadian copyright, which hitherto has proved an embarrassing factor in all similar negotiations.

NEXT IMPERIAL CONFERENCE

PROPOSAL TO HAVE KING OFFICIATE AT OPENING

London Times Suggests That His Majesty Pay Visit to Various Dominions

(Special to the Times.)

London, June 15.—The suggestion is made that the King should open the Imperial conference in 1911.

The Morning Post says the proposal accords with the present tendency of Imperial thought and is hardly open to doubt that if it could be found feasible for the King to hold courts in the capital cities of his various dominions that the effect upon the unity and solidarity of the Empire would be conspicuously beneficial.

The Times thinks the whole Imperial idea towards which we are moving is a happy one, and that it is well worth the attention and expansion of the ideas of royal activity. The designation of the Duke of Connaught as governor-general of Canada, although not directly determined by the auspicious adoption of this expanded view of the place of monarchy in the Empire, does undoubtedly operate in that direction. It is perhaps the most desirable and an indication of the probable trend of events just because it came about in the ordinary course without definite intention to open up a new Imperial epoch.

GERMANY'S TRADE WITH THE DOMINION

Appointment of Special Commissioner to Canada is Now Being Urged

(Special to the Times.)

Berlin, June 15.—Referring to the appointment of W. C. Fisher as trade commissioner here, the Tageblatt, chief organ of the industrial and exporting interests, says that Germany ought promptly to reply by sending a trade commissioner to the Dominion for the purpose of giving German exporters practical support in their ambitious plans for the conquest of the Canadian market. It is stated that Fisher's mission is not only to look after the interests of Canadian trade with Germany, but to pave the way for a commercial treaty more favorable to Canada than one now in operation.
