

THE WEATHER.

Maritime—Easterly and southeasterly winds, unsettled with occasional showers. Toronto, Ont., Oct. 19—Gales accompanied by showers have prevailed today on Lake Superior, and there have also been some showers in the Gaspé Peninsula, but elsewhere in Canada the weather has been fine—cold in the west and warm in other provinces. The tropical storm is off the coast of Georgia. Winnipeg—32, 40. Port Arthur—36, 48. Parry Sound—57, 74. London—51, 72. Toronto—48, 73. Ottawa—42, 50. Montreal—44, 52. Québec—38, 60. St. John—52.54. Halifax—40, 60.

AROUND THE CITY

Back at The "Vic." Allan R. Kennedy who has been absent from the Victoria Hotel for some weeks, is being welcomed back as the chief clerk again. Mr. Kennedy is a thorough hotel man and his return to the duty behind the desk is very popular with the travelling public.

Will Lay New Island Cable. The reported arrival of the Dominion line steamer Almora from Glasgow, yesterday afternoon, was an error. The steamer which passed Brier Island bound inward, was the cable steamer Tyrion from Halifax. She arrived last evening and will lay a new cable between Partridge Island and Fort Dufferin in the West End. The old cable was broken some time ago.

Presentation To Mrs. M. E. Fletcher. Last evening the members of the Senior Mission Board met at the residence of Rev. M. E. Fletcher, of the Charlotte street Baptist church, and the president, Miss Ethel Evans, presented Mrs. Fletcher with a gold mounted umbrella, suitably engraved, in appreciation of her services during the last four years. Refreshments were served and a pleasant evening was spent.

St. Roses Fair. The attendance at the festival held under the auspices of St. Roses church last evening was very good, and the supper table and various games were well patronized. The orchestra of the Father Matthew association was present and furnished music that contributed largely to the enjoyment of the evening. The fair will be continued tonight.

Louis Coste in City. Louis Coste, consulting engineer of the department of public works at Ottawa, arrived in the city yesterday and registered at the Royal. In the afternoon accompanied by H. M. Davy he paid a visit to the scene of boring operations in Courtenay Bay and later inspected the government wharf on the West End. Today he will have a conference with Mr. Hays and the minister of public works, and will attend the banquet to Mr. Hays this evening.

Enjoyable Assembly. A large number of young people and their friends attended the assembly held last night in the O'Regan building on Mill street. The affair was given by the young club of the Y. M. C. of St. Joseph. Dancing was enjoyed until an early hour this morning. The committee in charge was F. R. Fuller, F. H. O'Leary, E. D. Stafford, G. F. Cunningham, E. J. Moran and W. J. McNulty.

The A. O. H. Scholars. All members of the Ancient Order of Hibernians, who have some eligible for the scholarship, that is those who have passed the ninth grade and are between the ages of fourteen and eighteen years, are requested to report at the A. O. H. Hall on Union street on Friday morning, October 21, at nine o'clock. In the meantime any information in regard to the examinations for the scholarship will be cheerfully given by J. Doherty, who is stopping at the Dufferin Hotel.

Fainted on King Street. A young woman named McCarthy was taking with a fainting spell on King street about 9 o'clock last evening, and was carried into the Victoria Hotel. An effort was made on the part of the management to secure medical attendance for her proved fruitless, owing, probably, to the fact that all the doctors in the neighborhood were attending the presentation to Dr. Inches. The young woman, however, soon rallied and was sent home in a cab. It was said that she is subject to such attacks.

Preparing for Fruit Show. A. G. Turney, provincial horticulturist, is busy making arrangements for the fruit show and annual convention of the Fruit Growers' Association. Over 300 entries for the fruit show have already been received, and a large number of others are expected before the end of the month. One of the results of the provincial horticulturist's work among the fruit raisers this summer has been a great increase in the membership of the association. Since last year, when the membership was only 19, there has been an increase of 53 members. Mr. Turney said last evening that he had received quite a number of enquiries from fruit dealers in England, wishing to be put in communication with fruit raisers in this province with a view to placing New Brunswick apples on the British market.

Famous Song to be Sung at Meetings. The famous "Glory Song" will be sung at the Torrey meetings by Mr. Bullock's great choir of 600 voices under the leadership of Scotland's eminent tenor, William McEwan, who won fame in Great Britain as an opera singer before the time that he decided to consecrate his life and voice to religious work. Few if any songs in modern times have achieved world wide popularity so quickly as the "Glory Song." It is said to have "set Australia on fire." It seemed to captivate London in a day; and thence as from a centre it swept with lightning-like rapidity throughout the entire world. The song may now be heard in many tongues and dialects. It has been translated into at least 17 languages, including the Chinese, and the language used by the Zulus in South Africa. It has appeared in leaflets, newspapers, magazines and books no less than 17,000,000 times. The London Daily Mail, which has a circulation of over a million, has three times related the song.

NEW ENGINE HOUSE IS FINE STRUCTURE

No. 7 on the West Side Has Been Permanently Taken Over by City—Well Equipped Station.

The city having taken over the new fire station, No. 7, on the corner of Queen and Ludlow streets, West End, it is expected that in a week or so the permanent men and the apparatus will be housed in the building and ready to respond to alarms.

No. 7 is one of the best equipped stations in the city and is up to date in every respect.

It is a two story wooden building in which great care has been taken for the comfort of the men and horses. On the ground floor is space for an engine, ladder truck and hose wagon and in the rear are five stalls for the horses and these are of the latest style.

On the upper floor on the front is a large sleeping room for the permanent men. A brass sliding pole is installed so the men can reach the ground floor quickly in case of an alarm.

Along a spacious hallway there are three other large rooms and in each room there is a clothes closet.

The bath room is separate from the toilet room and the very latest plumbing is installed.

In connection with the alarm there is a handsome automatic trip which opens the stable doors when an alarm is sounded. There is also an electric switch installed which lights the station when an alarm is sent in. The house is lighted throughout with incandescent lamps.

The West End firemen are proud of the new station and work is being rushed along for an early opening.

Supt. Chas. Pierrey is installing the alarm system and the permanent men will reside in the station with spare drivers, J. Nichols and Dennis O'Keefe.

DR. FLANDERS AGREES WITH REV. DR. PEARSON

Pastor of Centenary Refers to Incident of Color Line Drawing by St. John Hotel Proprietors.

To the Editor of The Standard. Sir,—I am convinced that the dignified and moderate protest of the Rev. Dr. Pearson against the discourtesy recently shown certain tourists from the West Indies by some of our hotels, will receive the hearty endorsement of all our intelligent citizens. Caterers to a shallow snobbery may imagine it to be to their material advantage to discriminate against strangers on the score of color but they should not be allowed to misrepresent the sane and courteous citizens of St. John. Surely our hotel proprietors are able to give another explanation to justify the action with which they are charged and we shall expect it of them.

In the meantime Mr. Editor it is interesting to note that the queen mother has recently been entertaining the Rev. Dr. Booker T. Washington at luncheon at her royal palace. It may also be of interest to our citizens to know that the present pastor of St. Philip's when pursuing a certain literary work a few years ago was graciously received at Haverdale castle and courteously accorded the free use of the library of the late "Grand Old Man of England," Mr. W. E. Gladstone. Among other works Dr. Pearson has translated the Greek testament into the language of a people dwelling on the banks of the Congo. He has a daughter who last year stood first in an examination in classics in which two hundred young women in connection with one of the great schools of Boston competed. Evidently nature in distributing her favors forgets, as does the queen mother, the color line which, according to Dr. Pearson, assumes the proportions of a Chinese wall at some of our local hostilities.

I am sincerely yours CHARLES R. FLANDERS, Centenary Parsonage, Oct. 19, 1910.

DR. INCHES WELCOMED BY MEDICAL SOCIETY

Members of Medical Society Presented Address to Dr. Inches on His Return from Europe.

The St. John Medical Society held their regular meeting last evening, and at the close of the same proceedings to the residence of Dr. P. R. Inches to give him a welcome home after his trip abroad.

On behalf of the society Dr. T. D. Walker, the president, presented Dr. Inches with the following address: P. Robertson Inches, M. D., M. B. C. S.

We, the members of the St. John Medical Society wish to welcome you on your return from a well earned holiday abroad.

As a society we are especially glad to have you among us again, remembering the interest you have always taken in our proceedings and your adherence to its highest ideals.

We desire as well to pay a tribute to your faithful work through a long and successful career in which you have endeared yourself to your patients and won the confidence and esteem of the community.

"We would respectfully express our warmest wishes for your future welfare."

(Signed) DR. T. D. WALKER, President. DR. W. WARWICK, Secretary.

Dr. Inches made a fitting response, expressing his surprise at the unexpected honor and giving a brief account of his trip to Europe, and his reception at the convention of the British Medical Society.

At a meeting of the St. John Medical Society last evening, it was decided to take measures to induce the doctors of the adjoining counties to ally themselves with the local society.

TONIGHT'S BANQUET TO CHARLES M. HAYS

Expected That G. T. P. President May Make Important Announcement This Evening as to Courtenay Bay Plans

The banquet to be tendered President Hays of the Grand Trunk Pacific by the St. John Board of Trade, at the Union Club this evening, promises to be one of the most successful functions of the kind ever held in this city. T. H. Estabrook, president of the Board, will preside, and it is expected that nearly one hundred of the city's most prominent residents will attend.

Mr. Hays and the Minister of the Department of Public Works will arrive in the city today, and will be shown round the city and the harbor by the mayor and the president of the Board of Trade.

The committee appointed to make arrangements for the banquet had not completed the toast list last evening, but it is expected that in addition to the guest of honor and the minister of public works, the mayor and several other citizens prominent in the political and mercantile life of the community will be on the list of speakers.

A great deal of interest is being manifested in the affair, as it is expected Mr. Hays will make a pronouncement of the plans of the G. T. P. in regard to the development of its terminal facilities at Courtenay Bay.

PERSONAL

Mrs. W. S. Clawson came in on yesterday's C.P.R. train from Montreal, after a visit to the Pacific coast, where she has been visiting her son, W. Kenneth Clawson, at Swanson Bay. She also visited several other points in British Columbia, the Canadian West and United States.

His Lordship Bishop Casey arrived on the Boston express last night from Fredericton.

Premier J. D. Hazen arrived in the city from Fredericton last night.

Pleased With Paved Streets. Senator McSweeney of Moncton was in the city yesterday and inspected the Haslam pavement on Main, Smythe, Water and Germain streets, and was very much pleased with the work. He left for Moncton last night.

The Germain St. Work. Nearly the whole of the combined curb and gutter has been laid on Germain street. The contractors are experiencing considerable difficulty in the work of putting in the catch basins in the street, as in several places they have to make excavations in the solid rock. A large force of men is employed, and the work is being pushed forward as rapidly as possible.

Buried Yesterday. The funeral of Mrs. Mary Cavanaugh, which took place yesterday morning, was very largely attended. The remains were taken from her late residence, Beaver Lake Road, to St. Joachim's church, where a requiem high mass was sung at nine o'clock by Rev. A. J. O'Neill. Her four sons and two grandsons, acted as pallbearers. Interment was made in the new Catholic cemetery.

Record House Expected at Sunday's Lecture. It is expected that the attendance at the Opera House next Sunday afternoon at 3 o'clock to hear the lecture on Christian Science by W. D. McCracken, M.A., C.S.B., will be the largest yet turned out to hear a lecture on this subject in St. John.

Mr. McCracken comes to this city strongly recommended as an eloquent orator and as a member of the board of trusteeship of the First Church of Christ Scientist, Boston, has lectured before thousands all over the United States; admission free, no collection.

The Almora Due. The Donaldson liner Almora is due from Glasgow with a large general cargo.

Try Othello Marachino Cherry Chocolates next time. White's, King Street.

Painless Dentistry. Teeth filled or extracted free of pain by the celebrated "HALE METHOD." All branches of dental work done in the most skillful manner. Boston Dental Parlors. 527 Main St. Tel 553. DR. J. D. WAHER, Proprietor.

"A GOOD PLACE TO BUY GOOD CLOTHES." Overcoats That Fit. Some tailors—and some wearers—evidently think that it is not necessary for an overcoat to FIT. So collars stand off from masculine necks, shoulders droop and twist, and other inelegancies exist. We are pleased to state that OUR Overcoats FIT. Even the loose, generously proportioned styles are so draped and planned that every outline is graceful and pleasing to the eye. And the details of collar, lapel, sleeve and shoulder are as nearly perfect as skilled and careful tailoring can make them. Elegant Chesterfields, \$9 to \$30. Convertible Collar Overcoats, \$10 to \$25. Single and Double Breasted Ulsters, Prussian Ulsters and other good Overcoats for winter, \$10 to \$27.50. Tailoring and Clothing GILMOUR'S 68 KING STREET. AGENCY 20th CENTURY BRAND CLOTHING.

STORES CLOSED; TAKING STOCK. St. John, N. B., Oct. 18, 1910. Watch this Space for Announcement as to Who Will Succeed J. N. Harvey in the Union Street Clothing Stores. J. N. HARVEY, Tailoring and Clothing, Opera House Block, 199 to 207 UNION STREET.
