AROUND THE CITY

Another Graduate.

In the list of this year's graduates from the St. Vincent's High School the name of Beatrice Mooney was, yesterday, omitted. This makes a total of twenty in the graduating class.

Moose to Have Picnic.

In their rooms on Hazen Avenue last evening a meeting of the Moose was held to make further arrangements in connection with the picnic which the society proposes running on July 1st. The society plans on holding a picnic on that holiday at Seaside Park.

Fire in a Mattress.

An alarm rung in from Box 121 shortly after 10 o'clock last evening brought the apparatus from the North End station to a blaze in a house on the Spar Cove Road, occupied by George E. Davis. In some way a mattress in the house had caught fire. The blaze was extinguished in short order and little damage resulted.

Circuit Court Adjourned.

The June Circuit Court met yesterday morning before Mr. Justice Barry, but as the stenographer, Frederick Devine, was unable to attend court through illness and no other suitable stenographer could be procured, it was necessary to adjourn the court until the afternoon, that some arrangements might be made in the meantime.

Pupils Enjoy Picnic.

The pupils of Miss Dole's private school enjoyed a picnic at Seaside Park yesterday afternoon. The picnic was held in the school building about twenty-seven, accompanied by their teacher and Miss Holt, teacher of the Art School, went to the park before noon and had dinner and tea there and spent an enjoyable afternoon. The weather was ideal and the party returned about eight o'clock, greatly delighted with their day's outing.

LABOR MEN CRITICIZE THE ACTION OF COMMISSIONERS

Adverse Comment on Turning Down Trades and Labor Council Request for Labor Man on School Board — Calgary School Board President Here, States His Views.

The action of the City Council in turning down the request of the Trades and Labor Council that a representative of labor be appointed to the school board has caused considerable indignation among the unionists of the city, and there is likely to be some trouble for the commissioners on account of their decision to ignore the claims of the working class. In fact, some of the union officials are discussing the advisability of organizing a strike of all the school children whose parents are members of the working class. "Nothing has done more to convince the working class that our city government is run in the interests of the classes than the determination of the Council to establish a new precedent, just as soon as the workmen applied for representation on the school board," said F. Hyatt, secretary of the Trades and Labor Council. "The decision of the Council is also bound to create religious feeling, because it is freely stated among the people that our no-

GRAIN COMMISSION TO BE IN CITY TODAY

Arrive This Morning from Halifax and Meet Council of Board of Trade — Meeting Large Cities.

Secretary Hoag of the Board of Trade yesterday received a telegram announcing that the members of the Grain Commission would be in the city today and would like to have a conference with the Council of the Board of Trade. The Council will meet the commission this morning at ten o'clock. The commission has been meeting in all the important cities during the past three months. What matters in particular will be discussed at this morning's conference is undecided, but the whole question of grain shipments through this port will probably be gone into at the meeting, and the commission will likely inspect the different elevators. At a meeting of the commission in Montreal a few days ago a delegation of the principal grain merchants appeared before the board, and matters brought up was that of having optional government grain inspection at the seaboard ports, and the delegates expressed the belief that this move would be in the interests of the grain merchants. They also pressed a desire to have a permanent inspector in St. John, and were willing that the merchants defray the expense of having such an official here. The members of the commission will arrive in the city this morning from Halifax.

PLEASANT EVENING AT EVERY DAY CLUB

Boys Entertained, Last Evening, when About Fifty Enjoyed Good Programme and Refreshments.

Through the kindness of the Women's Christian Temperance Union the boys of the Every Day Club enjoyed refreshments and an interesting entertainment in the E. D. C. hall on Union street, last evening. The entertainment was opened by singing the Maple Leaf. Miss Aieborn and Miss Sparks sang solo, and A. F. and E. Bolding rendered a duet. Recitations were given by Miss Sparks and Robert Johnston, while Miss Fox and Mr. O'Brien of Boston favored the audience with piano selections. Under the direction of Walter Brindle the boys then gave an exhibition of physical drill, and under the direction of Fred Shear, of rifle drill. During the exercises A. F. Bolding officiated at the piano. Mrs. Joseph Seymour gave a short address to the boys, after which everybody was delighted by the serving of refreshments provided by the ladies of the W. C. T. U. About 50 boys were present and all enjoyed a pleasant evening.

FRANK WHETSEL IN TORONTO.

Music Trades Journal Contains Good Words Regarding Former St. John Man.

The Canadian Music Trades Journal contains the following paragraph concerning a St. John man, which will be read with interest in the city: "One of the most enthusiastic talking machine men anywhere is Mr. Frank H. Whetsel, who is making such a success of the department at the Bell Co.'s Toronto Showrooms. Mr. Whetsel's introduction to the talking machine trade occurred some 12 years ago in England, where he remained for seven years, coming to Toronto five years ago. Shortly after the Bell Piano Co. opened up in talking machines Mr. Whetsel was placed in charge. The development of his Master's Voice lines immensely pleasing to himself, although he states he could use more Victrolas than he has time to sell. Mr. Whetsel is a native of St. John, N. B., and was a professional banjo player for some years."

WILL HAVE TWO HOLIDAYS.

New York, June 25.—The governing committee of the New York Stock Exchange voted to close the market on Saturday, July 5, making a two day holiday.

PAVING SHARPLY BE UNDERWAY

Tenders for Germain and Union Streets to Close Today — Other Work — The Playgrounds.

Tenders for the paving of portions of Germain and Union streets will close today. Contractors who have undertaken the paving of various streets are already at work, and the whole programme of permanent paving for the year, will shortly be underway. The public works department has not done anything as yet in the way of fixing up the Rockwood Park playground as the Playgrounds Association expect to have a report from a competent engineer in regard to the best plan of draining the property and arranging it for a playground. On the west side the department has completed the work of grading the square south of the old Carleton city hall and the square is now ready for the installation of the playground apparatus. A good deal of repair work will have to be done later in the summer, but water and sewerage department is tearing up many streets for the purpose of renewing water mains or laying new sewers. A gang of men with a steam roller is employed macadamizing Germain street between Union and King streets.

NORTON GRIFFITHS CO. GET ANOTHER CONTRACT

Report in Scottish Paper is that Firm will Undertake Railway Construction in Australia to Cost \$15,000,000.

The Norton Griffiths Company Ltd., which is constructing the dry dock and harbor at Courtenay Bay, has, it is reported, been given an important contract by the Australian government. According to a reporter's cable to the Glasgow (Scotland) Evening Times, a tentative contract has been arranged by the Minister of Public Works in the Australian government with the Norton Griffiths Company for which will involve the expenditure of \$15,000,000. The contract, which is on a percentage basis, will be submitted to the Parliament of Australia at its next session.

WOULD WELCOME THE REPORTERS

County Councillor Does Not Think there would be Objection to Opening Municipal Committees to Press.

A county councillor stated yesterday that he thought one of the evening did not think there would be the slightest objection to the admission of the public to the committee meetings of the county council, especially to the representatives of the press. The only important committee of the county council is the finance committee and most of its time is devoted to the passing of bills. When other matters come up I think the councillors would be glad to have the reporters present so they could get their names in the papers."

WEDDING ANNIVERSARY

Mr. and Mrs. Andrew H. Martin of Carmichael street, celebrated their 10th anniversary of their wedding on Tuesday night last, when about fifty of their friends gave them a genuine surprise. Mr. and Mrs. Martin had gone to the evening with Mrs. Martin's mother (Mrs. Kein), when they were suddenly called home, where they found a friendly gathering had taken full charge. After order had been proclaimed, Rev. T. J. Deland, in an appropriate and witty speech, presented Mr. and Mrs. Martin on behalf of their many friends, with a handsome china cabinet. Needless to say both Mr. and Mrs. Martin were deeply pleased and affected by this mark of esteem. Mrs. Martin in a few happy remarks thanked all those present for the beautiful gift. Music and various games were indulged in during the evening, after which refreshments were served. Mr. and Mrs. Martin were married in St. John by Rev. Mr. Bellars. One son, Chester, has blessed the home.

BICYCLES

Approximate Estimate is that \$2,880 per day is Kept Out of Circulation through Mill Tie-up.

Although a delegation from the Trades and Labor Council interceded for the millmen in the hope of making some agreement with the mill owners, no settlement has yet been arrived at, and a state of undisturbed stultitude reigns over the Indian town mills.

Already the closing of the mills has had a bad effect on business in that particular quarter of the city, and the strike has also been keenly felt by merchants in the city whose business depends largely on the operation of the saw mills. If the men remain out for any length of time the city as a whole will feel indirectly the effects of the closing.

It is reported that some of the millmen who were thrown out of work were forced to leave the city to accept positions in outside mills. There is a possibility of more leaving, and if the mills remain closed for any length of time the men will probably remove their families.

It was also told by some of the millmen that one of the operators had offered to pay the increase but the union would not allow their men to return to work unless all the mill operators agreed to the new scale.

Another report circulated by the employees of a certain mill is that they have been driven word to the effect that the mill will remain closed until the fall, no matter what agreement may be arrived at.

With a total number of 1,600 men out of work whose average wage would be about \$1.80 a day, it means that each day the mills are closed down a sum of \$2,880 is taken out of circulation in the city.

Already during the time the mills have not been in operation an estimated total of \$28,800 has been tied up, as the men have not been out for ten days.

As far as can be learned it would be practically impossible to reopen the mills unless some agreement is arrived at between the workmen and the operators, as, if non-union men are introduced other local unions under the I. L. U. will refuse to handle material shipped to or sent out of the mills.

Men who have considered the question seriously say that it would be a good idea if the plan which has been adopted in some western cities of the city appointing a commission to investigate the case would be tried out in connection with the millmen's strike.

BORDEN CLUB POLITICAL PICNIC.

The arrangements are now nearly all completed for the big political picnic on the 1st of July at Belyea's Point. The Steamer May Queen has been chartered and will leave the wharf at Indian town at 10 in the morning the 29th in the afternoon, returning at 5.30 and 8 in the evening.

A number of the best speakers in Maritime Provinces are to be present and will deliver addresses, besides which there will be an extensive programme of sports, including a baseball match.

Refreshments will be served on the grounds, bands will be in attendance, and it is expected that the picnic will be a very large affair.

Tickets can be secured from members of the Borden Club or at Nelson's, Vanwart's grocery store, Dick's drug store, Ingraham's drug store, St. John West, and also from the members of the North End Conservative club and Fairview Conservative club.
