

TURKS REPULSED IN THE CAUCASUS

Russians Take 1,172 Prisoners in Past Few Days After Routing Turkish Forces Who Tried to Advance in Passine Valley—Lukow and Zambrow Taken by Teutons.

Petrograd, Aug. 12, via London.—An official communication from the headquarters of the Russian army in the Caucasus, made public today, says:

"The attempt of the Turks to advance in the direction of Olti and the Passine Valley was everywhere repulsed. In the capture of the Mergemir Pass we took three machine guns and some prisoners, including the commanders of two regiments.

"In the direction of the Euphrates the pursuit of the Turks continues. During the last few days one of our columns made prisoner nineteen officers and 1,172 men. We also took 200 wagons loaded with pyroxylin (an explosive compound) and trenching implements. We also seized a quantity of arms and ammunition and tents. In the villages the enemy has abandoned his wounded. On the roads our troops are finding heaps of ammunition and artillery."

Another communication says: "On August 10 in the Passine Valley, our troops, after an engagement, captured the important heights and drove back the Turks towards the west, taking a battalion commander and three other officers and three hundred men prisoners.

"In the direction of the Euphrates the pursuit of the Turks continues. Twenty-one hundred men have been taken prisoners."

WITH THE WOUNDED AFTER A BATTLE IN POLAND

TRAMWAY BY WHICH THE WOUNDED REACH THE RAILWAY.

WOUNDED RUSSIANS JUST BROUGHT IN.

The arrival of the wounded is eagerly watched by little groups of soldiers. A few of the wounded are lying on stretchers. In the background of the picture is one of the big canvas medical tents, which are a conspicuous feature behind the firing lines. Red Cross orderlies make the wounded as comfortable as possible while they are waiting for the train to take them to the base hospital. The tramway is used for conveying the wounded to the railway, which takes them to the hospital. The railway embankment, with which a junction is made, can be seen on the left of the picture.

PRENTICE BOYS FIND SYDNEY MAN'S BODY IN HARBOR

Parade preceded event—A large attendance—Address by Harry Sellen of St. John.

Special to The Standard. Woodstock, N. B., Aug. 12.—The Prentice Boys' picnic this afternoon and evening was a great success. There was a parade at 2 o'clock, sports on Connel Park during the afternoon and a baseball match at 6.30 p. m. The local Orange lodges were joined by neighboring lodges for the parade and formed up as follows: Union Jack, P.A. B.; Band; P.A.P.B. Lodge, No. 17; Wellington No. 61, Kirkland; Richmond No. 109; Richmond, Woodstock, No. 38.

After parading the principal streets the procession disbanded at the park, and the members were addressed by Harry Sellen of St. John, Grand Secretary of the Prentice Boys for the Dominion. Mr. Sellen said that a mistake had been made by public speakers recently as to the proportion of members of the Orange Order that had enlisted for overseas service. It was regrettable that these speeches were delivered because they placed the order in a false position. As a matter of fact, the Orange institution of the province has sent 15 per cent. of those eligible to go and the Prentice Boys had sent 17 per cent., which was a higher average than any other fraternal society in the province. He claimed that the Manitoba election was won by the Liberals owing to the opposition to the Caldwell amendment to the school laws by every member of the L.O.L. in Manitoba, and it could not be considered a Liberal victory, but an Orange victory. He thought the school law of New Brunswick should be amended and every child compelled to go to the public schools. He was opposed to private or bilingual schools. The Prentice Boys were increasing in membership every year and new lodges will be organized in Halifax and St. Stephen in the near future and the Perth lodge re-organized in a short time.

The ball game was witnessed by a large crowd, the Athletics winning easily from the Federals by a score of 9 to 0. Batteries: Athletics, McGibbon and Faulkner; Federals, Wheary, Blake and Hayden; umpire, John Braddon.

DEFEATED CANDIDATE IN MANITOBA ASKS FOR A RECOUNT

Winnipeg, Aug. 12.—A. Beech, the defeated Socialist-Democrat candidate for "A" seat, North Winnipeg, has asked for a recount, claiming that many ballots which were rejected as spoiled should have been counted. The official returns gave Lowery, Liberal, a majority of 350 over Beech, with Foley, the Conservative, running third.

Had been missing since Sunday—Accidental Death, finding of Coronor's Jury

Sydney, N. S., Aug. 12.—The body of John Langroux, who disappeared on Sunday night, was found in the harbor this morning at the head of ferry wharf. Langroux, who has been employed by the Dominion Iron and Steel Company, was last seen on Sunday evening at the ferry wharf in company with a man-o-war sailor, and his pocketbook was found floating in the harbor yesterday by the captain of the Westmount ferry. Suspicion that he had been drowned was at once aroused and gawping was undertaken this morning, resulting in the finding of the body. An inquest was held tonight, a verdict of accidental death being returned. Langroux was a native of Rotterdam, Holland, and 38 years of age.

H. A. PORTER ELECTED GRAND PRIOR FOR NEW BRUNSWICK

Montreal, Aug. 12.—A. W. Chapman, Winnipeg, was elected Supreme Grand Master of the Sovereign Grand Priory of Canada at the thirty-second assembly in this city today. H. A. Porter, St. John, N. B., and W. H. Soper, Halifax, were elected provincial Grand Priors, the former for New Brunswick and the latter for Nova Scotia and Prince Edward Island.

ITALY WILL BUY GRAIN IN AMERICA

Rome, Aug. 12.—The latest official reports regarding the harvest show that Italy needs 12,000,000 quintals more of grain for her consumption until next year. A quintal is approximately 220 pounds. Most of this grain, it is understood, will be purchased in America.

CREATE BUREAU TO CONTROL IMPORTS INTO SWITZERLAND

Arrangements almost completed between Swiss Gov't and representatives of the Allies.

Geneva, Switzerland, Aug. 12, via Paris.—The Journal says that negotiations between Swiss authorities and representatives of the Entente Allies for the creation of a bureau to control imports of this country are nearing conclusion. Such a bureau would discharge the functions exercised by various foreign agents now working independently. The chief obstacle to the conclusion of an agreement lies in the demands of Austria and Germany that in return for their products exported to Switzerland they be allowed to import from this country certain articles of merchandise originating in Allied countries. This is opposed by the representatives of the Allies who take the ground that as Austria and Germany export only manufactured articles and no food staples or materials in any way useful to the Allies, there would be no opportunity for the allies to abuse this arrangement. The exports of the allied nations to Switzerland, on the other hand, consist largely of articles available for use in war, and the point is made that close scrutiny of this trade by the agents of the allies is essential. While asking no compensating exports from Switzerland, the representatives of the Allies insist that Austria and Germany export to Switzerland only products necessary for manufacturing.

FERRY BOAT WILL WAIT.

Commissioner Russell stated yesterday morning that with reference to a complaint that passengers on the New Brunswick Southern train arriving at 8.08 the other evening had passed through the ferry turnstile, but had just missed the boat leaving at 8.10, had been considered, and that the employees of the ferry had been within their instructions in leaving on time. They were now being instructed to wait for trains when it was only a matter of a few minutes, as in this case, and this change, it is felt, will be a great convenience to passengers, who will not thus be compelled to wait twenty minutes for the next boat. The Commissioner stated that when the train was very late it had been the instruction to hold the last boat from Carleton at night for their convenience, and this would be continued.

JITNEY IN MILLTOWN.

Two jitney buses were run between Calais and Milltown, Me., Saturday evening, one being in charge of Percy Wiley. The fare was the electric car rate, and both buses did a good business. The Saturday night strap hangers on the electric will look for some relief by patronizing the new public conveyance.—St. Croix Courier.

DON'T BELIEVE END OF WAR WILL BRING UNIVERSAL PEACE

Dean of Durham says Universal Military Service, on Swedish plan, will be consequence of War in England.

London, Aug. 12.—(Correspondence of the Associated Press)—The Dean of Durham does not believe that the war will result in general disarmament and universal peace, when the war drums throb no longer and the battle flags are furled. In an address at West Hartlepool he predicted that in England the certain consequence of the war would be "the universal obligation to military service," on the Swiss model. "Never again," he said, "can we run the risk of having the whole fortunes of our land and empire left to voluntary effort, however widely distributed and magnificently rendered."

HAD DYSENTERY.

WAS VERY BAD WITH IT.

Mrs. G. A. McKnight, Mulvihill, Man., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for nine years, and I would not be without it in the house. I was very bad with dysentery; a friend gave me a dose of 'Dr. Fowler's,' and told me to get a bottle right away, which I did, and it did me lots of good. My brother was bad too, and I told him to take it, and he was cured. I hope there are others who will get 'Dr. Fowler's' and keep it in the house, for it will surely save doctor's bills."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 70 years, and has been used in thousands of Canadian homes during that time. You do not experiment when you buy it. See that you get what you ask for, and if your dealer tries to palm off a substitute on you, insist on getting "Dr. Fowler's," or go where you can get it. The genuine is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price, 35c.

MAGIK For Winter in The West

Along the trenches as nearly waterproof as possible. Drainage of various kinds is being provided, and concrete is being freely used to provide weather-proof shelters. If it is necessary to make use of the same trenches this winter as the troops occupied last winter, they will not suffer so largely from wet and frozen feet, and it will be possible to sleep or rest with some degree of comfort instead of in the mud.

WANT BEET SUGAR FOR U.S. TO GO THROUGH A GERMAN PORT

Berlin Also Demands that in Exchange Foodstuffs of Equal Value Must be Given

Washington, Aug. 12.—Informal negotiations were begun today by the foreign trade advisers of the State Department to ascertain whether Germany will agree to the terms on which Great Britain has consented to permit exportation to the United States of fifty thousand bags of German beet seed. Germany stipulated some time ago that any such shipment must go through a German port and that in exchange an equal value of wheat, flour or meats must be given. Now Great Britain requires that the shipment be made through a neutral port, and that no exchange of commodities be involved.
