A House on Your Hands

Did you ever figure out how much a person's hands are worth? You could see a lot of things, or how much a person's hands are worth. Good hands are not the kind that have to be washed in cold water and soap, but the kind that can do a lot of work. If you have a house, you need a good housekeeper. If you have a business, you need a good manager. If you have a family, you need a good mother. If you have a house, a business, and a family, you need a good person to do all the work. That's why you need a good person to do all the work. That's why you need a good person to do all the work. That's why you need a good person to do all the work.

BROCKVILLE'S GREATEST STORE

The current issue of the Canadian Dry Goods Review contains an illustrated article describing Brockville's "Big Store" and the early recollections of the head of that concern, Mr. Robert Wright. The cuts are excellent specimens of the engraver's art, showing different departments of the store, the store itself and a drawing of the main floor. The article follows: Robert Wright Esq., proprietor of what is known all over Eastern Ontario as "Brockville's Greatest Store," recently celebrated the fifty-fourth anniversary of his business career.

Mr. Wright is probably the only merchant in Brockville now in business who has been continuously so for this long period. In fact there are possibly very few merchants in Ontario to-day who have a similar record behind them.

Eighteen years ago Robert Wright & Co. moved to their present handsome store which was built especially for their own use. Some idea of the expansion of the business during this latter period may be obtained when it is noted that at the time of removal the store staff numbered less than twenty, while at present nearly a hundred people are employed. The store has also been enlarged three times to meet the requirements of an expanding business, and at present about 30,000 square feet of space are used, covering the four floor.

The business is well organized and systematized and there are some thirty-five separate departments, including most of the lines carried in a modern department store.

Two of the departments, the cloak room and the millinery parlors, are known as among the handsomest in the country. The former occupies a space 25x100 feet in the west annex main floor and is furnished entirely with handsome mahogany wardrobe and show cases and carpeted with axminster. The millinery parlors occupy 50x40 feet on the second floor all fixtures being white and the aisles carpeted with rugs.

The top floor is given over to the furniture and upholstering departments and the dress-making rooms.

The entire basement is devoted to housefurnishings which includes besides the rugs, carpets, etc., a complete kitchen department, also china, cut glass, silverware, cutlery, etc.

The dress goods and silk department has an ideal location in the rear annex of the main floor and has windows on both sides and a large skylight overhead.

Besides the regular lines of dry goods on the main floor, there is a splendid stationery and book department, one of the most attractive and successful sections of the establishment.

During the past fifteen years Mr. Wright has been a direct importer of European goods, making the foreign trip personally each summer. Last year this duty was delegated to Robert Wright Jr., who will in future make the trip and fill the position of buyer for the store. Mr. Wright has also three other sons in the business, George A. Wright, who is manager and advertising man, A. I. Wright, manager of men's department, and W. D. Wright, manager of house furnishing section.

STEVENS-ARMSTRONG

The home of Mr. and Mrs. D. F. Armstrong, Mallorytown, was the scene of a very pretty wedding, Wednesday of last week, when their only daughter, Miss Bessie Leona, was united in marriage to Mr. William Chester Stevens, son of Mr. and Mrs. Archibald Stevens of Phillipsville, by the Rev. C. E. A. Pocock, Presbyterian minister of Lyn.

The bride was attired in white satin with pearl and lace trimmings and carried a shower bouquet of white roses. Miss Ethel May Stevens, sister of the groom, was bridesmaid and was attired in Alice blue silk and carried pink carnations. Mr. Stevens was ably supported by Fred G. Armstrong, brother of the bride.

After the ceremony the guests sat down to a sumptuous repast, when the health of the bride was proposed by Rev. Mr. Pocock and ably responded to by the groom. Mrs. Stevens' popularity was testified by the number of useful and costly presents she received. The gift of the groom to the bride was a diamond and pearl pendant and to the bride's maid a pearl ring, and a tie pin to the best man, and to the pianist Miss A. McLean, a gold necklet.

Mr. and Mrs. Stevens left on a honeymoon trip to Chicago, "in their new automobile, and on their return will reside at Phillipsville. Mrs. Stevens left in a blue serge tailor made suit with hat to match. Mr. Armstrong gave her a piano and Mr. Stevens a substantial cheque.

JUNE ROD AND GUN

The most interesting portion of the fine story of the trip to Hudson's Bay via the Albany River, by W. J. Malone appears in the June issue of the Rod and Gun in Canada, published by W. J. Theobald, Limited, Woodstock, Ontario. The trip was quite an adventurous one and is written in a spirit of thorough appreciation of the beau-

ties and allurements of the wild and of the advantages enjoyed by one able to go so far from the beaten track. The interest is deepened by Mr. Malone's treatment of the theme, and the fine illustrations accompanying the narrative. As maskinonge fishing opens in the middle of the month, two papers dealing with the maskinonge fishing in the Kawartha Lakes and in the St. Lawrence are most appropriate. The vacationist will turn to Summer Holidays and Where to Spend Them, while many lovers of firearms will read Comparing 12, 16 and 20 Bore Guns by F. H. Conover and note the illustrations with interest born of enthusiasm. A paper on Game Law Violators who commit offences in one province and escape punishment by going to another, raises a question that will have to be settled sooner or later and which, in the interests of the game, should be settled without undue delay.

Grateful Appreciation

Through the medium of the Reporter, Mr. R. Finley of Charleston desires to express his gratitude to friends and neighbors for their practical sympathy when his barn was destroyed by fire and for their ready response when their help was required at the raising of the new barn.

Mrs. Finley is also gratefully appreciative of the many acts of kindness of which she has been the recipient from the ladies of the neighborhood.

Mr. B. Danby and daughter Mary, visited friends at Lyndhurst recently. John S. McConkey, Brockville, and Mr. Laughlin, Ottawa, were recent visitors at T. J. Erye's.

A New Firm

Brockville Times: Attention is called to the new firm of Johnston & Boyce, who have taken over the house furnishing business until now carried on by Charles E. Johnston & Co. Mr. Johnston still continues the senior member of the new partner, the business has added materially to its financial strength. Mr. Boyce is well and favorably known. He is a native of Athens, and for a number of years was a commercial traveller, but for last six or seven years has been successfully carrying on at Williamsburg, Ont., a furniture and undertaking business which he leaves to go into partnership with Mr. Johnston. Mr. Johnston is a Brockville boy and one of its brightest young business men. We predict a prosperous future for this enterprising young firm.

A Church View

The last General Conference of the Methodist Church passed the following resolution:

That the liquor traffic is a business antagonistic to every interest of the Church and State.

That civic righteousness demands the extermination of a traffic so fruitful of corruption in every department of Civil Government.

Whilst prohibition is the unchanging purpose of the Methodist Church, we

\$3,600
in Cash Prizes for Farmers
Your Photograph May Win a Prize

AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, failing this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 160 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly. Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.

Please send Coupon, Circular and book.

When you pull down the town in which is your home, you are pulling down yours—It, and when you build up you are building up yourself and your neighbor. Try and banish from your mind the idea that all good things are away off in some other locality. Give your town all the praise it can legitimately bear. It will certainly do you no harm and will cost you nothing and above all patronize your home institutions—including the printing office.
