Mugwump Journal continued

disuse. Congratulations, by the way, to John Bosnitch for obtaining all the student jobs for this computer project and the many other projects run out of the Student Office this summer.

59.59.59.59.59.59.59.59.59.

Congratulations are not in order for Bosnitch's employment practices with regard to CSL. It seems that hiring is done on a very spur-of-the moment basis. Some of the rumours make me shudder—maybe John, you should have taken a management course.

The management, or lack

established may fall into thereof, I am talking about is primarily concerned with the running of the "Exchange" in the SUB. The Brunswickan will be covering this issue in more depth in weeks to come-but meanwhile I would encourage all students to take advantage of the "Exchange". You will find great savings on school supplies, junk food and text books. Support must be shown for the Exchange because rumour abounds that it may be forcibly shut down-this is because it may be in violation of monopoly and contractual regulations.

The Student Union Building is often touted as, "The students' building." The university administration is ready to pounce though if the students should wander ever so slightly off the straight and narrow path. The administration must learn to keep hands off.

The appointment of Dr. Shaw by President Downey to prepare a report on SUB operations was a regresive step. If the students mismanage the SUB to the students' dissatisfaction, let the students voice their concern using normal democratic procedures. The building is not about to be

blown up.

In this matter though, the actions of Prsident Bosnitch and his associates are far from guilt-free. Bosnitch has been throwing his weight around conducting, "purges," of staff over the summer among other things.

I will not dwell though on what actions were taken. The really serious problem is the timing of these radical moves. The changes were made when no media could, expose what was going on, and when the SRC was not meeting on a regular basis.

John, have I not heard you

complaining about others taking actions when students are away for the summer?

59,59,59,59,59,59,59,59,59

On the topic of the SUB ... the place, particularly the blue lounge, is transformed regularly into a dump by students. thoughtless Students: please adhere to the unposted no-smoking regulations, and place your garbage in containers. Management: advertise and enforce the regulations in the blue lounge and throughout the building, and provide better garbage disposal facilities.

Much money has been spent renovating the SUB; lets show that we appreciate all the work that has been done.

5.5.5.5.5.5.5.5.5.5.5.5.5.5.5.5.5

As a member of the university community, if you have a complaint I would urge you to air it. Although many issues can be dealt with by visiting the Dean of Students or some other individual, the old remedy of bad publicity often gets action fast. I would encourage everyone to write letters to the editor or write about pressing issues for the Brunswickan as news so that the whole university will know what is going on.

The following will serve as an example of an issue that, although concerned with a localised part of the university, should be discussed with all, in

public: The students of the School of Computer Science have had their lounge appropriated for other uses. Students in most faculties have facilities where they can study, meet their colleagues and relax between classes. The university should be providing more such facilities rather than removing them. In some universities, senior students are given their own desks or even their own offices. Lounge facilities are an essential component of a university environment—and libraries will not fit the bill because there is too much restriction on activity there and hours are limited.

59.59.59.59.59.59.59.59.59.59

Student issues and the university decision making process ... a constant situation of bogging down. Where is Om-University the budsman—another year has passed and we continue with the Dean of Students in a conflict of interest.

The complaints and conflicts that abound at UNB would provide ample justification for a full-time ombudsman. This issue must be resolved; the roadblock is the university administration. It is time we call on the adminstration to give concrete reasons why there should not be an ombudsman. Do you feel threatened?

FIRST DRAW DATE: OCTOBER 17, 1984 SECOND & THIRD DRAWS: NOVEMBER 28, 1984, FEBRUARY 20, 1985 MAKE

	IN THE	LONG DISTANCE CONTEST
ove completed three calls, it	NE HAPPY LONG	1. To enter print your name, address and telephone number on an official Telecom Canada entry form or a 3 x 5 plain piece of paper Also, print telephone numbers (including area codes) and dates of three (3) Long Distance calls "completed between August 15"984 and February 20, 1985. Each group of three (3) completed Long Distance calls may be entered only once. OR.
